Uninformed Support for Hypothetical No-Rate Increase Local Measure Renewal

To continue to maintain and prevent cuts to City services, without increasing taxes, such as:

- fire prevention/emergency response times;
- neighborhood police patrols;
- wildfire prevention;
- crime prevention/ investigation;
- after-school programs;
- library hours;
- senior services;
- open space, parks/ playfields; and
- for general government use,

shall El Cerrito's measure extending the existing voter approved 1¢ sales tax, until ended by voters be adopted, providing approximately \$4,000,000 annually, with citizens' oversight, annual audits, all funds staying local, none to Sacramento?

Support of Service Priorities Funded by Current Measure

A variety of city services were tested to identify respondent priorities which included “Maintain fire protection and emergency medical services”, “Maintain rapid 9-1-1 emergency response times”, “Maintain city parks, paths and playfields”, “Maintain after-school programs for children and teens”, “Maintain library programs for children, adults and families”, “Maintain wildfire prevention programs”, “Maintain and improve open spaces”, “Maintain crime prevention and investigation resources”, and “Maintain library hours”.

A variety of informational statements were tested including the fact that if the measure fails, the City will be facing an across the board 10 percent cut to City services, programs and staff; the measure will give El Cerrito local control over local funds for local needs. No funds can be taken by Sacramento; the measure will maintain rapid 9-1-1 response times for police and emergency services; the measure just extends the current rate and is not a tax increase; and the measure requires independent citizen oversight, to ensure that all funds are spent as promised.

A variety of critical statements were also tested including the fact that a property tax increase for affordable housing will also be on the ballot, the sales tax in El Cerrito will continue to be 10 and a half percent, the measure will never end, the City just needs the money to solve the general fund shortfalls, and there is no guarantee that the funds will be spent as promised. However, the critical statements did not reduce the overall support for the renewal of the measure.

Informed Support for Hypothetical No-Rate Increase Local Measure Renewal

To continue to maintain and prevent cuts to City services, without increasing taxes, such as:

FISCAL YEAR 2024/2025 – 2025/2026**

ARTS & CULTURE COMMISSION

Chair Courtney Helion;
Vice-Chair Audrey Faine;
Members Renee LeVesque, Kim Settles

MISSION STATEMENT: It is the mission of the Arts & Culture Commission to advise the City Council of the needs of the artistic and cultural community; encourage and promote arts programs and events that engage community members and local businesses to build a flourishing and vibrant arts and cultural environment; provide advice to artists and arts/cultural organizations by sponsoring forums, programs, and events; carry out the Arts in Public Places program, and upon request, advise the City with respect to possible sources of funding.

HISTORICAL BACKGROUND: The Arts and Culture Commission (ACC) consists of up to seven members who demonstrate a commitment to various arts disciplines, including but not limited to fine arts, visual arts, performing arts, literary arts, art history, and arts education. The ACC is charged with oversight of the Arts in Public Places Program, which requires certain development projects to contribute 1% of construction costs to public art, and is responsible for acquisition, funding, and placement of public art in the City on public property. The ACC also juries the City Hall Gallery Space, located on the second floor of City Hall at 10890 San Pablo Avenue.

History as described in 2017-18 Workplan: In 2002, a group of citizens petitioned the El Cerrito City Council to establish an arts and culture commission. Their proposal included the idea of advising the Council on arts and culture within the City and collaboration with existing organizations within the community: “By establishing an art and culture commission the City of El Cerrito would be providing support and encouragement for the growth of all arts. We would be joining the greater Bay Area in dedicating our time and involvement to the promotion of arts, artists and varied arts programs that would enrich our community and enhance our city.” In 2003, the City Council created the Arts and Culture Commission. In 2013, the Commission adopted an Arts and Culture Master Plan to shape a vision for arts and culture in the City of El Cerrito.

AGENDA BILL

Agenda Item No. 7.K.

