AGENDA BILL

Agenda Item No. 6.A.

Date: September 16, 2025
To: El Cerrito City Council
From: Shannon Bassi, Human Resources Manager, City Management
Subject: El Cerrito Students Training and Ready for Success (EC STARS) Program

ACTION PROPOSED

Receive and file a presentation from City and West Contra Costa County School District (WCCUSD) program representatives as well as 2025 student participants on the EC STARS Internship Program.

BACKGROUND/ANALYSIS

2025 marks the 8th year of the El Cerrito Students Training and Ready for Success Program, also known as EC STARS. This program is a summer internship program in partnership with the Information Technology and the Media Academies at El Cerrito High School. This year, there were seven interns working in the following City Departments:

Department/Division	Intern	Mentor(s)
City Clerk's Office	Daniel Betanzos	City Clerk Holly Charl��ty Management Assistant Lina Huang
City Manager's Office	Adam Feiszli	Assistant to the City Manager Will Provost
Community Development Department	Noor Mariam	Sr. Program Manager Aissia Ashoori Management Assistant Jen Bright
Information Technology	Jonah Graves	IT Manager Eric Ng Network Engineer Luz Mora-Reyes
Fire Department	William Bowden Lilia Edgell	Captain Thomas Wade
Recreation Department	Lydia Boreen	Recreation Supervisor Bridget Cooney

The EC STARS program continues to offer students learning opportunities in a variety of fields, while enriching public service for the City. The primary goal of the EC STARS Internship Program is to have a positive impact on youth by connecting them to local government employment through skill building. City staff strive to ensure that the students have a clear understanding of basic employment rules and requirements, employer goals and expectations, and obtain the necessary information to perform well in a structured educational setting as well as on the job.

The program strives to:

- Enhance the basic educational skills of the students
- Encourage school completion
- Offer part-time work
- Expose youth to career options and opportunities
- Direction to enter into career paths
- Divert youth from anti-social behavior
- Assist youth with interpersonal relations
- Enhance other 21st Century skills

Projects & Experience Gained

Helped design and launch the new City Employee Intranet and aimed to make it as user friendly as possible!

Redesigned the City's Communication Templates, aligning with the domain migration.

Helped fix outdated City website links and email addresses in anticipation of the new website and email domains.

Gathered footage from around the El Cerrito Community, such as the Hillside Natural Area and the new Pickleball Courts to help with public outreach.

What I Have Learned Through This Experience!

Spending time working with the City has taught me a great deal about the importance of local government.

Thanks to this internship, I've learned how to work in an office environment, the basics of graphic design, and how to design and build a website.

I have also learned invaluable lessons in communication (how to be professional during a meeting), responsibility (editing our City website), and public outreach (helping with social media).

Thank You!

- To Will Provost my mentor
- The City of El Cerrito
- Everyone I worked with at City Hall!
- I'm very grateful to have had such an opportunity - I learned and grew a lot from this experience. Thank you!

Insight On
How Local
Government
Functions

Thank You!

I am truly beyond grateful for the opportunity to intern with the Community Development Department. It has been an insightful experience thanks to the support of my two supervisors, the welcoming staff, and the chance to contribute to the City and community. This experience has taught me a lot about local government, and I deeply appreciate the open hearts and guidance along the way. Couldn't have asked for a better experience!

EL CERRITO CITY COUNCIL PROCLAMATION
Designating September 15, 2025 – October 15, 2025 as
Hispanic Heritage Month

WHEREAS, each year, the federal government and local governments observe National Hispanic Heritage Month as the period from September 15 to October 15, by recognizing and celebrating the histories, cultures, and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and Central and South America; and

WHEREAS, September 15th is significant as a starting date for Hispanic Heritage month because it is the anniversary of independence for the Latin American countries of Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua. In addition, Mexico and Chile celebrate their independence on September 16th and September 18th respectively; and

WHEREAS, Hispanics are the largest ethnic group in the State of California and at nearly 19.5%, which translates to roughly 65.2 million people of the United States population in 2023, make up the largest ethnic or race minority group in America; and

WHEREAS, Hispanics have made innumerable contributions to the El Cerrito community, and it is important the City recognize and celebrate the diverse histories and cultures of the Hispanic population.

NOW THEREFORE, the City Council of the City of El Cerrito does hereby proclaim the period of September 15, 2025 – October 15, 2025, as Hispanic Heritage Month in the City of El Cerrito in recognition of the many contributions Hispanics have made both locally and nationally, and to promote greater awareness of the rich history and culture of the Hispanic community.

EL CERRITO CITY COUNCIL PROCLAMATION
Recognizing September as Suicide Prevention Awareness Month

WHEREAS, September is known around the United States as “National Suicide Prevention Awareness Month”; and

WHEREAS, most of us are quite aware of suicide. Suicide Prevention Awareness Month is intended to help promote and give attention to the Suicide Prevention services available to us and our community. The goal is to speak openly about the topic of suicide to help erase the stigma surrounding it, and to direct those in need to the appropriate support services; and

WHEREAS, suicide is the 11th leading cause of death in the US, and on average, there are 135 suicides per day; and

WHEREAS, according to the American Foundation for Suicide Prevention, 49,316 Americans died by suicide and an estimated 1.5 million suicide attempts in the year 2023; and

WHEREAS, suicidal thoughts can affect anyone regardless of age, gender, race, orientation, income level, religion, or background; and

WHEREAS, local organizations like the [Contra Costa Crisis Center](#) and national organizations like the [National Alliance on Mental Illness](#) and the [American Foundation for Suicide Prevention](#) are on the front lines of a war that many still refuse to discuss, as suicide and mental illness remain too uncomfortable of a topic to talk about; and

WHEREAS, every member of our community should understand that throughout life’s struggles we all need the occasional reminder that we are all fighting our own battles; and

WHEREAS, the City Council of the City of El Cerrito encourages all residents to take the time to check in with their family, friends, and neighbors on regular basis and to honestly communicate their appreciation for their existence by any gesture they deem appropriate. A simple phone call, message, handshake, or hug can go a long way towards helping someone realize that suicide is not the answer.

NOW THEREFORE, the City Council of the City of El Cerrito does hereby proclaim the month of September 2025 as National Suicide Prevention Awareness Month in the City of El Cerrito.

EL CERRITO CITY COUNCIL PROCLAMATION
Recognizing September as Childhood Cancer Awareness Month

WHEREAS, childhood cancer is the leading cause of death by disease in children, and 1 in 285 children in the United States will be diagnosed by their 20th birthday; and

WHEREAS, 46 children per day or 16,790 children per year are diagnosed with cancer in the U.S. and the average age of diagnosis is 6 years old; and

WHEREAS, 80% of childhood cancer patients are diagnosed late and with metastatic disease; and

WHEREAS, on average there's been a 0.6 percent increase in incidence per year since the mid 1970's resulting in an overall incidence increase of 24 percent over the last 40 years; and

WHEREAS, two-thirds of childhood cancer patients will have chronic health conditions as a result of their treatment toxicity, with one quarter being classified as severe to life-threatening; and

WHEREAS, approximately one half of childhood cancer families rate the associated financial toxicity due to out-of-pocket expenses as considerable to severe; and

WHEREAS, in the last 30 years only six new drugs have been approved by the FDA to specifically treat childhood cancer; and

WHEREAS, the National Cancer Institute recognizes the unique research needs of childhood cancer and the associated need for increased funding to carry this out; and

WHEREAS, hundreds of non-profit organizations at the local and national level are helping children with cancer and their families cope through educational, emotional and financial support; and

WHEREAS, researchers and healthcare professionals work diligently dedicating their expertise to treat and cure children with cancer; and

WHEREAS, too many children are affected by this deadly disease and more must be done to raise awareness and find a cure.

NOW THEREFORE, the City Council of the City of El Cerrito does hereby recognize the month of September 2025 as Childhood Cancer Awareness Month and supports this cause that so deeply impacts families in every community across our country.

[Pursuant to Resolution 2024-16](#)

MISSION STATEMENT:

There shall be a park and recreation commission. It shall have the powers and duties stated below, and such others as the council may decide:

- A. To act in an advisory capacity to the council and the city manager on all matters pertaining to public recreation, including parks, playgrounds, landscaping within the boundaries of parks, playgrounds and recreational facilities, child care, educational courses, and entertainment;
- B. To make recommendations regarding the annual budget, within its scope of concern, to the city manager and the council;
- C. To make recommendations to the council, annually, concerning fees for city sponsored programs;
- D. To assist in planning recreation programs for the residents of the city, to promote public interest therein, and to solicit the cooperation of other public and private agencies;
- E. To make recommendations to the council regarding present and future needs for park and recreation facilities.

(Ord. 2007-12 § 1, 2007: Ord. 92-2 Div. 2 (part), 1992.)

HISTORICAL BACKGROUND: El Cerrito's Parks Commission was created in 1946 by the City Council. In 1949 a combined Park and Recreation Commission was created. The commission has been active ever since in all major park and recreation facility projects and plans. They regularly review the City's annual Capital Improvement Program, the Recreation Department's budget and the Recreation Department's Master Fee Schedule. The Commission was instrumental in the public process that ultimately saw the approval of Measure A in 2000 for the reconstruction of the El Cerrito Swim Center and other ADA related parks projects. Commissioners have reviewed and made recommendations on all major related planning efforts including the Ohlone Greenway Master Plan, Urban Forest Plan, Urban Greening Plan, Climate Adaptation and Action Plan, the Hillside Natural Area Fire Resilience and Forest Conservation Management Plan and others. The Commission helped develop the Parks and Recreation Facilities Master Plan in 2019 which helped with the approval of Measure H later that year to continue funding for parks and recreation facilities. Since Measure H was passed, the Commission has carefully monitored the spending from this fund as well as the implementation of the Master Plan.

MISSION STATEMENT: Budgeting and long-term financial planning review and recommendations. ECMC 2.04.300

HISTORICAL BACKGROUND: Established in 200 with ordinance amendments in 2007, 2010, 2012.

Goal/Objective	Activities Supporting Goal	Status
Created Work Plan for FY25-27 – Submitted to Council	Subcommittee and Council Participation	Complete
Submitted budget cycle recommendations to City Council to agendize an item to discuss 1. Setting aside 2% of the general fund to fund one-time expenses, 2. Establish Internal Service Funds, and 3. Acknowledge that we are expected to go below our 17% threshold in FY27-28.	FAB and Council Participation	Awaiting Council Response.
Review Section 115 Trust performance and allocation.	Financial Advisory Board Meetings	Complete
Established ad hoc committee to update Purchase Ordinance (last revised in 1988). Made recommendations to Procurement Ordinance.	FAB and City Staff Participation	Awaiting Staff Response

Appointed student member of FAB	Financial Advisory Board Meetings	Complete
Had discussion that the City develop and publish a clear annual budget cycle plan with key responsibilities and milestones. This will improve coordination, increase transparency, enable more meaningful participation from the Financial Advisory Board, and support better decision making. No recommendation made.	Financial Advisory Board Meetings	In progress
Advocate to fill all five FAB seats.	FAB and Council Participation	Complete

Notes: The Financial Advisory Board meets just once a month. Despite three of the twelve scheduled meetings being canceled due to lack of quorum, the board still achieved several accomplishments. With consistent access to requested information, the FAB could accomplish even more.

Accomplishments adopted on August 26, 2025 by the following vote:

AGENDA BILL

Agenda Item No. 7.F.

Date: September 16, 2025
To: El Cerrito City Council
From: Crystal Reams, Finance Director/City Treasurer, Finance Department
Subject: Monthly Disbursement and Check Register Report for August 2025

ACTION PROPOSED

Receive and file the Monthly Disbursement and Check Register Report for the month of August 2025.

BACKGROUND/ANALYSIS

California Government Code, Title 4. Government of Cities, Division 3, Part 3, Chapter 3, Section 41004 states, "Regularly, at least once each month, the city treasurer shall submit to the city clerk a written report and accounting of all receipts, disbursements, and fund balances. The city treasurer shall file a copy with the legislative body." In addition, the City's Comprehensive Financial Policy, Item 5.1 Accounting Standards indicates the City's accounting and financial reporting systems shall be maintained in conformance with all state and federal laws.

- Month ending August 31, 2025, reflecting 273 Accounts Payable General Warrant Nos. 93939 through 94211, 37 Automated Clearing House/Electronic Funds Transfer (ACH/EFT) transactions, and 710 payroll-related checks and EFTs for a grand total of \$5,837,171.23.

STRATEGIC PLAN CONSIDERATIONS

The City's Comprehensive Financial Policy, which includes ensuring policies, procedures, and systems represent best practices in financial management, is aligned with requirements referenced in California Government Code, Title 4, Chapter 3, Section 41004.

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *High Performing Organization* by ensuring the City maintains a strong financial position and a high-performing organization where employees feel a sense of inclusion and belonging.

ENVIRONMENTAL CONSIDERATIONS

This section is not applicable to this agenda item.

FINANCIAL CONSIDERATIONS

There is no fiscal impact associated with acceptance of the Monthly Disbursement and Check Register Report.

LEGAL CONSIDERATIONS

This section is not applicable to this agenda item.

AGENDA BILL

Agenda Item No. 9.A.