Date: May 7, 2024
To: El Cerrito City Council
From: Christopher Jones, Recreation Director, Recreation Department
Subject: Extension of Services Agreement with ChildCare Careers, LLC

ACTION PROPOSED

Adopt a resolution authorizing the City Manager to extend the Recreation Department's services agreement with Childcare Careers, LLC for fiscal year (FY) 2023-24 for a total amount not to exceed \$95,000.

BACKGROUND/ANALYSIS

On April 11, 2019, the City entered into a services agreement with ChildCare Careers, LLC (CCC). The purpose of this agreement is to provide temporary childcare workers as needed for the City's afterschool programs at Fairmont, Harding and Madera Schools. CCC is the main firm for the childcare field with thousands of customers throughout the State of California and the only agency that can reliably provide temporary, qualified service providers in the East Bay. CCC employees are fully vetted and cleared by the California Department of Social Services prior to being assigned to childcare sites, ensuring that last-minute services needs meet State licensing requirements. This is an important component to ensure that the City's childcare programs remain safe (with ample supervision) and meet mandated staff-to-children ratios.

In El Cerrito, each West Contra Costa Unified School District elementary school site has State licensed childcare program located in a City Clubhouse on campus and a school-based program located in the school buildings. Just prior to the pandemic and up to the present day, recruiting and retaining childcare staff has been more difficult than in the past for a variety of reasons. Currently, the main challenges stem from record low unemployment and the strong local job market, which offers numerous higher-paying part-time job opportunities for young adults across various sectors, including fast food services, retail, hospitality, and other childcare providers.

Due to this challenge, the City has had to increasingly rely on CCC to maintain the mandated staffing ratios which will require paying CCC over \$45,000 for the first time this fiscal year. Without this agreement, the City would have to cancel crucial childcare services for multiple families, most of whom rely on this care due to all the adults in the household working full-time jobs. Staff is developing recommendations to address the critical recruitment issues that exist within the City's childcare programs with the goal of significantly decreasing reliance on CCC. Additionally, City staff provide a higher-quality program due to their extensive training and strong sense of ownership regarding the success of their programs. In contrast, temporary service providers frequently rotate between different sites, which can impact program consistency.

Pursuant to Resolution 2017-71A, services and purchases made from a single vendor (either individually or collectively within one fiscal year) over \$45,000 requires City Council approval. The cost of extending the Recreation Department's services agreement with CCC for Fiscal Year 2023-24 is \$50,000 (with contingencies), for a total cost not to exceed \$95,000, which is above the City Manager's spending authority. The cost of this increase was incorporated into the Recreation Department's budget at mid-year and will not require any budget amendments.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *Community Safety; and*
- *Livability and Belonging.*

ENVIRONMENTAL CONSIDERATIONS

This section is not applicable to this agenda item.

FINANCIAL CONSIDERATIONS

The cost for this request was incorporated into the Recreation Department's current fiscal year budget at mid-year. No amendments to the budget are required.

LEGAL CONSIDERATIONS

The City Attorney has reviewed the proposed action and found that legal considerations have been addressed.

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO AUTHORIZING THE CITY MANAGER TO EXECUTE AN EXTENSION TO THE SERVICES AGREEMENT BETWEEN THE CITY OF EL CERRITO AND CHILDCARE CAREERS, LLC FOR CONTINUED TEMPORARY CHILDCARE SERVICE FOR A TOTAL AMOUNT NOT TO EXCEED \$95,000 FOR FISCAL YEAR 2023-24

WHEREAS, in April 2019 the City of El Cerrito entered into a services agreement with Childcare Careers, LLC (CCC) to provide temporary childcare services for the City's afterschool childcare programs at Fairmont, Harding and Madera Schools; and

WHEREAS, the agreement is crucial to maintaining safety and State mandated staff to children ratios for the City's State licensed and school based programs; and

WHEREAS, there has been a dramatic increase in the need for these services this school year due to low unemployment and a strong local job market which has made recruitment and retention of qualified childcare personnel difficult; and

WHEREAS, the cost for services provided by CCC to the City are projected to be an additional \$50,000, with contingencies, for the 2023-24 fiscal year for a total amount not to exceed \$95,000 utilizing available funds in the City's budget; and

WHEREAS, pursuant to Resolution 2017-71A, total purchases from a single vendor exceeding \$45,000 require City Council approval.