Date: September 16, 2025
To: El Cerrito City Council
From: Holly M. Charl  ty, City Clerk, City Management; Crystal Reams, Finance Director/City Treasurer, Finance Department
Subject: SUCCESSOR AGENCY ITEM Dissolution of the Successor Agency to the Redevelopment Agency of El Cerrito

ACTION PROPOSED

Adopt a Resolution to approve the Dissolution of the Successor Agency to the Redevelopment Agency of El Cerrito.

BACKGROUND

On May 20, 1974, the City of El Cerrito established a Redevelopment Agency (RDA) within the City of El Cerrito to help support infrastructure improvements, fund affordable housing, eliminate blight, and generate economic development by providing more affordable financing options for redevelopment projects.

In June 2011, the State of California enacted AB1x 26 (Dissolution Act) to dissolve all redevelopment agencies in the State of California and establish successor agencies to wind down the former redevelopment agencies' affairs. The Redevelopment Agency of El Cerrito was formally dissolved on February 1, 2012, and the City opted to serve as the Successor Agency to the RDA (Successor Agency). The Successor Agency's primary role has been to wind down the activities of the RDA and is limited by the requirements of the Dissolution Act. All actions taken by the Successor Agency are subject to approval by both the Oversight Board and the California Department of Finance (DOF).

The Oversight Board has fiduciary responsibility to both the holders of enforceable obligations and the taxing entities that benefit from the distribution of property tax and other revenue. The Oversight Board is responsible for overseeing the "winding down" process of the El Cerrito Redevelopment Agency. Initially, a local oversight board (City of El Cerrito Oversight Board) was established and managed by the City, consisting of seven members appointed by a variety of entities, as required under the Dissolution Act. However, this board was dissolved on June 30, 2018, and replaced by a Countywide Oversight Board effective January 1, 2019, to oversee all redevelopment successor agencies in Contra Costa County.

Once all obligations of the Successor Agency have been met, and all real property has been disposed of, the Successor Agency is eligible to begin the process of dissolution. The action requested tonight is the next step in the process, which includes adopting a resolution requesting authorization from the Countywide Oversight Board to formally dissolve.

ANALYSIS

The Successor Agency is a separate public entity and is not considered a component unit of the City of El Cerrito. The City did not assume ownership of the Successor Agency's assets or liabilities; rather, it elected to serve as the Agency's administrator. The Successor Agency is charged with disposing of the assets and using any revenues that would have gone to the former RDA to pay enforceable obligations. In El Cerrito's case, the non-cash assets transferred to the Successor Agency were of nominal value and the cash transferred was sufficient to meet the Successor Agency's short-term obligations.

The Dissolution Act provided a process for approving payments on the Successor Agency's enforceable obligations. Beginning with the 2016-17 fiscal year, the Successor Agency has been required to prepare an annual Recognized Obligation Payment Schedule (ROPS) covering the entire fiscal year. Each ROPS was subject to approval of an Oversight Board and the DOF. Once approved, the ROPS serves as the spending plan during that fiscal year. The County Auditor-Controller (CAC) disburses funds on January 2 and June 1 based on the approved ROPS. These funds are deposited in the Recognized Obligations Reserve Fund (RORF) and may only be used on items listed on the approved ROPS.

The most recent ROPS, covering period from July 1, 2025 to June 30, 2026, includes the final payments on the Successor Agency's enforceable obligations. The final payment was made as of September 1, 2025. As the Successor Agency has no real property remaining, and no outstanding litigation, pursuant to Health and Safety Code Section 34187(b), the Successor agency can pursue the following process to formally dissolve:

- Within 30 days of paying all enforceable obligations, disposing of all real property and resolving any outstanding litigation (the criteria listed in Health and Safety Code Section 34187(b)), submit a request to the Countywide Oversight Board (with a copy to the County Auditor-Controller).
The criteria were met as of September 1, 2025, and the Resolution attached represents the request to dissolve.
- The Countywide Oversight Board must approve the request within 30 days.
- Upon approval, the County Oversight Board must submit the request to the California Department of Finance (DOF), who must approve or deny the request within 30 days.
- Within 100 days of DOF approval, the Successor Agency must dispose of all remaining assets.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *High Performing Organization* by conserving city resources to achieve long-term sustainability, which includes ensuring policies, procedures, and systems represent best practices in financial management.

ENVIRONMENTAL CONSIDERATIONS

Pursuant to the California Environmental Quality Act (CEQA), based upon a review of the evidence and information presented on the matter as it relates to the dissolution of the Successor Agency, the Successor Agency's governing board has determined that approval of this Resolution will not result in a direct or indirect physical change in the environment, per CEQA Guideline Section 15378 (b)(5) of the and is exempt under Section 15061 (b)(3).

FINANCIAL CONSIDERATIONS

The Successor Agency will no longer receive an administrative budget from former tax increment to pay the costs of preparing the annual ROPS, administering the enforceable obligations and other reporting requirement of the Dissolution Law, but upon dissolution of the Successor Agency these functions will no longer be required.

LEGAL CONSIDERATIONS

City Staff worked with legal counsel who specializes in the area of Redevelopment, and counsel has reviewed and verified that the actions requested are consistent with all legal requirements.

SUCCESSOR AGENCY RESOLUTION 2025-01

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO ACTING AS THE SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF EL CERRITO APPROVING THE DISSOLUTION OF THE SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF EL CERRITO PURSUANT TO HEALTH AND SAFETY CODE SECTION 34187(b) AND MAKING SPECIFIED RELATED FINDINGS

WHEREAS, the Redevelopment Agency of the City of El Cerrito (the "Former Agency") was formed, existed and exercised its powers pursuant to the Community Redevelopment Law (California Health and Safety Code section 33000 et seq. the "CRL"); and

WHEREAS, the California state legislature enacted Assembly Bill 1x 26, as modified by Assembly Bill No. 1484 enacted on June 27, 2012, as further modified by Senate Bill No. 107 enacted on September 22, 2015, as such may be further amended (collectively, the "Dissolution Act"), adding or amending Parts 1.8 and 1.85 to Division 24 of the Health and Safety Code, to dissolve redevelopment agencies formed under the CRL; and

WHEREAS, pursuant to Section 34173 of the Health and Safety Code, effective February 1, 2012 the Successor Agency to the Redevelopment Agency of the City of El Cerrito, a separate legal entity (the "Successor Agency"), was formed to and charged with paying the enforceable obligations, disposing of the properties and other assets, and unwinding the affairs of the dissolved Former Agency; and

WHEREAS, upon dissolution of the Former Agency, all authority, rights, powers, duties and obligations previously vested with the Former Agency (except for the Former Agency's housing assets and functions) under the CRL vested in the Successor Agency, which was declared a separate legal entity effective June 27, 2012; and

WHEREAS, Section 34179 (j) of the Health and Safety Code provides for the appointment of a countywide oversight board (the "Countywide Oversight Board") with specific duties to approve certain Successor Agency actions pursuant to Section 34180 of the Health and Safety Code and to direct the Successor Agency in certain other actions pursuant to Section 34181 of the Health and Safety Code; and

WHEREAS, under Health and Safety Code Section 34187(b), "when all of the enforceable obligations have been retired or paid off, all real property has been disposed of pursuant to section 34181 or 34191.4, and all outstanding litigation has been resolved, the successor agency shall, within 30 days of meeting the aforementioned criteria, submit to the oversight board a request, with a copy of the request to the county Auditor - Controller, to formally dissolve the Successor Agency"; and

WHEREAS, as of September 1, 2025, the Successor Agency has retired or paid off all of the enforceable obligations of the Former Agency, all real property has been disposed of pursuant to Health and Safety Code Sections 34181 or 34191.4, and no litigation is outstanding, thereby satisfying the conditions of Health and Safety Code Section 34187(b); and

WHEREAS, the dissolution of the Successor Agency is for the benefit of all the taxing entities and will result in no further property taxes being allocated to the Redevelopment Property Tax Trust Fund, and pass-through payments will cease and result in the expeditious wind-down of the Successor Agency; and

WHEREAS, pursuant to the California Environmental Quality Act (CEQA), based upon a review of the evidence and information presented on the matter as it relates to the dissolution of the Successor Agency, the Successor Agency has determined that such approval is exempt from the California Environmental Quality Act (CEQA) Section 15061(b)(3) as it can be seen with certainty that there is no possibility that this proposal will have a significant impact on the environment; and

WHEREAS, within 30 days of meeting the criteria for dissolution under of Health and Safety Code Section 34187(b) the Successor Agency must submit to the Consolidated Oversight Board, with a copy to the County Auditor - Controller for the County of Contra Costa, a request to formally dissolve the Successor Agency; and

WHEREAS, the Consolidated Oversight Board must approve the request within 30 days; and

WHEREAS, upon approval of the Consolidated Oversight Board's action approving the Successor Agency's request to dissolve, the Consolidated Oversight Board must submit the request to the California Department of Finance ("Department") which has 30 days to approve or deny the request; and

WHEREAS, within 100 days of approval of the request to dissolve by the Department the Successor Agency is required to dispose of all remaining assets as directed by the Consolidated Oversight Board, transferring the proceeds from such disposition to the County Auditor - Controller for the County of Contra Costa and notify the Consolidated Oversight Board when all assets have been disposed of.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of El Cerrito acting as the Successor Agency to the Redevelopment Agency of El Cerrito that it hereby finds, resolves, and determines that the foregoing recitals are true and correct and are incorporated herein by reference, and together with information provided by the City and Successor Agency staff and the public, form the basis for the approvals, findings, resolutions, and determinations set forth below:

1. Pursuant to the California Environmental Quality Act (CEQA), based upon a review of the evidence and information presented on the matter as it relates to the dissolution of the Successor Agency, the Successor Agency's governing board has determined that approval of this Resolution will not result in a direct or indirect physical change in the environment, per CEQA Guideline Section 15378 (b)(5) of the and is exempt under Section 15061 (b)(3).
2. The Successor Agency's governing board hereby finds that it is in the best interest of the taxing entities to dissolve the Successor Agency and that all of the conditions set forth in Health and Safety Code Section 34187(b) have been satisfied.
3. The Successor Agency's governing board hereby approves the dissolution of the Successor Agency, in the manner specified herein, and hereby authorizes and directs the Executive Director of the Successor Agency, or the Successor Agency Executive Director's designees, to take all actions, give any required notices and sign any and all documents necessary to implement and effectuate the actions approved by this Resolution as determined necessary by the Successor Agency's Executive Director, or the Successor Agency's Executive Director's designee, including but not limited to the disposition of any remaining assets of the of the Successor Agency in accordance with Health and Safety Code Section 34187.
4. If any provision of this Resolution or the application of any such provision to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Resolution that can be given effect without the invalid provision or application, and to this end the provisions of this Resolution are severable. The Successor Agency's governing board declares that it would have adopted this Resolution irrespective of the invalidity of any particular portion of this Resolution.
5. The Successor Agency's governing board hereby authorizes and directs the Successor Agency staff to take all actions necessary under the Dissolution Act to file, post, mail or otherwise deliver via electronic mail, internet posting, and/or hardcopy, all notices and transmittals necessary or convenient in connection with the approval of this Resolution.
6. In accordance with Health and Safety Code Section 34187(b), the Successor Agency staff is directed to submit to the Countywide Oversight Board and to the County Auditor - Controller for the County of Contra Costa a copy of this Resolution, which shall serve as the formal request to dissolve the Successor Agency.

BE IT FURTHER RESOLVED that this resolution shall become effective immediately upon its passage and adoption.

I CERTIFY that at the special meeting on September 16, 2025, the City Council of the City of El Cerrito acting as the Successor Agency to the Redevelopment Agency of El Cerrito passed this resolution by the following vote:

AYES: Councilmembers

AGENDA BILL

Agenda Item No. 9.B.

Date: September 16, 2025
To: El Cerrito City Council
From: Claire Coleman, Budget and Financial Services Manager; Crystal Reams, Finance Director/City Treasurer, Finance Department
Subject: FY 2024-25 Fourth Quarter General Fund Budget Quarterly Update through June 30, 2025

ACTION PROPOSED

Receive and file an update on City General Fund revenues and expenses for FY 2024-25 through June 30, 2025.

BACKGROUND AND ANALYSIS

The El Cerrito City Council adopted an annual Budget for FY 2024-25 on June 18, 2024, as part of the FY 2024-25 and 2025-26 Biennial Budget. The Council has closely monitored the City's budget and financial position and directed City staff to submit quarterly General Fund financial update reports. The attached FY 2024-25 Fourth Quarter General Fund Update reflects the unaudited year-end projections and includes estimated final expenditures.

The report shows the unaudited General Fund revenues at \$54,399,021 (105% of budget) and expenditures, including estimated year-end accruals, at a total of \$52,816,039 (98% of budget). The projected unaudited year-end total General Fund Balance is estimated to be \$24,476,320. This includes \$7.5 million designated for the Emergency Disaster Relief Fund (EDRF) and \$2.9 million in the Section 115 Trust, and represents 40% of expenditures (excluding the Section 115 Pension Trust) and 45.5% (including the Section 115 Pension Trust).

Staff have calculated these numbers based on the most current information as of the date of the report, but it is important to note that these numbers are unaudited and are subject to change. During the completion of the fiscal year-end close, which is underway, and during the annual independent audit, which is set to take place the first week in October, there may be adjustments to both revenue and expenditures with the verified year-end totals to be included in the Annual Comprehensive Financial Report (ACFR) once it is completed.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *High Performing Organization* by ensuring the City maintains a strong financial position – and will allow the City Manager to develop a plan to ensure that Citywide revenue meets the cost of providing Citywide services, including

adequate reserves in the face of significant unanticipated revenue shortfalls. It further ensures procedures that represent best practices in financial management.