NOW THEREFORE, BE IT RESOLVED that the City Council of the City of El Cerrito authorizes the City Manager to execute an extension to the services agreement with Childcare Careers for an additional amount of \$50,000 for a total amount not to exceed \$95,000 in Fiscal Year 2023-24.

AGENDA BILL

Agenda Item No. 7.L.

Date: May 7, 2024
To: El Cerrito City Council
From: Roland Lambert, Associate Engineer; Yvetteh Ortiz, Public Works Director/City Engineer, Public Works Department
Subject: Reject Construction Bids for the Miscellaneous Storm Drain Repair Project, City Project No. C5036.10

ACTION PROPOSED

Adopt a resolution rejecting all bids submitted for the Miscellaneous Storm Drain Repair, City Project No. C5036.10 (Project); and authorizing City staff to amend the Project documents, and rebid the Project.

BACKGROUND

The Miscellaneous Storm Drain Repair, City Project No. C5036.10 (Project) is a component of the Measure J funded Annual Storm Drain Program. This project is intended to complete high priority storm drain repairs at 6 locations within the City as follows:

1. Colusa Avenue at Hotchkiss Avenue
2. Navellier Street at Donal Avenue
3. Navellier Street at Schmidt Lane
4. Hillside Nature Area at Schmidt Lane
5. King Drive north of Moeser Lane – Alternate Bid Item
6. Arlington Boulevard - Alternate Bid Item

The planned work consists of storm drain pipe, manhole, and inlet construction; sidewalk, curb, gutter, curb ramp, and sidewalk railing construction; pipe bursting; and other related work. For bidding purposes, and to allow flexibility of award within the Project budget, the work was divided into a Base Bid and two Additive Alternate Bids.

The Notice Inviting Bids for the Project was advertised in the East County Times on February 26 and March 4, 2024. Additionally, the notice along with a complete set of Project documents was sent to eight Builder and Construction Exchanges in the Bay Area and Northern California and made available for purchase through the BPXpress website, an online plan room used by the City. The notice was also posted on the City's website. A non-mandatory pre-bid conference was held on March 13, 2024. One addendum was issued.

ANALYSIS

As a part of the required competitive bidding process under state law, the City is required to award a public works contract to the lowest bidder whose bid is responsive

to all requirements of the City's bid specifications. Relatedly, pursuant to California Public Contracts Code section 20166, the City Council retains absolute discretion to reject all bids received on a given project.

In this case, the City received six (6) bids on the bid opening date and time of March 19, 2024, at 2 p.m. The bids were publicly opened and read by the City Clerk. Upon reviewing the bid submittals, City staff recommends that all bids be rejected for the City to re-advertise and solicit new Project bids. This is to allow the Project documents to be further refined and incorporate additional requirements better tailored to specific Project aspects. Such refinements include details relating to technical experience and contractor licensing requirements appropriate for public storm drain repair work, and other items as necessary to allow the City to better evaluate bid responses.

As such, City staff recommends that the City Council reject all bids submitted for the Project, authorize staff to amend the Project documents, and rebid the project as soon as possible.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *Infrastructure and Amenities.*

ENVIRONMENTAL CONSIDERATIONS

Rejection of bids is not an action subject to CEQA. With respect to the Project, it is categorically exempt from review under the California Environmental Quality Act (CEQA) pursuant to Section 15301 because the project is a repair to an existing facility involving negligible or no expansion of use beyond that presently existing. More specifically, restoration or rehabilitation of deteriorated or damaged facilities to meet current standards of public health and safety, unless it is determined that the damage was substantial and resulted from an environmental hazard such as an earthquake, landslide, or flood, is exempt from CEQA.