ENVIRONMENTAL CONSIDERATIONS

FINANCIAL CONSIDERATIONS

The unaudited FY 2024-25 General Fund Fourth Quarter Update reflects revenues totaling \$54.4 million (105% of budget), and expenditures of a total of \$52.8 million (98% of budget). The projected unaudited year-end total fund balance is estimated to be \$24.8 million; this includes \$7.5 million designated for the EDRF and \$2.9 million in the Section 115 Trust.

1. FY 2024-25 4th Quarter General Fund Update

General Fund Budget Update

Quarter 4 FY 2024-25

04/01/2025 – 06/30/2025

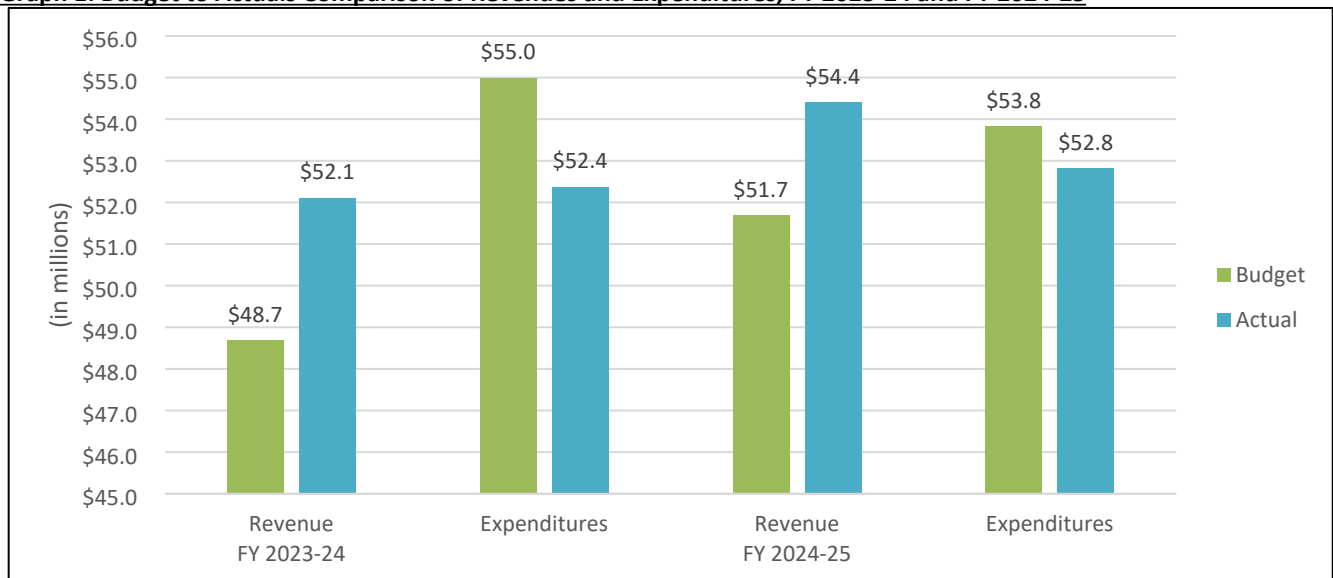

EXECUTIVE SUMMARY

The City of El Cerrito is pleased to submit the fiscal year (FY) 2024-25 Fourth Quarter General Fund Budget Update for the period of April 1 through June 30, 2025. This report provides a high-level overview of the City's budget status, including how revenues and expenditures compared to the budget. All results are preliminary and will be finalized as part of the annual audit process.

The City ended the year with stronger-than-expected revenues and prudent spending, resulting in a healthy surplus. For the year, General Fund revenues totaled \$54.4 million, or 105% of budgeted values, while unaudited expenditures ended the year at \$52.8 million, or 98% of budgeted values, equating to a projected \$1.6 million surplus for Fiscal Year 2024-25. The projected ending General Fund balance as a result of the surplus is estimated at \$24.5 million, increasing the City's General Fund reserve balance to 45.5% of expenditures.

Graph 1 shows the overall comparison of budget-to-actuals in FY 2023-24 and FY 2024-25.

Graph 1: Budget to Actuals Comparison of Revenues and Expenditures, FY 2023-24 and FY 2024-25

These results are preliminary, as staff are currently working to complete the annual year-close and audit process. Final audited results will be brought to the City Council and public for review in early 2026 after the annual audit is complete.

BUDGET-TO-ACTUALS RESULTS

During the budget development process, the Finance Department aims to develop revenue and expenditure projections that are as accurate as possible to ensure the City's long-term financial sustainability. In each revenue and expenditure table, one column shows how actual results compared to the budget in FY 2023-24, and another

column reflects the same for FY 2024-25. These columns show the level of budget accuracy – how close the actuals were to the budgeted amounts. In FY 2023-24, actual revenues were 7% above budget and actual expenditures were 5% below budget. In FY 2024-25, preliminary actual revenues were 5% above budget and preliminary expenditures were 2% below budget.

During budget development for FY 2023-24, the City was still experiencing residual impacts from the COVID-19 pandemic, which created lingering economic uncertainty. At the same time, the Finance Department had significant vacancies, including both the Finance Director/City Treasurer and Budget/Financial Services Manager positions. Staff across different departments collaborated to develop a budget using the best information available at the time. However, many revenues ended up significantly outpacing budget for the fiscal year. During the biennial budget development process for FY 2024-25 and FY 2025-26, the now fully-staffed Finance Department, in collaboration with the City Manager’s Office and all departments, overhauled the revenue forecasting and budgeting process. This included incorporating custom expert forecasts in key areas where available at little or no additional cost to the City. As a result, the preliminary FY 2024-25 budget-to-actuals results show revenues that align much closer to budget than the prior fiscal year, reflecting a higher degree of budgeting accuracy.

The final column in each table shows the percent change in actuals year-over-year, which reflects the total amount that revenues changed from FY 2023-24 to FY 2024-25. While these numbers are preliminary for FY 2024-25 until the annual audit is complete, the results reflect increases in most major revenue types. Detail by revenue type is presented in the next section.

GENERAL FUND REVENUES

For FY 2024-25, General Fund revenues exceeded budget by approximately 5% across all revenue categories. Combined tax revenues were 4% above budget.

Table 1 shows General Fund revenues by classification for FY 2023-24 and FY 2024-25.

Taxes

Property Taxes exceeded budget by 2%. The large increase in property taxes from FY 2023-24 to FY 2024-25 is primarily due to a reclassification of Property Tax-in-Lieu-of-Vehicle License Fee (VLF) revenues, which had previously been classified as Intergovernmental revenues. This reclassification also explains the large decrease

in Intergovernmental revenues for the same period. Staff develop the revenue projections for Property and Sales/Transactions and Use Taxes using customized forecasts developed by HdL. Property taxes are a highly stable revenue source that rarely declines year over year, while Sales Taxes are much more volatile and harder to forecast.

Sales and Use Taxes exceeded budget by 7% in FY 2024-25, while Measure R Transactions and Use Tax (TUT) revenues received were below budget by 3%. The first is the 1% Bradley Burns sales tax, which is reported separately from the Measure R TUT. While the two forms of sales tax have many similarities, there are slight differences in how they are applied to online purchases, resulting in the difference in performance. The 1% Bradley Burns sales tax exceeded budget primarily due to an adjustment in countywide pools during the fiscal year. In FY 2024-25, El Cerrito outperformed statewide and local trends in sales taxes, largely due to strong local business performance, local online purchasing, and El Cerrito's unique balance of types of businesses. Despite this, HdL recommends continued caution given current economic uncertainty. HdL suggests that some of the strong sales tax returns this summer may reflect panic buying ahead of potential tariff increases, and the potential for a broader economic downturn in the near future.

Transient Occupancy Taxes (TOT), also known as hotel taxes, comprise a very small component of El Cerrito's budget. This is due to the small number of hotel/motel businesses in the city. Staff revised projected TOT revenues down to \$100,000 during the FY 2024-25 budget process based on trends, and actual revenues received exceeded this revised budget by 15%. Absent a new hotel or motel business, or a change in the tax rate after a vote of the public, this will remain a small revenue source in El Cerrito.

Business License Taxes came in almost exactly on budget for FY 2024-25 and increased 4% over the prior fiscal year. Business license taxes are paid primarily at the beginning of the fiscal year by anyone doing business in El Cerrito. As per El Cerrito Municipal Code, the Business License Tax rate increases by inflation as calculated by the change in consumer price index (CPI) each fiscal year.

Property Transfer Taxes (RPTT) exceeded budget by 7% in FY 2024-25, an increase of 2% over the prior fiscal year. Staff decreased the revenue budget for RPTT from the prior fiscal year due to a trend of decreasing revenue of this type and a challenging housing market. While the housing market continues to stagnate due to high interest rates and economic uncertainty, a steady number of properties continue to change ownership annually. The City does not receive an expert forecast for estimating Property Transfer Tax. Given that RPTT is a highly volatile and unpredictable revenue source, staff continue to monitor market trends and aim to budget reasonably but conservatively in this area.

Utility Users Taxes (UUT) exceeded budget by 14% for FY 2024-25 due to increasing water and electrical rates. Telecom UUT revenues continue to decline as residents "cut the cord" and eliminate cable television subscriptions and landline use. Staff develop the revenue budget for UUT using historic receipts and trends, but mid-year utility rate changes by PG&E and unpredictable utility usage rates make forecasting challenging. In 2024, El Cerrito contracted with HdL for UUT administration and collections services, improving both revenue capture and forecasting accuracy.

Other Revenue

While taxes comprise the majority of El Cerrito's revenues, other revenue sources also provide important funds for services.

- **Licenses and Permits** primarily reflect Community Development permits (building, electrical, mechanical, plumbing). Projections are developed with the Community Development Director, adjusting annually for larger projects. The FY 2023-24 budget was increased to \$1.2M based on demand, then reduced to \$1M in FY 2024-25. FY 2023-24 ended at 99% of budget, while FY 2024-25 is currently at 140% of budget. No budget amendments were made to account for the revenue increase. FY 2024-25 revenue was \$141,672 higher than FY 2023-24. Increased revenues in this category are typically offset

by increased expenses (e.g., permit review), since these revenues are limited to cost recovery.

- **Fines & Forfeitures** ended the year 31% above budget. This category includes vehicle citation fees and fines and penalties for late payment of taxes. Staff had decreased the budgeted revenues for FY 2024-25 compared with prior years due to expected Police Department vacancies, but actual citation activity exceeded budget by 60%. Other forms of fines and forfeitures exceed budget by 30% due to penalties received from HdL's enforcement of utility tax payment deadlines.
- **Use of Money and Property** includes interest income and rental charges. The budget increased from \$584,000 in FY 2023-24 to \$957,000 in FY 2024-25 after a trend analysis showed that the prior budget was overly conservative. Revenues exceeded budget by 31% in FY 2024-25 due to high interest rates and strong market returns. However, interest income continues to be budgeted conservatively due to market volatility.
- **Intergovernmental Revenues** include state reimbursements and funds from other governmental agencies. Intergovernmental revenues ended the year 16% above budget due to higher-than-budgeted state reimbursements for Fire Department support of California Office of Emergency Services (OES) activities and police officer training reimbursed under the California Police Officer Standards and Training (POST) program. This category decreased significantly from FY 2023-24 to FY 2024-25 due to the reclassification of Property Tax-In-Lieu-of-VLF revenues to the Property Tax category in FY 2024-25.
- **Charges for Services** include fees and rentals, including recreation program fees, planning and inspection fees, and other charges for service citywide. This category ended the year 5% below budget primarily due to low permit and inspection activity in the Community Development and Public Works departments.
- **Other Revenue** includes donations, sales of property, some insurance claim reimbursements, and cannabis revenues. This category ended the year 16% above budget due to higher-than-budgeted cannabis revenues and some small insurance claim reimbursements.
- **Other Financing Sources** includes transfers in from other funds for overhead costs supported by the General Fund. This category is largely determined at budget development and ended the year very close to budget.

Table 2 shows General Fund revenues by department for FY 2023-24 and FY 2024-25. The large majority of revenues are received in Non-departmental, primarily from taxes collected. Revenues received in the Community Development and Recreation Departments are primarily from user fees, while Fire Department revenues largely consist of reimbursements for service from Kensington. In FY 2024-25, all Departments exceeded their revenue budgets except for the Public Works Department, due to lower than anticipated permit activity. The Police Department's revenue budget was decreased in FY 2024-25 due to anticipated staff vacancies. However, actual citation activity was higher than budgeted, resulting in revenues 60% above budget.

The Community Development Department's revenues decreased 13% year over year due to lower permit activity, while Recreation revenues increased 17% due to increased program demand and fee increases. Increases in Fire Department revenue are offset by increases in operation costs.

GENERAL FUND – EXPENDITURES

The City's General Fund expenditures remained within overall appropriations, reflecting ongoing efforts to manage resources efficiently while supporting core services. Overall, the City spent about \$53 million from the General Fund, which was 2% less than budgeted. Below is a list of what each classification includes.