FINANCIAL CONSIDERATIONS

Funding allocation for the Project is included in the FY 2023-24 Adopted Budget and Capital Improvement Program, under the Annual Storm Drain Program in the Measure J Storm Drain Fund. Additional funding will also be needed and is available in the Measure J Storm Drain Fund Balance. As determined in the Annual Comprehensive Financial Report (ACFR) for Fiscal Year 2022-23, the fund balance was \$935,562. Of this amount, \$417,441 was appropriated in the Adopted Fiscal Year 2023-24 Budget and \$13,000 as part of the mid-year update, meaning there are sufficient funds for this project and future projects. City staff will request that the City Council appropriate additional funds that may be needed for this project as part of the award of the construction contract after rebidding.

LEGAL CONSIDERATIONS

The City Attorney has reviewed the proposed action and found that legal considerations have been addressed.

AGENDA BILL

Agenda Item No. 7.M.

Date: May 7, 2024
To: El Cerrito City Council
From: Paul Keith, Chief of Police, Police Department
Subject: Adopt a Resolution Authorizing the Purchase of Three (3) Hybrid Ford Explorer Police Vehicles in an Amount not to Exceed \$174,000.

ACTION PROPOSED

Adopt a Resolution Authorizing the Purchase of Three (3) Hybrid Ford Explorer Police Interceptor Vehicles for an Amount not to Exceed \$174,000.

BACKGROUND/ANALYSIS

The El Cerrito Police Department (ECPD) maintains a fleet of administrative police vehicles. Administrative police vehicles are unmarked and used by police administrators and investigators. The department fleet consists of vehicles of varying ages, with some over ten years old. Staff recommends replacing aging administrative vehicles with new Ford Explorer Police Interceptors. The proposed prices were negotiated by state bid and are reflected in State Contract #1-22-23-14C.

Staff plans to replace a 2002 Ford Explorer and a 2005 Ford Crown Victoria with new police vehicles. Both of these vehicles have reached the end of their service lives due to increasing maintenance costs and lower reliability associated with high mileage. Staff intend to transition a third vehicle, a 2013 Ford Explorer, into a pool car. This pool car will be used by employees when they are required to travel to pick up supplies or to training, seminars, or meetings. The new vehicles will be used by administrative officers and investigators.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *Community Safety* by ensuring that police staff have reliable vehicles to respond to emergency incidents; and
- *Environmental Sustainability* by purchasing vehicles that will be more fuel efficient than their predecessors.

ENVIRONMENTAL CONSIDERATIONS

The Ford Explorer Police Interceptors sought by staff are hybrid vehicles. These vehicles use both an internal combustion engine and an electric motor for propulsion. They are more fuel efficient than other similarly equipped police vehicles. The Police Department does not currently have the infrastructure to support fully electric vehicles.

FINANCIAL CONSIDERATIONS

Funding for this purchase is included in the budget for Fiscal Year 2023-24. The funding will be split between the Police Department General Fund budget (\$150,000) and the C.O.P.S. Grant Fund budget (\$24,000).

AGENDA BILL

Agenda Item No. 7.N.

Date: May 7, 2024
To: El Cerrito City Council
From: Crystal Reams, Finance Director/City Treasurer, Finance Department
Subject: Adopt Landscape and Lighting Assessment (LLAD) for Fiscal Year 2024-25 and Adopt Resolution of Intent to Order Improvements; and Set the Public Hearing as May 21, 2024

ACTION PROPOSED

Accept the Engineer's Report specifying assessments for Landscape and Lighting Assessment District No 1988-1 for Fiscal Year 2024-25 and adopt a Resolution of Intention to order improvements pursuant to the Landscape and Lighting Act of 1972, and set the time, date, and place of the public hearing as May 21, 2024 at 6:00 p.m.