- **Personnel:** Full-time and part-time staff salaries and benefits, including pension costs.
- **Purchased Professional & Technical Services:** Outsourced services, consulting services, temporary staffing, software licenses and maintenance.
- **Purchased Property Services:** Utilities, landscape maintenance, janitorial services, and other miscellaneous repair and maintenance services.
- **Other Purchased Services:** Insurance, telephone and internet services, travel and training, dues and subscriptions, and legal notices.
- **Supplies:** Office supplies, medical and safety supplies, uniforms, fuel, employee and volunteer recognition, infrastructure and building supplies, and postage.
- **Property & Capital:** Equipment, vehicles, building maintenance, and capital outlay.
- **Financing Costs:** principal and interest for city debt; licenses, fees, and charges; and bank and credit card fees.
- **Other Financing Uses:** Transfers out of the General Fund.

Table 3 shows General Fund expenditures by classification for FY 2023-24 and FY 2024-25.

Totals	\$54,992,117	\$52,373,865	95%	\$53,825,399	\$52,816,039	98%	1%

Major expenditure areas including Personnel, Purchased Professional and Technical Services, Other Purchased Services, Financing Costs, and Other Financing Uses ended the year very close to budget. Purchased Professional & Technical Services decreased 13% from the prior year, despite more accurate budgeting for FY 2024-25. This reduction is primarily due to a decrease in consultant services utilized by Community Development, which experienced a decline in permit activity compared to prior years and timing of consulting projects citywide. The decrease in Other Financing Uses from FY 2023-24 to FY 2024-25 is due to lower transfers out of the General Fund for capital projects and deferred maintenance.

Purchased Property Services ended the year at 89% of budget, an 11% increase over the prior year. This is due to reduced repair and maintenance costs as well as a increased set-aside of funds for vehicle replacement.

Table 4 shows expenditures by department for FY 2023-24 and FY 2024-25. Expenditures remained within the adopted spending authority Citywide, ending the year 2% under budget. A separate request will be submitted to roll forward a portion of the unexpended funds for purchases or projects not received or completed by June 30.

Totals	\$54,992,117	\$52,373,865	95%	\$53,825,399	\$52,816,039	98%	1%

City Administration ended the year 4% under budget, in part due to the timing of the Service Delivery Study, which was initiated in FY 2024-25 but will be completed in FY 2025-26. The Community Development Department ended below budget and below prior year actuals due to lower permit activity. Non-Departmental expenditures slightly exceeded budget due to higher principal and interest than budgeted but decreased significantly from the prior fiscal year due to decreased transfers out for capital projects and deferred maintenance.

While the Fire Department ended 4% above budget, this is due to OES-reimbursable overtime from El Cerrito support of major incidents statewide and is offset by the department exceeding revenues by 13%. Staff did not seek a budget amendment since the overall General Fund absorbed the overage while remaining within adopted spending limits.

GENERAL FUND – AMENDMENTS

During FY 2024-25, the City Council approved a number of amendments to the General Fund. These came in three phases – Fall 2024, at the Mid-Year update, and in June 2025 as part of the FY 2025-26 budget adoption process.

In Fall 2024, amendments included the rollover of purchase orders from FY 2023-24 to FY 2024-25 that were incomplete due to timing issues. The Council also approved new contracts with three labor unions: Service Employees International Union 1020 (SEIU), the Police Employees Association (PEA), and the Public Safety Management Association (PSMA).

At the Mid-Year update in March 2025, the Council approved additional budget increases to the budget to support Recreation program and staffing (including childcare, the swim center, youth programs), all of which were offset by revenues. The Council also approved budget increases for vehicle maintenance, higher-than-expected legal and election costs, and library project support.

In June 2025, Council approved one-time uses of fund balance for significant capital needs, including major pool repairs, the purchase of a new fire apparatus, and a citywide service delivery study.

In total, FY 2024-25 amendments increased General Fund spending authority by \$2.47 million. These increases were partly offset by \$310,535 in new revenues and an originally projected surplus of \$33,952, which suggested a year-end deficit of \$2.1 million. However, stronger than anticipated revenues and lower spending produced a preliminary surplus of approximately \$1.6 million. Table 5 shows the approved amendments and their respective budget impacts.

GENERAL FUND BALANCE

The FY 2023-24 General Fund balance was \$22.89 million. Table 6 provides updated projections for FY 2024-25. The projected General Fund balance represents 40% of expenditures (excluding the Section 115 Pension Trust) and 45.5% when the Trust is included.

In June 2025, the Council approved a reallocation of \$1.5 million from the Emergency and Disaster Relief Fund (EDRF) to the Section 115 Pension Trust to support long-term pension obligations. At that time, the EDRF was funded above the 13% policy level, allowing for this shift. This change is reflected in Table 6.

According to the City's Comprehensive Financial Policy, the minimum required General Fund Reserve is 17% of expenditures, or \$9.1 million. Based on current projections, the City will have \$4.8 million in discretionary reserves for FY 2025-26.

CONCLUSION

Staff continue to refine forecasting methods and align the budget more closely with actual results and economic trends. Departments remain fiscally prudent and closely monitor spending throughout the year. For FY 2024-25, El Cerrito received revenues 4% above budget and held expenditures 2% below budget, resulting in a preliminary projected surplus of \$1.6 million. Staff project that the City will end FY 2024-25 in a strong financial position, with a total General Fund balance of \$24.4 million. These totals will be finalized during the upcoming annual audit process and will be presented to the City Council in early 2026.

AGENDA BILL

Agenda Item No. 9.C.

Date: September 16, 2025
To: El Cerrito City Council
From: Crystal Reams, Finance Director/City Treasurer, Finance Department
Subject: Roll Forward of Budget for Incomplete Purchase Orders & Projects from FY 2024-25

ACTION PROPOSED

Adopt a resolution authorizing the carry forward of \$291,695 from the General Fund and \$8,698,088 from special revenue and enterprise funds for purchase orders authorized during FY 2024-25 but expected to be completed in FY 2025-26 and amending the adopted Fiscal Year 2025-26 Budget to reflect changes in the total appropriations by fund for the amounts carried forward.

BACKGROUND AND ANALYSIS

Throughout the fiscal year, per the City's Procurement Policy, Departments set up purchase orders for service contracts and supply orders over \$5,000. Governmental accounting standards require the City to account for goods in the fiscal year they were received (not when the order was made), and to account for services in the year they are rendered (not when the contract is started or signed). As a result, there are purchase orders set up by staff intending to complete projects or receive goods during FY 2024-25 that were not completed or received due to a variety of factors including staffing vacancies, supply chain delays, consultant availability, and project timing.

In March 2024, the Finance Department instituted a new process whereby all purchase orders must receive City Council approval to be rolled forward to the new Fiscal Year. As detailed in the General Fund 4th Quarter Update, staff recommends rolling forward the remaining purchase orders that are still needed, along with their associated budget. Staff recommends carrying forward \$8,989,783, comprised of \$291,695 from the General Fund and \$8,698,088 from other funds (primarily Capital Projects), to fund purchase orders and projects that were budgeted but not completed during the previous fiscal year. Staff is only requesting to roll forward budget for funds that have remaining budget authority in Fiscal Year 2025.

The table below shows, by Fund, the amount appropriated in the FY 24-25 Budget that is unexpended and proposed to be rolled forward into the FY-25-26 Budget to complete the associated purchases and projects.

Fund No	Fund Description	Budget Roll Forward	Remaining Expenditure Budget FY25
101	General Fund	\$291,695	\$1,077,835
201	Gas Tax Fund	19,023	105,649
202	Nat'l Polut Dis Elim Sys	7,555	75,323

501	Integrated Waste Management	598,661	1,745,070
Total		\$8,989,783	\$15,940,696

The attached resolution would authorize carrying forward the appropriated but unexpensed funds and amend the adopted Fiscal Year 2025-26 Budget to increase authorized appropriations by Fund to reflect the amounts carried forward from the previous fiscal year budget.

Below is a table listing the purchases and projects by department and description that were appropriated and not expensed due to timing of delivery or project completion.

FINANCIAL CONSIDERATIONS

Each fiscal year, the City Council adopts a resolution establishing spending limits by Fund. On June 17, 2025, the City Council adopted the FY 2025-26 budget and established spending limits across all funds for FY 2025-26. This action would roll forward budget authority, thereby increasing the total appropriation authority for the fiscal year using unused funds due to the incomplete purchase orders.

RESOLUTION 2025-XX

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO AUTHORIZING THE CARRYING FORWARD OF APPROPRIATED BUT UNEXPENDED FUNDS FOR PURCHASE ORDERS FOR GOODS AND SERVICES NOT COMPLETED IN FISCAL YEAR 2024-25 AND AMENDING THE ADOPTED FISCAL YEAR 2025-26 BUDGET TO ADJUST THE SPENDING AUTHORITY BY FUND FOR THE CITY OF EL CERRITO FOR FISCAL YEAR 2025-26

WHEREAS, on June 17, 2025 the City Council of the City of El Cerrito adopted the Fiscal Year 2025-26 Budget with spending limits across funds; and

WHEREAS, changes to the spending limits throughout the year are necessary to account for unexpected opportunities, unforeseen changes, or if the City's financial position changes and additional spending authority is required to meet the needs of the City; and

WHEREAS, staff presented this update to the City Council of the City of El Cerrito for its consideration and the City Council has reviewed and analyzed it; and

WHEREAS, purchase orders and projects totaling \$8,989,783, including \$291,695 from the General Fund, were approved in FY 2024-25 but not completed due to staffing vacancies, consultant availability, timing of projects and supply chain constraints; and

WHEREAS, City Council approved the roll forward of purchase orders and projects from Fiscal Year 2024-25 to allow for the completion of associated purchases and projects, increasing the total spending authority in Fiscal Year 2025-26 but not ongoing costs; and

WHEREAS, proposed changes to spending authority from tax proceeds are within the City's Fiscal Year 2025-26 Gann Appropriations Limit as defined by California State Constitution Article XIIB.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of El Cerrito that it hereby amends Fiscal Year 2025-26 adopted Budget to adjust the spending authority by fund for fiscal year 2025-26 as follows, to reflect the carry forward of previously approved purchase orders for goods and services not completed:

AGENDA BILL

Agenda Item No. 9.D.

Date: September 16, 2025
To: El Cerrito City Council
From: Roland Lambert, Associate Engineer; Yvetteh Ortiz, Public Works Director/City Engineer, Public Works Department
Subject: Budget Amendment for the Ohlone Greenway Pavement Repair Project, City Project No. C3089

ACTION PROPOSED

Adopt a resolution amending the Fiscal Year 2025-26 Adopted Budget and Capital Improvement Program to appropriate \$82,365 from the Measure J Transportation Return to Source Fund Balance for the construction of the Ohlone Greenway Pavement Repair Project, City Project No. C3089.

BACKGROUND

The Ohlone Greenway Pavement Repair Project, City Project No. C3089 (Project) is a component of the Ohlone Greenway Master Plan Program. The Project will repair approximately 500 linear feet of pavement on the Ohlone Greenway pedestrian and bicycle path north of Eureka Avenue, where tree roots and wet conditions have caused significant deterioration.

The Notice Inviting Bids for the Project was advertised in the West County Times/East Bay Times on July 29 and August 5, 2025. Additionally, the notice, along with a complete set of Contract Documents, was sent to Builder and Construction Exchanges in the Bay Area and Northern California and made available for purchase through an online planroom used by the City. The notice was also posted on the City's website. A non-mandatory pre-bid meeting was held on August 5, 2025, and one Addenda was issued.

Five bids were received by the advertised bid opening date and time of August 12, 2025, at 2 pm. The bids were publicly opened and read by the City Clerk. All bids were checked for completeness and found to be responsive. The results are summarized below.

Name and Location of Bidder	Bid Amount
BNO BUILDERS INC*	\$153,965.26
E.E. GILBERT CONSTRUCTION INC	\$166,681.50
FJ&I ENGINEERING INC	\$171,700.00
SILICON VALLEY PAVING INC	\$173,427.00

TRI VALLEY EXCAVATING CO. INC	\$173,508.00
ENGINEER'S ESTIMATE	\$114,000

*Due to a variation between the unit price and the totals shown by the bidder due to rounding, the unit price was considered to be the bid price, and the bid amount was conformed accordingly as specified in the Contract Documents.

The lowest bid was submitted by BNO Builders, Inc. in the amount of \$153,965.26, which is approximately 35% higher than the Engineer's Estimate of \$114,000 but 8% lower than the second-lowest bid. After reviewing the bids, City staff determined that BNO Builders, Inc was the lowest responsive and responsible bidder. The bids were higher than estimated, potentially due to the specialized nature of the path repair that includes a cement treated base to provide durability in the wet conditions. Repairing this heavily-used section of the Ohlone Greenway path is needed to improve safety and all bids received were within a narrow, competitive range. In the future, this environmentally sensitive area of the Ohlone Greenway, as identified in the Ohlone Greenway Master Plan, will require a larger-scale project for its overall improvement.

ANALYSIS

The total estimated expenditure for construction of this project is \$175,365 as follows:

Construction Contract	\$153,965.26
Construction Contract Contingency	\$15,400.00
Materials Testing & Miscellaneous	\$6,000.00
Total	\$175,365.00

Construction management and inspection will be done by City staff except for required materials testing.