BACKGROUND

On June 6, 1988, the City Council established Assessment District No. 1988-1 pursuant to the Landscape and Lighting Act of 1972. The purpose of this Landscape and Lighting Assessment District (LLAD) is to raise funds to support improvements and maintenance of the City's park areas, landscaping areas, and street lighting. Since 1988, this Assessment District has generated funds to support LLAD activities, and will generate approximately \$801,226 in FY 2024-25 to support LLAD activities. In November 1996, LLAD 1988-1 was approved by the voters and therefore complies with the provisions of Proposition 218. Any increase in the assessment fee level would be subject to property owner approval via an assessment ballot vote.

In order to impose this annual assessment, the City Council must annually authorize an Engineer's Report to identify the costs, uses, and benefits of those parcels within the LLAD. The City Council authorized such a report on April 2, 2024, by Resolution No. 2024-18. The report was prepared by the Engineer of Record, NBS Local Government Solutions. As the next step in the process, the City Council must accept the Engineer's Report and conduct a public hearing to hear comments on the imposition of these assessments in order for the assessment to be imposed. The intent of this Agenda item and resolution is to accept the Engineer's Report and to schedule the public hearing for May 21, 2024.

ANALYSIS

The Resolution of Intention to Order Improvements describes the work to be performed during the next fiscal year, as outlined in the Engineer's Report. In addition, the attached Resolution sets the time, date, and place of the public hearing. A copy of the Fiscal Year 2024-25 Engineer's Report is attached as Exhibit A to the resolution. The procedures for conducting the public hearing and receiving protests are the same as for forming the District; however, there are no provisions for majority protest.

The funding levels specified in the Engineer's Report include revenue from the assessment. The funding is consistent with the work described in the Engineer's Report and in the Resolution of Intention to Order Improvements. Without the imposition of this assessment, the City would need to identify alternate funding sources for those items proposed to be funded by the LLAD or eliminate those items from City's work plan in FY 2024-25.

The amount of the annual assessment cannot be increased without property owner approval, even if revenue from the assessment is insufficient to fund all activities of the district. When the LLAD was initially formed, it did not include an automatic adjustment for inflation, so the amount of the assessment per parcel and total assessment revenue have fallen behind the costs of the activities of the district.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *High Performing Organization; and*
- *Livability and Belonging; and*
- *Infrastructure and Amenities; and*
- *Environmental Sustainability.*

ENVIRONMENTAL CONSIDERATIONS

This section is not applicable to this agenda item.

FINANCIAL CONSIDERATIONS

The current rate of assessment will generate approximately \$801,226 of LLAD revenue, which will be included in the City's FY 2024-25 budget. As the sources and uses of all City revenues are currently under review, the cost for LLAD eligible expenditures in excess of the assessment revenue will be covered by City contributions from other appropriate funding sources or expenses will be reduced to ensure that the LLAD expenditures do not exceed available LLAD revenues in FY 2024-25. The City Council appropriates expenditures of these funds as part of its annual budget process.

LEGAL CONSIDERATIONS

The Resolution of Intention must be adopted in order to collect revenues from the Assessment District in accordance with the provisions of State Law.

1. EXECUTIVE SUMMARY

The City of El Cerrito (the “City”) directed NBS to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained, and an estimate of the costs of the maintenance, operations, and servicing of the improvements for the City of El Cerrito Landscape and Lighting Assessment District 1988-1 (the “District”) for Fiscal Year 2024/25 pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2, Division 15 of the California Streets and Highways Code (commencing with Section 22500)* (the “Act”).

The report includes a map of the District, showing the area and properties proposed to be assessed; an assessment of the estimated costs of the maintenance, operations, and servicing of the improvements; and the net amount to be assessed upon all assessable lots and/or parcels within the District in proportion to the special benefit received.

The following tables summarize the annual levy by Zoning for Fiscal Year 2024/25:

Fiscal Year 2024/25

Zoning	Number of Parcels ⁽¹⁾	Levy Total ⁽²⁾
Residential	8,359	\$686,022.16
Commercial	472	103,703.22
Totals:	8,831	\$789,725.38

(1) Parcel count includes exempt parcels.