Funding for the Project is included in the City's Adopted Five-Year Capital Improvement Program as a component of the Ohlone Greenway Master Plan Program. As part of a separate item on the City Council's September 16, 2025, Meeting Agenda, City staff is proposing \$93,000 in funding that was approved in Fiscal Year 2024-25 be rolled forward into Fiscal Year 2025-26. This leaves a funding shortfall of \$82,365. As a result, City staff requests that the City Council amend the Fiscal Year 2025-26 Adopted Budget and Capital Improvement Program to appropriate this amount from the Measure J Transportation Return to Source Fund Balance for the construction of the Project.

If the proposed budget amendment is approved by the City Council, the City Manager can award the construction contract to BNO Builders, Inc. in the amount of \$153,965.26, pending registration with the California Department of Industrial Relations. This amount is within the City Manager's authority for public construction projects and does not require City Council approval in accordance with the \$220,000 threshold established in January 2025 by the Uniform Public Construction Cost Accounting Act of the California Public Contract Code, authorized in Chapter 16.35 of the El Cerrito Municipal Code.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *Infrastructure and Amenities.*

ENVIRONMENTAL CONSIDERATIONS

The Project is categorically exempt from review under the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Existing Facilities) because the Project is a repair to an existing facility involving negligible or no expansion of use beyond that presently existing. More specifically, restoration or rehabilitation of deteriorated or damaged facilities to meet current standards of public health and safety, unless it is determined that the damage was substantial and resulted from an environmental hazard such as an earthquake, landslide, or flood, is exempt from CEQA.

FINANCIAL CONSIDERATIONS

The Finance Department has confirmed there is a sufficient projected 2025 fiscal year-end fund balance of \$782,260 in the Measure J Transportation Return to Source Fund (204) for the additional expenditure appropriation of \$82,365 in Fiscal Year 2025-26.

LEGAL CONSIDERATIONS

The City Attorney has reviewed the proposed action and found that legal considerations have been addressed.

AGENDA BILL

Agenda Item No. 9.E.

Date: September 16, 2025
To: El Cerrito City Council
From: Melanie Mintz, Community Development Director; Aissia Ashoori, Housing-Economic Development Manager; Sean Moss, Planning Manager, Community Development Department
Subject: Modifications to the applicable Inclusionary Housing Requirements, Transportation Impact Fee and Open Space In-Lieu Fee for Housing Projects with Complete Building Permit Applications

ACTION PROPOSED

Adopt a resolution modifying the applicable Inclusionary Housing Requirements, Transportation Impact Fee, and Open Space In-Lieu Fee for housing projects with active building permit applications.

EXECUTIVE SUMMARY

Current economic conditions are preventing the construction of approved housing development in El Cerrito. If these projects remain stalled, the City risks missing key opportunities to advance many of the City's long-standing goals and to generate new funding that supports the development of additional affordable housing in the City. The proposed action seeks to address this challenge by temporarily modifying applicable inclusionary housing requirements, transportation impact fees, and open space in-lieu fees for development projects within the San Pablo Avenue Area that have active building permit applications. These temporary changes are needed to support the City's Affordable Housing Trust Fund and stimulate production of housing at all income levels. This proposed action achieves the [City's Strategic Plan](#) goals of Livability and Belonging as well as General Plan, Housing Element, and Regional Housing Needs Assessment policies, and can strengthen the City's financial position by expanding the property tax base and stimulating economic activity.

BACKGROUND

Since the adoption of the 1999 General Plan, the City has actively worked to stimulate investment along San Pablo Avenue. Five of the seven Primary Action Strategies of the General Plan consisted of revitalizing San Pablo Avenue through land use, transportation access, design guidelines, and economic development. The proposed action provides a temporary legislative solution for a specific set of qualifying projects with active building permits in order to continue to catalyze residential and mixed-use development as well as generate new local funding for the City's Affordable Housing Trust Fund. The action would create a new, temporary category of projects subject to an inclusionary zoning in-lieu fee and open space in-lieu fee rate that would be 25% of the otherwise applicable fee, as well as exempting this new, temporary category of projects from the transportation impact fee.

The proposed action is limited-term, applies to a specific set of qualifying projects, and sunsets in either 16 months or up to 30 months depending upon the project as further described in this report. In the upcoming months, City staff will continue to monitor, study, and analyze market conditions and identify potential longer-term strategies and return to Council early 2026.

Between 1999 and 2012, the City and its former Redevelopment Agency utilized tax increment financing to assemble properties, commission design guidelines, and pursue redevelopment, affordable housing, and business attraction activities to support the General Plan goals. With limited private development, and the desire to see accelerated transformation, in 2011, the City and its redevelopment agency completed several economic analyses aimed at understanding the economic factors that were limiting and could stimulate investment and economic activity along San Pablo Avenue and in proximity to the City's two BART stations. As a result of the studies, and with funding from the [Metropolitan Transportation Commission \(MTC\) Priority Development Area \(PDA\)](#) and the Contra Costa Transportation Authority (CCTA) PDA program, the City Council took a corridor-wide approach to stimulating the market to help meet its Housing Element, [Climate Action Plan](#) and [General Plan](#) goals by adopting the [San Pablo Avenue Specific Plan](#) (SPASP).

The SPASP, including the Complete Streets Plan (2014, [Resolution 2014-50](#)) developed area-wide zoning regulations along with a vision for complete streets that were both based on economic feasibility and the City's goals and vision. The Plan was updated in 2022 ([Resolution 2022-90](#)), mainly to create more development capacity.

Key elements of the SPASP that aimed to foster a development environment that was simultaneously streamlined and brought the City high quality projects were: 1) preparation and adoption of a programmatic Environmental Impact Report, significantly streamlining and reducing risk in entitling projects; 2) establishing by-right standards of lower parking requirements and increased building height as recommended in the 2011 studies; 3) a form-based code which reduced subjectivity in the review process by creating objective design standards informed by economic feasibility, while still allowing flexibility when needed; 4) allowing many land uses by right that had previously needed Use Permits from the Planning Commission, including ground floor retail and restaurant uses.

In 2018, the City adopted a [Transportation Impact Fee](#) and [Inclusionary Zoning Ordinance](#), further described below, to leverage private development to support the City's affordable housing goals and develop additional funding for transportation improvements to further the goals of maintaining the City's multimodal transportation network. As a result of the SPASP, between 2014 and 2024, the city entitled 20 projects in the Specific Plan area, totaling 2,331 new residential units and 160,496 square feet of new commercial space, including 124 new hotel rooms (see [San Pablo Avenue Specific Plan interactive map](#) for a depiction of projects proposed, approved, under construction, and completed).

Of those entitlements, five projects with 243 market-rate units were constructed; 69 affordable units adjacent to the El Cerrito del Norte BART station are under construction and scheduled to be completed early 2026, and 70 affordable units are scheduled to begin construction in November adjacent to the El Cerrito Plaza BART station. As evidence of the challenging economic environment for new construction, since early 2022, the City has not received any new market-rate applications for multifamily housing in the Specific Plan area, with the exception of the [El Cerrito Plaza Transit Oriented Development](#) project, being developed through AB2923 and in partnership with BART.

Bay Area construction has slowed significantly since approximately 2022. In Berkeley, the number of units receiving building permits dropped 50% in 2023, after peaking in 2022. ([Berkeleyside, April 19, 2024.](#)) Even with rents growing again in San Francisco, development is struggling to raise enough equity investors to begin building multifamily apartments ([SF Chronicle, September 5, 2025.](#))

In El Cerrito, four multifamily projects entitled through the Specific Plan, totaling 252 units, including two mixed-use projects with 11,000 square feet of ground-floor commercial, submitted building permit applications between 2019 and 2023 that have been approved or are near building permit approval, but have stalled due to project financial challenges. These four projects are spread throughout the Specific Plan area along San Pablo Avenue in Uptown (at Potrero), Midtown (at Manila and Eureka), and Downtown (on Fairmount Avenue). City staff have been in touch regularly with each of these developers, who have each shared that project financing is out of reach due primarily to increased construction costs, high interest rates, and flat rents, which is consistent with projects throughout the Bay Area.

Affordable Housing, Affordable Housing Trust Fund, Inclusionary Zoning

Due to the 2012 dissolution of redevelopment agencies in California, the City's source of local affordable housing funding was cut. Prior to 2012, the City's Redevelopment Agency received funding for development of affordable housing from tax increment financing, which allowed redevelopment agencies to receive a portion of property tax growth in designated redevelopment areas that could then be reinvested in the redevelopment area. At least 20% of that funding was required to be devoted to development of new affordable housing. In an effort to identify how to continue to move forward with achieving affordable housing goals, in 2017, the City developed and adopted the [Affordable Housing Strategy](#), which identified policy tools and strategies to continue advancing affordable housing production. One of the strategies identified was to explore development of an inclusionary zoning policy. In 2018, the City conducted an [economic feasibility analysis](#) with Keyser Marston Associates and adopted El Cerrito Municipal Code, [Chapter 19.30 – Inclusionary Zoning](#), effective June 14, 2018, requiring the inclusion of affordable units within new market-rate residential development projects, ranging between 10% and 12% on-site, and allowing the payment of a fee in lieu of providing units for rental projects.

The Ordinance aims to leverage private development to support the City's limited affordable housing fund and deliver new affordable units. It is dependent, however, upon private market-rate development being able to be financed and constructed while absorbing the added cost. In recognition of the economic feasibility challenge, the Ordinance exempted projects that were already entitled or with a submitted entitlement application that had been deemed complete by the effective date of the Ordinance. This exemption applied to a total of 12 projects within the San Pablo Avenue Specific Plan area. The Ordinance further specified that for those 12 projects, a building permit would need to be issued within two years of their entitlement date. The Ordinance also sunsets this exemption for all projects that were not issued a building permit by June 2021.

Subsequently, in 2020 and 2021, due to the effects of the COVID-19 pandemic and continued economic uncertainty, the City Council acted, through [Ordinance 2020-04](#) and Resolution [2021-02](#), to extend the exemption through July 2022 to allow projects additional time to pull a building permit. Of the 12 exempt projects, seven projects submitted extension requests and six were approved with the condition that construction commencement occurred by July 1, 2022. Unfortunately, none of these projects were able to start construction due to ongoing market constraints. To date, the Inclusionary Zoning Ordinance has not resulted in the production of any affordable housing units nor generated any in-lieu fees to support affordable housing construction.

Advancing opportunities for both market-rate and affordable housing development is vital to the City's success in achieving the creation of the City's Regional Housing Needs Allocation (RHNA) of 1,391 new housing units over the 2023-2031 period (see Table 1). With \$95,000 currently remaining in the City's Affordable Housing Trust Fund and due to stalled market-rate development, the City's financial resources to support future affordable housing are constrained. The Housing Trust Fund provided \$350,000 to each of the City's most recent affordable housing developments ([Mayfair Affordable](#) and [El Cerrito Plaza TOD](#) - Phase I) as a local source to leverage layers of multi-million-dollar grants that support both housing and public infrastructure improvements.

ANALYSIS

As discussed above, construction has slowed significantly due to current market conditions. Four multi-family projects entitled through the Specific Plan that have submitted building permit applications and are near or at building permit approval have stalled in their construction efforts (see Table 2).

Projects that reach this construction phase have invested significant funds in developing construction documents, paying plan check fees, and some have also incurred property demolition and clean-up costs. It is uncommon, for any other reason than financing, for a project to become stalled in this phase.

The proposed action before the City Council aims to stimulate these four projects by narrowing the financing gap, with the goal of helping to catalyze production of housing for all income levels and to realize the benefits these projects bring to the City. The proposed modifications to applicable inclusionary housing, transportation impact and open space in lieu requirements addresses the financing gap for each development as summarized in Table 3.

If any number of the projects in the building permit phase move forward, the benefits to the City are numerous, including:

1. Increased Property Tax Revenue (see Table 4 below, for an example of past projects)
2. Construction of new housing units contributing to the City's RHNA goals
3. Replenishing the City's Affordable Housing Trust Fund to leverage and secure additional financing and build an increased number of affordable units (See Affordable Housing section above.)
4. Stimulating economic activity, including sales tax from the occupied commercial spaces, and building the City's customer base.
5. Achieving all the built environment benefits of these projects, including replacing vacant properties with modern, energy and water-efficient construction that provides housing, new commercial space, public art, and improves public right-of-way frontages and infrastructure (sidewalks, landscaping, stormwater facilities).
6. Continuing to achieve the City's Climate Action Goals of reducing per capita greenhouse gas emissions by building near the City's transit resources in highly walkable locations.

By considering a temporary change to the City's inclusionary housing requirements for a defined category of housing projects, including establishing a lower fee amount and the ability to pay the in-lieu fee instead of constructing units, the goal is to generate payments to the City's Affordable Housing Trust Fund that could be leveraged for future affordable housing projects already in the pipeline. A secondary goal is to continue the momentum started with the early SPASP projects and build a second generation of successful projects to provide housing and generate market comparisons to further the ability of local projects to secure financing.

Proposed Modifications

[Inclusionary Zoning/In-Lieu Payments](#)

The single largest City-imposed cost on these projects are those related to the Inclusionary Zoning Ordinance, whether onsite or payment in-lieu. The in-lieu fee is calculated based upon the total livable square footage of all residential units multiplied by a fee established by ordinance, adjusted annually. As discussed above, this Ordinance aims to leverage private development projects to help provide either on-site affordable units or pay an in-lieu fee and is dependent, however, upon private market-rate development being able to be financed and constructed while absorbing the added cost. The proposed modification to the inclusionary requirements will accomplish two things to help close the financial feasibility gap by: 1) allowing the group of qualifying projects to fulfill the requirements by paying an in-lieu fee rather than providing units (the ordinance requires ownership projects to provide units onsite); and 2) by modifying the in-lieu fee rate for qualifying rental and ownership projects. The aim is to catalyze these four projects to enter construction, which would both leverage payment of the fee to help build additional units of affordable housing and result in new market-rate units and increased property tax revenues for the City.