(2) Total amount may vary slightly due to rounding adjustments.

2. OVERVIEW

2.1 Introduction

The District provides for the installation, maintenance, and servicing of public lighting, landscaping, and park and recreational facility improvements located within the incorporated limits of the City.

The costs to acquire and construct major new facilities to be maintained will generally be paid by sources other than District funds. While the District pays for the maintenance costs associated with various park and recreation programs, the costs of the programs themselves are not supported by District funds.

2.2 Plans and Specifications

The services performed are primarily maintenance and generally do not require plans. The plans and specifications to the extent that they exist, include but are not limited to:

- Conceptual plans
- Street lighting maps, detail lists, schedules, and PUC schedules
- Street Tree Planting Master Plan
- Maintenance specifications, programs, and policies for:
 - Landscaping
 - Medians
 - Graffiti abatement
 - Recreation buildings
 - Community and neighborhood park grounds
 - Weed abatement
 - Creeks and trails
 - Litter and debris removal
- Water, gas, and electric company requirements, policies, and specifications

These documents are available in the City's Public Works Department and Recreation Department offices and are included in this report by reference. A diagram indicating the location of the improvements to be serviced and maintained is included in Section 4 of this report.

3. DESCRIPTION OF IMPROVEMENTS

The improvements to be installed, serviced, and maintained generally consist of the following:

Street Lighting

Residential Lighting - The District provides funding for street lighting throughout the City, which is typically located at intersections and at mid-block. Spacing of lights is typically 500 feet, although this distance may vary depending on topographic and right-of-way restraints.

Medium-Intensity Commercial Lighting - Industrial and some commercial districts have closer spacing of street lighting, typically at 250-foot intervals. Commercial districts on San Pablo Avenue and other arterial streets require a higher level of lighting intensity.

Medians and Rights-of-Way

Corresponding numbers on the map in Section 4 depict the location of medians. Landscaped medians are located on the following arterial streets:

1. San Pablo Ave. (entire length)

4. Central Ave. (Carlson Blvd. to San Pablo Ave. and Liberty St. to Richmond St.)
5. Ashbury Ave. (south City limit to Fairmount Ave.)
6. Fairmount Ave. (Liberty St. to Richmond St. and Carlson Blvd. to San Pablo Ave.)
7. Potrero Ave. (Eastshore Blvd. to San Pablo Ave.)

CITY OF EL CERRITO LANDSCAPE AND LIGHTING DISTRICT NO. 1988-1

5. METHOD OF ASSESSMENT

The estimated net cost of the improvements has been divided among the several parcels of land within the District in proportion to the estimated benefits to be received by the parcels, respectively, from the improvements. The method used to apportion the cost among the benefiting properties is as follows:

- 1) Residential costs were identified as the total estimated cost to provide landscaping and lighting on residentially zoned streets plus 98% of the net cost to maintain park and recreational facilities, plus a prorated share of the incidental expenses.
- 2) Commercial costs were identified as the total estimated cost to provide landscaping, lighting, and sweeping to frontage on commercially zoned streets, plus 2% of the net cost to maintain park and recreational facilities, plus a prorated share of the incidental expenses.

The net residential cost was apportioned within residentially zoned areas and the net commercial cost was apportioned within commercially zoned areas as follows:

RESIDENTIALLY ZONED AREAS

Occupied Single Family Residential (SFR) properties were assumed to benefit equally and were assessed the same. Multifamily Residential (MFR) parcels and condominiums were assumed to benefit less, due to increased density and private maintenance costs. MFR units were assessed 75% of the SFR rate for the first twenty units and 50% of the SFR rate for each additional unit over twenty.