Open Space In Lieu Fee

The SPASP requires 25 square feet of publicly accessible open space to be provided per 1,000 square feet of new residential and commercial development. For projects exceeding one acre or 150 units, or identified in the Open Space Regulatory Plan of the SPASP, on-site public open space must be provided. Other projects may request to pay an in-lieu fee for all or a portion of that open space. The resulting fee can be used to improve existing open space in proximity to the Specific Plan area. To date, \$187,272 has been collected. The in-lieu fee rate is proposed to be modified temporarily for the group of qualifying projects.

[Transportation Impact Fee \(TIF\)](#)

The City determined that a Transportation Impact Fee (TIF) ([Ordinance 2019-01](#) and [Resolution 2018-70](#)) was needed to help finance transportation improvements as identified in the City's General Plan, the SPASP, the Active Transportation Plan, and Ohlone Greenway Master Plan and to pay for each development's fair share of the construction and acquisition costs of these transportation improvements. Since the TIF was adopted by the City Council, the City has collected approximately \$1,090,000 in revenue and applied it to fund the planning, design, and construction of the Del Norte Complete Streets Project. TIF revenues were not intended to be the sole source of funding for any particular project, but are used to leverage additional funds, including over \$12 million in grants for Del Norte Complete Streets. Additional TIF revenues have not been appropriated for other projects at this time.

The proposal is to create a temporary new exemption from the TIF for the group of qualifying projects. This would not have any immediate effects on the delivery of projects.

However, the City would need to continue pursuing external funding sources, such as grants, and leverage other internal funding sources, including SB1 and Measure A, to deliver the transportation improvements identified in these plans other than make up for TIF revenue foregone by treating these projects as exempt.

Per the West Contra Costa Transportation Advisory Committee Subregional Transportation Mitigation Program (STMP) Fee Administrative Guidelines (2020), if the City exempts projects from the TIF, which is the only City impact fee, then the West Contra Costa Transportation Commission (WCCTC) Subregional Transportation Mitigation Fee may also be exempted or waived, pending the City reporting its action to WCCTC. Due to this policy, the proposed TIF is set at zero.

Other Fees

The projects would continue to pay all city fees associated with providing services, including Plan Check and Inspection fees (which includes indirect and overhead costs as supported by the City's Master Fee schedule). The projects would still also be subject to all other outside agency fees.

Modifications to Entitlements

In the event that an application is filed to amend the land use approvals for a qualifying project from a SPASP Tier II Design Review to SPASP Tier IV Design Review, the project would be subject to the Planning Commission's action on the Tier IV Design Review application, and an additional payment to the City's Affordable Housing Trust Fund of at least \$100,000.00 shall meet the requirement of public benefit for a Tier IV project.

New Entitlement Applications

In the event that, within six months of the date of this action, an application is filed and approved, subject to the Design Review processes established in the San Pablo Avenue Specific Plan, for a different project on the same land as a qualifying project, and the new application includes a multi-family residential component, the modifications to the Inclusionary Zoning requirements described above will remain applicable to the new project. The new project will be subject to all other fees, including the Transportation Impact Fee and any applicable Open Space In-Lieu Fee, and must be issued a building permit within 24-months of application for entitlement.

Financial Benefits

New market rate development brings significant economic benefits to the City, including an increase in property taxes. See Table 4 for an illustration of the annual property tax collected from two recently completed projects. Furthermore, new residents and businesses also contribute to the City's sales tax and overall economic well-being.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *Livability and Belonging* by leveraging the City's Prohousing designation to attract new and infill development for all income types, supporting business and economic growth, and advancing the San Pablo Avenue Specific Plan to create a livable, vibrant, and diverse corridor.

ENVIRONMENTAL CONSIDERATIONS

To the extent this action affects fees for development projects, it is statutorily exempt from environmental review pursuant to CEQA Guidelines Section 15273. The potential environmental impacts of each qualifying project have been analyzed under the California Environmental Quality Act (CEQA). The adoption of this resolution will not result in any new or different environmental impacts not already analyzed as part of each residential development project. Therefore, no additional review under CEQA is necessary. If a new entitlement application is submitted for a property with a qualifying project, environmental review will be conducted after the application is submitted.

FINANCIAL CONSIDERATIONS

The intent of the proposed action is to generate funds for the City's Affordable Housing Trust Fund that will not otherwise be generated if new developments do not enter the construction phase.

Construction of new development will additionally result in increased property taxes (both base rate and local measures) and can promote the development of additional projects by demonstrating financial feasibility of new development and providing market comparisons that aid future projects in securing financing. Any projects subject to the proposed action will continue to pay City fees that are imposed to cover the City's costs to provide services, such as plan check and inspections.

LEGAL CONSIDERATIONS

RESOLUTION 2025–XX

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO MODIFYING APPLICABLE INCLUSIONARY HOUSING, TRANSPORTATION IMPACT FEE, AND OPEN SPACE IN-LIEU FEE REQUIREMENTS FOR SPECIFIED CATEGORY OF NEW HOUSING PROJECTS WITH COMPLETE BUILDING PERMIT APPLICATIONS TO STIMULATE HOUSING PRODUCTION FOR ALL INCOME LEVELS

WHEREAS, the City Council has adopted numerous plans and policies to advance development of a diverse mix of housing to support households at all income levels, including the San Pablo Avenue Specific Plan (“SPASP” (2014; updated 2022), the Housing Element (2023-2031), and the Affordable Housing Strategy (2017); and

WHEREAS, in recognition of the City’s commitment to policies that increase housing supply, the City received a Prohousing designation from the California Department of Housing and Community Development (HCD) in 2023 and was in the first cohort of cities to receive such a designation; and

WHEREAS, the City’s Prohousing designation was the result of demonstrating policies that aim to streamline development, increase housing supply, accelerate production, promote equitable and sustainable zoning and land use, reduce development costs; and

WHEREAS, in fulfillment of the Affordable Housing Strategy, the City Council adopted inclusionary zoning requirements (Chapter 19.30, May 2018) requiring market rate projects to set aside a portion of their units for moderate and lower income (below market rate) households or to pay a fee in lieu of providing the units, with revenue from in-lieu fee payments deposited into the City’s Affordable Housing Trust fund used to support and leverage funds for affordable housing development, as codified in Chapter 19.30 of the El Cerrito Municipal Code (“ECMC” or “Municipal Code”); and

WHEREAS, the original inclusionary zoning requirements exempted projects already in the pipeline from the new requirements and established timelines for submittal and pulling of building permits, due to project feasibility, in 2021, due to ongoing market feasibility challenges resulting in part from the COVID-19 pandemic, the City amended Chapter 19.30 to further extend exemptions; and

WHEREAS, projects entitled on four properties entitled within the Specific Plan have submitted building permits, incurring costs of developing construction documents and project review, site demolition and clean up, but are stalled and not able to finalize financing for the projects due to pro forma gaps; and

WHEREAS, the City Council has adopted a Transportation Impact Fee (“TIF”) to further the goals and objectives of the General Plan, San Pablo Avenue Specific Plan, and other plans designed to maintain the City’s transportation network and all modes of transportation while encouraging a shift from single-occupancy vehicles to other modes of transportation, as codified in Chapter 4.54 of the ECMC and Resolution No. 2018-70; and

WHEREAS, the City Council has adopted the SPASP, which includes open space requirements for new development and allows for payment of a fee in lieu of providing some open space, with revenue from the in-lieu fee to be used to support the development of open space that provides a dynamic and welcoming public sphere within the City; and

WHEREAS, the SPASP has been successful, resulting in the entitlement of over 2,300 residential units, and construction or pending construction of 382 new residential units, including 243 market-rate and 139 affordable units.

WHEREAS, the City of El Cerrito's was allocated 1,391 total new housing units, including 334 very-low, 192 low-, 241 moderate, and 624 above moderate income units, to meet future housing needs for its 6th Housing Element Cycle over the 2023-2031 period; and

WHEREAS, because of current macro-economic conditions—high interest rates, materials costs, erratic tariff policies, supply chain constraints—the developers of several fully approved residential projects that have applied for and are ready or nearly ready to be issued building permits have informed the City that their projects are unlikely to move forward; and

WHEREAS, the City has received few development applications for new market rate projects since 2022, due to the conditions mentioned; and

WHEREAS, the City Council desires these nearly ready to be constructed residential projects to move forward to provide desperately needed housing and to develop new funding for the City's Affordable Housing Trust fund. The purpose of this resolution is to temporarily modify existing inclusionary, transportation impact fee, and open space requirements for specified residential development projects to help the City in meeting its Specific Plan goals; and

WHEREAS, new residential development benefits the City additionally through Strategic Plan goals of Livability and Belonging, including leveraging the City's Prohousing designation to attract new and infill development for all income types, supports business and economic growth, and advances the San Pablo Avenue Specific Plan to create a livable, vibrant and diverse corridor; and

WHEREAS, to the extent that this resolution results in the development of new residential units without the payment of the Transportation Impact Fee, the City Council recognizes that the lower total amount of TIF revenue cannot be charged to other development projects. The City shall replace the TIF revenue that it otherwise would have received with grants, general fund money, or other sources that are not the TIF; and

WHEREAS, the potential environmental impacts of each residential development project potentially affected by this resolution have been analyzed under the California Environmental Quality Act ("CEQA"). The adoption of this resolution will not result in any new or different environmental impacts not already analyzed as part of each residential development project. To the extent that this resolution would apply to new development projects on the same land as the qualifying projects, the new development projects require independent review and approval under applicable laws, and the City will undertake any required review under CEQA for the new project applications at the earliest feasible time. To the extent this resolution affects established development fees, it is exempt from review pursuant to CEQA Guidelines Section 15273. Therefore, no additional review under CEQA is necessary.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of El Cerrito as follows:

Section 1. The foregoing recitals are true and correct and are hereby made a part of this resolution.

Section 2. For any multi-family residential development project that as of the date of this resolution has a complete building permit application pending approval and that was located within the SPASP area at the time that the project application or SB 330 preliminary application, whichever was earlier, was filed ("qualifying project"), the following shall apply:

(a) Notwithstanding anything in Chapter 19.30 of the Municipal Code to the contrary, any qualifying rental or ownership project may fully satisfy the requirement to provide inclusionary housing by paying the fee in lieu of providing affordable housing units. The rate of the in-lieu fee for a qualifying project shall be 25% of the rate that would otherwise apply. This is not a fee waiver or reduction but rather the temporary legislative institution of a different in-lieu fee rate for qualifying projects.

(b) Notwithstanding anything in Chapter 4.54 of the Municipal Code or Resolution No. 2018-70 to the contrary, a qualifying project shall be exempt from the Transportation Impact Fee. This is not a fee waiver or reduction but rather the temporary legislative institution of a new category of residential development projects that is exempt from the TIF.

(c) Notwithstanding anything in the SPASP to the contrary, for a qualifying project that may satisfy its open space requirement by the payment of a fee in lieu of providing open space, the rate of the in-lieu fee shall be 25% of the rate that would otherwise apply. This is not a fee waiver or reduction but rather the temporary legislative institution of a different in-lieu fee rate for qualifying projects.

(d) The provisions of subsections (a), (b), and (c) of this Section 2 shall expire 16 months from the effective date of this resolution for any qualifying project that has not been issued a building permit.

(e) In the event that an application is filed to amend the land use approvals for a qualifying project, the provisions of this Section 2 shall continue to apply to the revised project. In addition to the immediately preceding sentence, if the amendment to the land use approvals for a qualifying project includes a change from a SPASP Tier II Design Review to SPASP Tier IV Design Review, an additional payment to the City's Affordable Housing Trust Fund of at least \$100,000.00 shall meet the requirement of public benefit for a Tier IV project.

Section 3. In the event that, within six months of the date of this resolution, an application is filed for a different project on the same land as a qualifying project and the new application includes a multi-family residential component ("new qualifying project"), the following shall apply for the new qualifying project:

(a) Notwithstanding anything in Chapter 19.30 of the Municipal Code to the contrary, the new qualifying ownership or rental project may fully satisfy the requirement to provide inclusionary housing by paying the fee in lieu of providing affordable housing units. The rate of the in-lieu fee for a new qualifying project shall be 25% of the rate that would otherwise apply. This is not a fee waiver or reduction but rather the temporary legislative institution of a different in-lieu fee rate for qualifying projects.

(b) The new qualifying project shall be subject to the TIF and open space in-lieu fee, if applicable under Chapter 4.54 of the Municipal Code, Resolution No. 2018-70, and the SPASP.

(c) The provisions of subsection (a) of this Section 3 shall expire 24 months from the date of submission of the new application for any new qualifying project that has not been issued a building permit.

Section 4. This resolution shall become effective immediately upon passage and adoption.

A group of people are sitting in a circle in a meeting room. There are four people visible in the foreground and middle ground. A man in a white sweater and light blue pants is sitting in the center. To his right, a man in a dark sweater and khaki pants is sitting. Further right, a woman in a white cable-knit sweater and black pants is sitting. In the foreground, the back of a person wearing a red sweater and blue jeans is visible. The room has wooden paneling, a large screen displaying a street scene, and several rows of empty chairs in the background.

Projects & Experience Gained

Helped design and launch the new City Employee Intranet and aimed to make it as user friendly as possible!

Redesigned the City's Communication Templates, aligning with the domain migration.

Helped fix outdated City website links and email addresses in anticipation of the new website and email domains.

Gathered footage from around the El Cerrito Community, such as the Hillside Natural Area and the new Pickleball Courts to help with public outreach.

What I Have Learned Through This Experience!

Spending time working with the City has taught me a great deal about the importance of local government.

Thanks to this internship, I've learned how to work in an office environment, the basics of graphic design, and how to design and build a website.

I have also learned invaluable lessons in communication (how to be professional during a meeting), responsibility (editing our City website), and public outreach (helping with social media).

Thank You!

- To Will Provost my mentor
- The City of El Cerrito
- Everyone I worked with at City Hall!
- I'm very grateful to have had such an opportunity - I learned and grew a lot from this experience. Thank you!

Subject: Agenda Item 9.B on the consent calendar - Fourth Quarter General Fund Update

Caution! This message was sent from outside your organization.

Dear Mayor and Councilmembers,

I plan to briefly speak in support of Agenda Item 9.B on the consent calendar. I've reviewed the Fourth Quarter General Fund Update and found the staff report clear and useful.

To get a better handle on the report, I also looked into the data presented in this report through a more visual lens.

I hope you will consider the attached graphical rendering of the revenues table as a possible way to present or interpret tables like those included in the report.

I've formatted things as a quad-tree, with the size of the rectangles indicating the size of the items contribution to the budget, and the color indicating year over year changes.

I think it's an interesting and helpful way to look at information like the bits found in the report

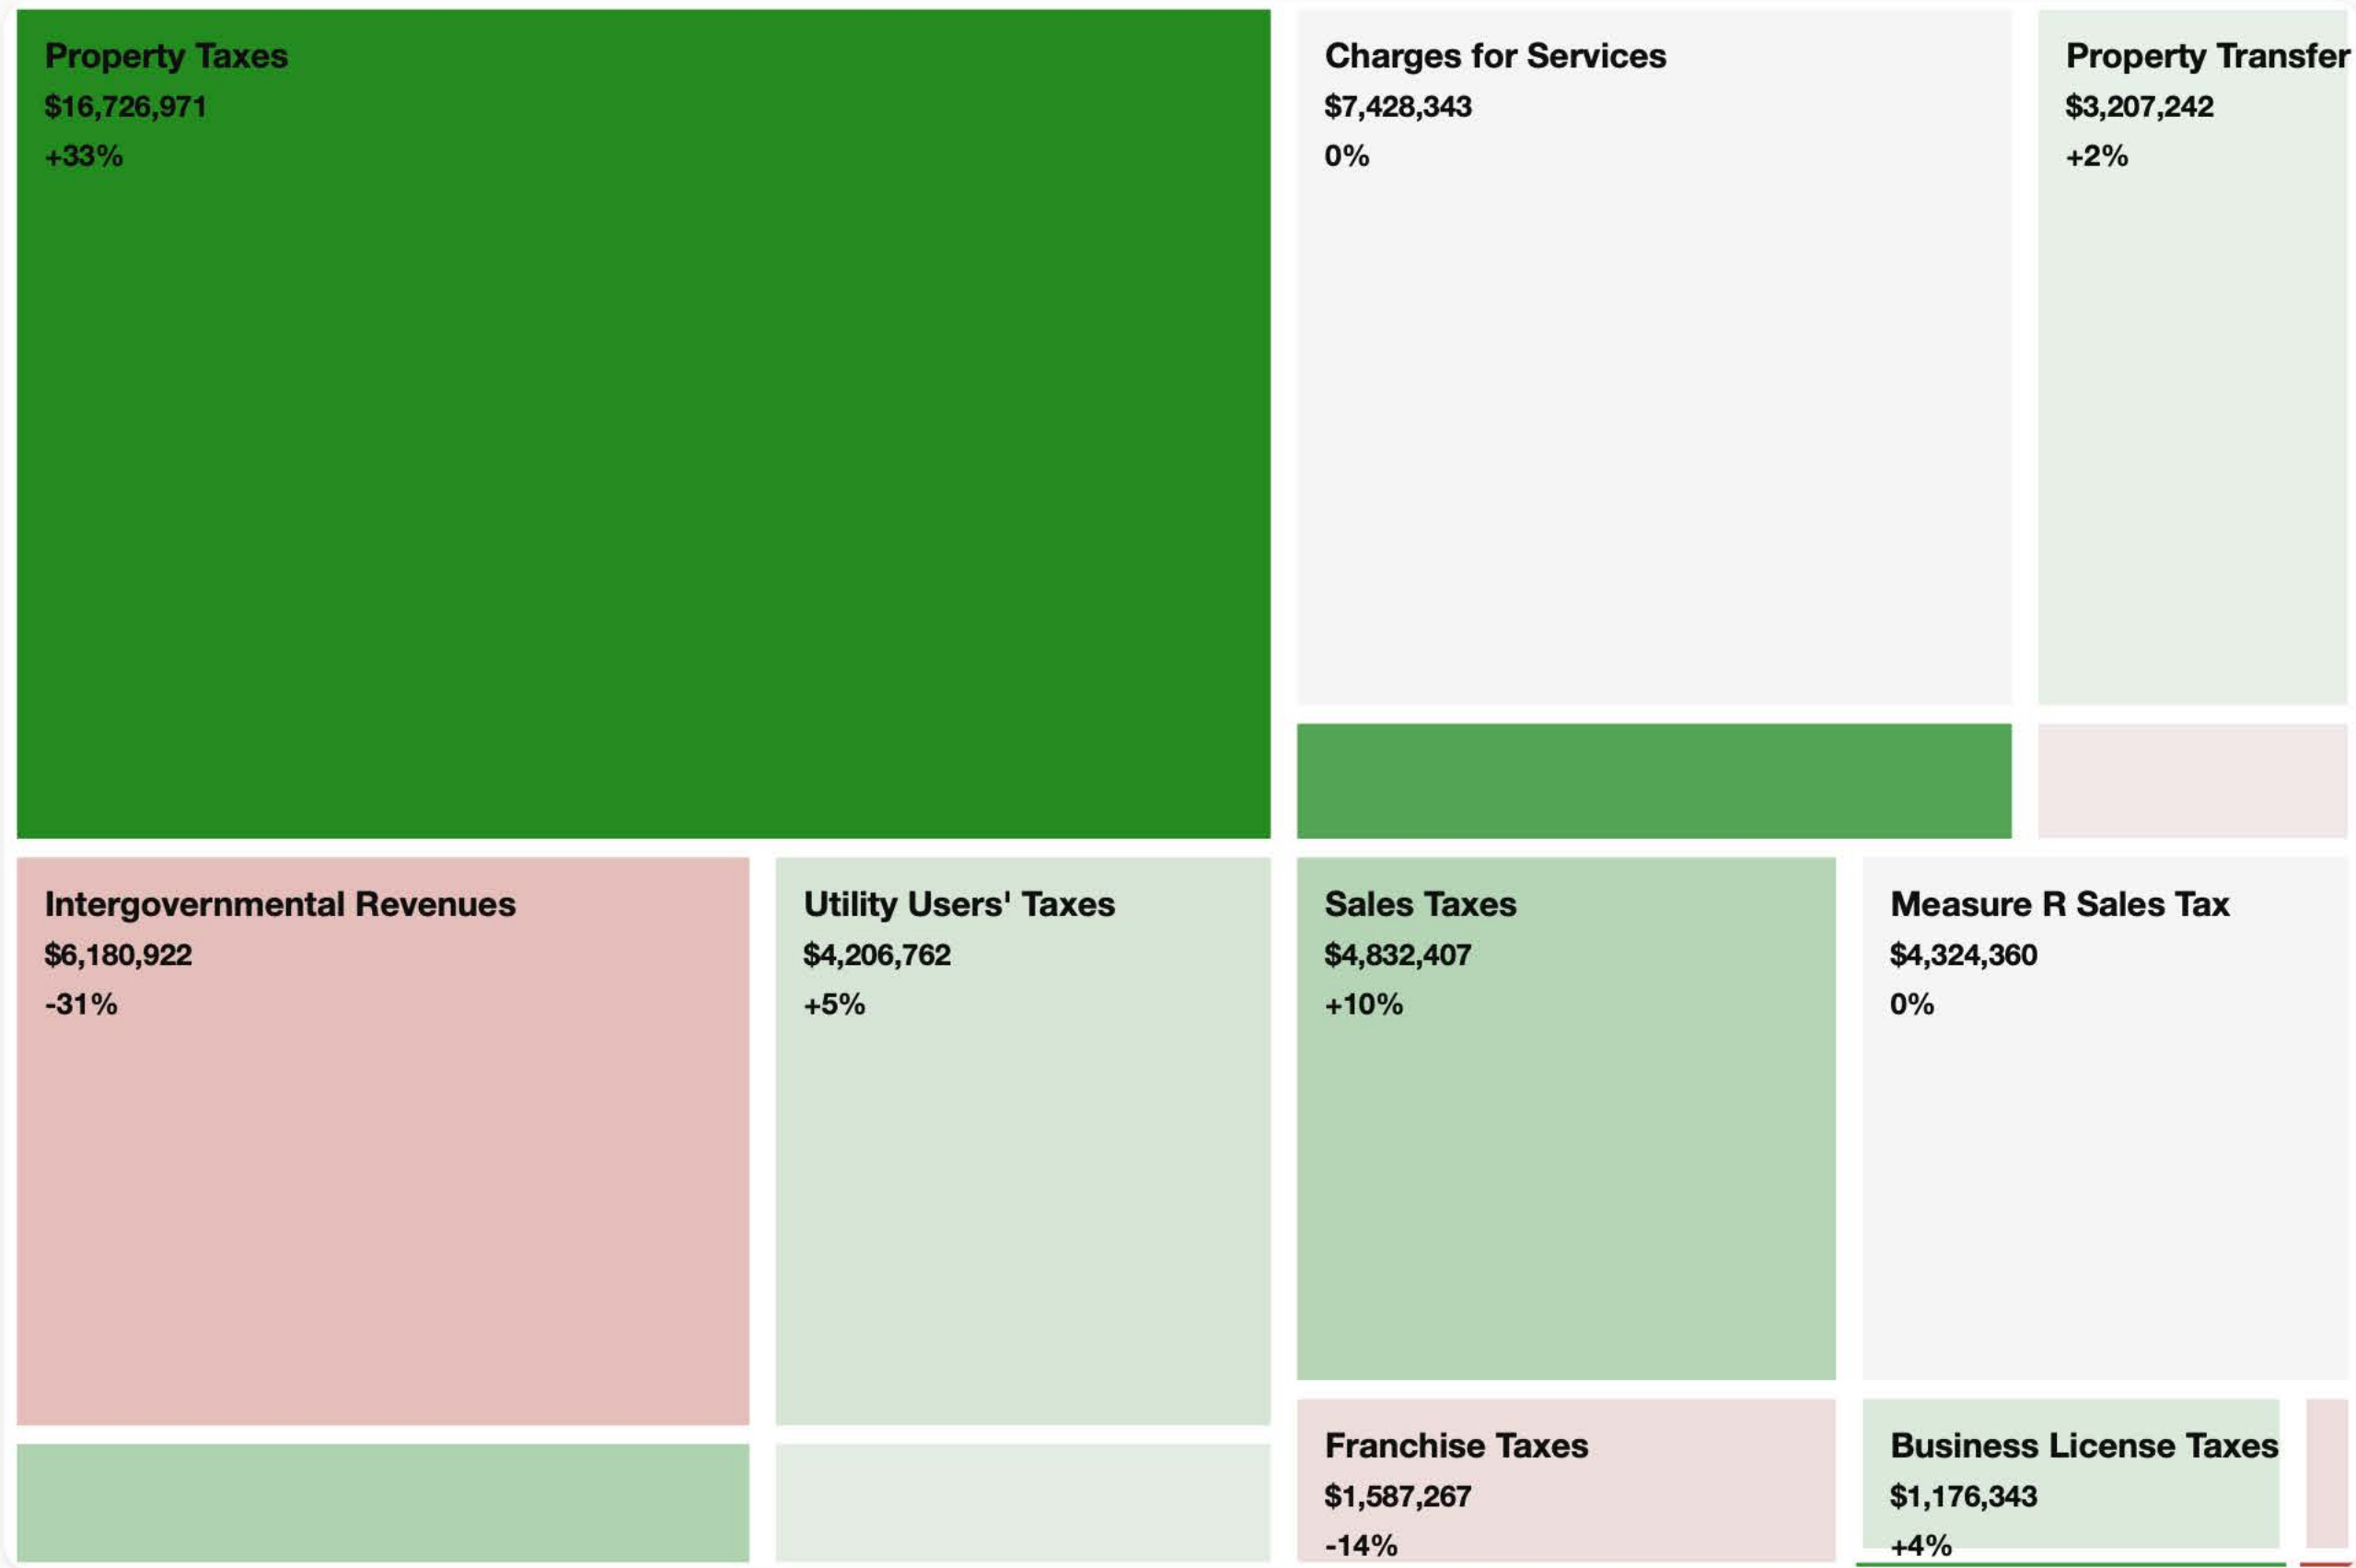

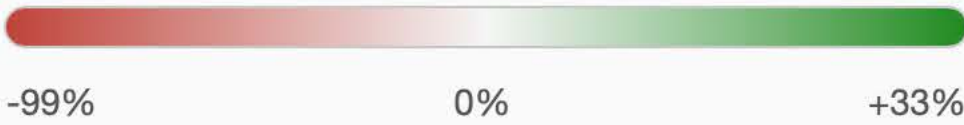

Thank you for the opportunity to comment and for continuing to provide transparent reporting on the City's financial position.

Sincerely,
Michael McDougall
El Cerrito Resident

Please find attached three files (1) A static visualization (2) A dynamic, html rendering with tooltips (best viewed in browser), and (3) The original table from the report, for comparison.

Elements of Proposed Modifications “Project Kickstart”

Summary of Action

Qualifying Project

- Entitled Specific Plan projects with active building permit applications
 - Allows amendment or new entitlement
- Time-limited
 - 16 months for existing entitlements
 - Allows 6 months to apply for new entitlement plus 24 months to pull building permit

Legislative Modifications

- Inclusionary Requirements
- Open Space In Lieu Fee
- Transportation Impact Fee
- *Does Not Include Modifications to Cost Recovery Fees (Plan Check, Building Permit, Inspections, Fire Permit etc.)*

Inclusionary Zoning

Current

- El Cerrito Municipal Code Chapter 19.30, Adopted June 2018
- Economic Feasibility Study
- Requires 10% - 12% of units set aside as below market rate
 1. On-Site; or
 2. In-Lieu Fee Payment
- To date, no inclusionary projects have been constructed

Proposed

- Temporary Modification to Inclusionary Zoning for Qualifying Projects
- In-Lieu Fee set at 25%
- Allows In-Lieu for Ownership
- Replenish Affordable Housing Trust Fund (\$95K Current Fund Balance)
 - Leverages More Affordable Housing at Deeper Levels

Open Space In-Lieu

Current

- San Pablo Avenue Specific Plan, Adopted 2014; 2022
- Requires 25 Square Feet of Publicly Accessible Open Space per 1,000 Square Feet
- On-site or In-Lieu Fee
- \$187,272 has been collected and new public open spaces have been constructed

Proposed

- Temporary Modification to Open Space In-Lieu Fee
- In-Lieu Fee set at 25%

Transportation Impact Fee (TIF)

Current

- El Cerrito Municipal Code Chapter 4.54, Adopted December 2018
- Requires payment to maintain and develop the City's transportation network for all modes of travel and encourage mode shift
- To date, \$1,090,000 has been collected

Proposed

- Temporary Exemption for category of qualifying projects
- No immediate effect on the delivery of projects
- City would continue to pursue other external funding sources
- WCCTAC Subregional Transportation Mitigation Program (STMP) possible exemption

RESOLUTION 2025-XX

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO MODIFYING APPLICABLE INCLUSIONARY HOUSING, TRANSPORTATION IMPACT FEE, AND OPEN SPACE IN-LIEU FEE REQUIREMENTS FOR SPECIFIED CATEGORY OF NEW HOUSING PROJECTS WITH COMPLETE BUILDING PERMIT APPLICATIONS TO STIMULATE HOUSING PRODUCTION FOR ALL INCOME LEVELS

WHEREAS, the City Council has adopted numerous plans and policies to advance development of a diverse mix of housing to support households at all income levels, including the San Pablo Avenue Specific Plan ("SPASP" (2014; updated 2022), the Housing Element (2023-2031), and the Affordable Housing Strategy (2017); and

WHEREAS, in recognition of the City's commitment to policies that increase housing supply, the City received a Prohousing designation from the California Department of Housing and Community Development (HCD) in 2023 and was in the first cohort of cities to receive such a designation; and

WHEREAS, the City's Prohousing designation was the result of demonstrating policies that aim to streamline development, increase housing supply, accelerate production, promote equitable and sustainable zoning and land use, reduce development costs; and

WHEREAS, in fulfillment of the Affordable Housing Strategy, the City Council adopted inclusionary zoning requirements (Chapter 19.30, May 2018) requiring market rate projects to set aside a portion of their units for moderate and lower income (below market rate) households or to pay a fee in lieu of providing the units, with revenue from in-lieu fee payments deposited into the City's Affordable Housing Trust fund used to support and leverage funds for affordable housing development, as codified in Chapter 19.30 of the El Cerrito Municipal Code ("ECMC" or "Municipal Code"); and

WHEREAS, the original inclusionary zoning requirements exempted projects already in the pipeline from the new requirements and established timelines for submittal and pulling of building permits, due to project feasibility, in 2021, due to ongoing market feasibility challenges resulting in part from the COVID-19 pandemic, the City amended Chapter 19.30 to further extend exemptions; and

WHEREAS, projects entitled on four properties entitled within the Specific Plan have submitted building permits, incurring costs of developing construction documents and project review, site demolition and clean up, but are stalled and not able to finalize financing for the projects due to pro forma gaps; and

WHEREAS, the City Council has adopted a Transportation Impact Fee ("TIF") to further the goals and objectives of the General Plan, San Pablo Avenue Specific Plan, and other plans designed to maintain the City's transportation network and all modes of transportation while encouraging a shift from single-occupancy vehicles to other modes of transportation, as codified in Chapter 4.54 of the ECMC and Resolution No. 2018-70; and

WHEREAS, the City Council has adopted the SPASP, which includes open space requirements for new development and allows for payment of a fee in lieu of providing some open space, with revenue from the in-lieu fee to be used to support the development of open space that provides a dynamic and welcoming public sphere within the City; and

WHEREAS, the SPASP has been successful, resulting in the entitlement of over 2,300 residential units, and construction or pending construction of 382 new residential units, including 243 market-rate and 139 affordable units.

WHEREAS, the City of El Cerrito's was allocated 1,391 total new housing units, including 334 very-low, 192 low-, 241 moderate, and 624 above moderate income units, to meet future housing needs for its 6th Housing Element Cycle over the 2023-2031 period; and

WHEREAS, because of current macro-economic conditions—high interest rates, materials costs, erratic tariff policies, supply chain constraints—the developers of several fully approved residential projects that have applied for and are ready or nearly ready to be issued building permits have informed the City that their projects are unlikely to move forward; and

WHEREAS, the City has received few development applications for new market rate projects since 2022, due to the conditions mentioned; and

WHEREAS, the City Council desires these nearly ready to be constructed residential projects to move forward to provide desperately needed housing and to develop new funding for the City's Affordable Housing Trust fund. The purpose of this resolution is to temporarily modify existing inclusionary, transportation impact fee, and open space requirements for specified residential development projects to help the City in meeting its Specific Plan goals; and

WHEREAS, new residential development benefits the City additionally through Strategic Plan goals of Livability and Belonging, including leveraging the City's Prohousing designation to attract new and infill development for all income types, supports business and economic growth, and advances the San Pablo Avenue Specific Plan to create a livable, vibrant and diverse corridor; and

WHEREAS, to the extent that this resolution results in the development of new residential units without the payment of the Transportation Impact Fee, the City Council recognizes that the lower total amount of TIF revenue cannot be charged to other development projects. The City shall replace the TIF revenue that it otherwise would have received with grants, general fund money, or other sources that are not the TIF; and

WHEREAS, the potential environmental impacts of each residential development project potentially affected by this resolution have been analyzed under the California Environmental Quality Act ("CEQA"). The adoption of this resolution will not result in any new or different environmental impacts not already analyzed as part of each residential development project. To the extent that this resolution would apply to new development projects on the same land as the qualifying projects, the new development projects require independent review and approval under applicable laws, and the City will undertake any required review under CEQA for the new project applications at the earliest feasible time. To the extent this resolution affects established development fees, it is exempt from review pursuant to CEQA Guidelines Section 15273. Therefore, no additional review under CEQA is necessary.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of El Cerrito as follows:

Section 1. The foregoing recitals are true and correct and are hereby made a part of this resolution.

Section 2. For any multi-family residential development project that as of the date of this resolution has a complete building permit application pending approval and that was located within the SPASP area at the time that the project application or SB 330 preliminary application, whichever was earlier, was filed ("qualifying project"), the following shall apply:

(a) Notwithstanding anything in Chapter 19.30 of the Municipal Code to the contrary, any qualifying rental or ownership project may fully satisfy the requirement to provide inclusionary housing by paying the fee in lieu of providing affordable housing units. The rate of the in-lieu fee for a qualifying project shall be 25% of the rate that would otherwise apply. This is not a fee waiver or reduction but rather the temporary legislative institution of a different in-lieu fee rate for qualifying projects.

(b) Notwithstanding anything in Chapter 4.54 of the Municipal Code or Resolution No. 2018-70 to the contrary, a qualifying project shall be exempt from the Transportation Impact Fee. This is not a fee waiver or reduction but rather the temporary legislative institution of a new category of residential development projects that is exempt from the TIF.

(c) Notwithstanding anything in the SPASP to the contrary, for a qualifying project that may satisfy its open space requirement by the payment of a fee in lieu of providing open space, the rate of the in-lieu fee shall be 25% of the rate that would otherwise apply. This is not a fee waiver or reduction but rather the temporary legislative institution of a different in-lieu fee rate for qualifying projects.

(d) The provisions of subsections (a), (b), and (c) of this Section 2 shall expire 16 months from the effective date of this resolution for any qualifying project that has not been issued a building permit.

(e) In the event that an application is filed to amend the land use approvals for a qualifying project, the provisions of this Section 2 shall continue to apply to the revised project. In addition to the immediately preceding sentence, if the amendment to the land use approvals for a qualifying project includes a change from a SPASP Tier II Design Review to SPASP Tier IV Design Review, an additional payment to the City's Affordable Housing Trust Fund of at least \$100,000.00 shall meet the requirement of public benefit for a Tier IV project.

Section 3. In the event that, within six months of the date of this resolution, an application is filed for a different project that includes the same land as a qualifying project and the new application includes a multi-family residential component ("new qualifying project"), the following shall apply for the new qualifying project:

(a) Notwithstanding anything in Chapter 19.30 of the Municipal Code to the contrary, the new qualifying ownership or rental project may fully satisfy the requirement to provide inclusionary housing by paying the fee in lieu of providing affordable housing units. The rate of the in-lieu fee for a new qualifying project shall be 25% of the rate that would otherwise apply. This is not a fee waiver or reduction but rather the temporary legislative institution of a different in-lieu fee rate for qualifying projects.

(b) The new qualifying project shall be subject to the TIF and open space in-lieu fee, if applicable under Chapter 4.54 of the Municipal Code, Resolution No. 2018-70, and the SPASP.

(c) The provisions of subsection (a) of this Section 3 shall expire 24 months from the date of submission of the new application for any new qualifying project that has not been issued a building permit.

Section 4. This resolution shall become effective immediately upon passage and adoption.

I CERTIFY that at a regular meeting on September 16, 2025, the City Council of the City of El Cerrito passed this Resolution by the following vote:

Mayor Wysinger and Councilmembers,

Please do not lower the City's expectations for new development to support inclusionary housing, as well as open space and transportation improvements. These are all critical community benefits to produce the development outcomes promised by the SPASP and associated community development efforts, including the expectations at the time of the entitlement processes for all these projects. The developers agreed to these terms. Two of them did so well into the pandemic and construction price rises. They took a bet that rents would keep going up and construction prices would come back down and the opposite happened (at least according to the chart in the report to Council). We are not responsible for their failure of due diligence and planning for completion of a project before beginning to incur significant costs and we should not sacrifice community benefits to favor the terms for a profit driven developer who will never tell you truthfully the margin they need to make the project work, because they want it to be as big as possible.

As the report to Council points out, fewer than 1/3 of entitled SPASP projects were actually built in the highly favorable five years before the pandemic when rents were high, construction costs more reasonable and the cost of borrowing money very low. If that many projects failed under those circumstances, why would we expect those facing today's challenges to be successful, even if we do throw away the much needed community benefits, as proposed (the inclusionary ordinance did not apply to most of those earlier projects that didn't happen). It is unlikely that even a million dollars ends up being the difference between these 4 projects going forward or not.

I want to see housing built, but I don't think reducing our standards is the way to do it. There is a much bigger fundamental issue with how we build, how much it costs, how we fund it and whose profit margins are being coddled to make it happen. Even when development is happening, it is far too slow and this is not because of CEQA and NIBMYs (at least not in El Cerrito), if you want to see more development, you need to think much more broadly about how our broken housing system is failing to serve all those who need it and try to do something about that, rather than just trying to milk one or two projects out by making successive sacrifices.

This action is being proposed as "refilling" the affordable housing fund, but it dramatically reduces the support for affordable housing by waiving on-site production in the case of for sale units and slashing the in-lieu fees to 25%. We should not abandon the commitment to more meaningful affordable housing contributions.

Even if you do lower the fees, you should not allow a new entitlement to proceed with the waived fees, when we don't know what they are proposing as a replacement project.

Ultimately, it is not good policy to carve out perks for a small segment of applicants and it is unfair to all the other entitlements and prospective entitlements over the past years. Given

Council's focus on budget, it should not be tempting to trade \$3.6M up front for a few hundred thousand a year. It will take more than 10 years for any of these projects to provide revenue to the city that exceeds the fees that are proposed to be waived.

Thanks for your time and consideration,