Churches and private schools in residentially zoned areas were assessed for direct frontage benefits received. Commercial land uses in residential neighborhoods were assessed at the Zone 3 frontage rate, plus the commercial park assessment rate. One hundred feet of corner relief, or the side street dimension, whichever was less, was credited to corner parcels. Open space owned by private parties, utilities, and the golf course were assessed for one-half the Zone 3 frontage assessment rates. Public property was not assessed.

Vacant lots were assessed at one-half the amount calculated for a similar occupied parcel. Vacant land and open space were assessed for frontage benefit at one-half the zone rate. Assessments for common areas were considered to be included in the assessment for the various residential units.

Unusual or exceptional parcels were assessed according to the judgment of the engineer. Assessments for SFR properties that are divided by the City boundary were calculated by multiplying the rate for a SFR by the ratio of land area in the City's boundary.

COMMERCIALLY ZONED PROPERTY

Three zones of commercial street landscaping, lighting, and sweeping service are identified on the assessment diagram. The cost per foot to provide services to frontage on San Pablo Avenue (Zone 1) was estimated to be six times the cost of Commercial Zones 2 and 3 streets. Parcels with San Pablo Avenue frontage were assessed \$2.00 per front foot for direct benefit received.

Parcels with frontage in Zones 2 and 3 were assessed \$0.33 per foot, or one-sixth the San Pablo Avenue assessment. Corner lots were credited one hundred feet or the side yard dimensions, whichever was less. Parcels with frontage in more than one zone were assessed for the applicable frontage in each zone.

The remaining costs to provide street landscaping, lighting, and sweeping within the commercially zoned areas, including a prorated share of the incidental expenses, were assessed to the properties located on Zones 1 and 2 streets in proportion to parcel area.

Areas and frontages were calculated using information on file with the County Assessor. Areas and frontages are approximations intended only as indicators of benefit.

The assessments for parcels within the El Cerrito Plaza and the Del Norte Marketplace shopping centers were calculated by totaling the frontage and area assessments and then prorating the total according to area.

SFR residential parcels in commercially zoned areas were presumed not to benefit more from increased levels of lighting and landscaping and were assessed at SFR rates.

MFR parcels in commercially zoned areas were assessed at MFR rates less 20%, representing a credit for the residential street lighting and sweeping benefit not received. MFR parcels in commercially zoned areas were also assessed for direct frontage benefits received. The commercial park and area assessment was not applied to MFR parcels.

Private institutions within the commercially zoned areas were assessed for the applicable frontage benefit but were not assessed for commercial area or park benefit.

Motels were assessed as commercial properties.

Vacant lots were assessed at one-half the occupied rate.

Public properties were not assessed.

Unusual or exceptional properties were assessed according to the judgment of the engineer.

8. ASSESSMENT ROLL

Parcel identification, for each lot or parcel subject to the annual levy, shall be based on the Contra Costa County Assessor's (the "Assessor") secured roll data for the applicable year in which this report is prepared and is incorporated herein by reference.

A listing of Assessor's parcels subject to the annual levy for Fiscal Year 2024/25, along with the amounts levied, is on file in the office of the City Clerk and incorporated herein by reference. Based on the Assessor's secured roll data, current Assessor's parcels, including corrected and/or new Assessor's parcels, assessment amounts will be submitted and/or resubmitted to the Contra Costa County Auditor/Controller. The annual amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the assessment methodology and rates approved in this report. Therefore, if a single Assessor's parcel has a status change in development, other land use change, or subdivides into multiple Assessor's parcels, the levy amounts applied to each of the new Assessor's parcels shall be recalculated and applied according to the approved assessment methodology and rates rather than a proportionate share of the original levy amount.

AGENDA BILL

Agenda Item No. 7.O.

Date: May 7, 2024
To: El Cerrito City Council
From: Aissia Ashoori, Housing-Economic Development Manager; Melanie Mintz, Community Development Director, Community Development Department
Subject: Resolution authorizing amendments to the Disposition and Development Agreement and Affordable Housing Regulatory Agreement with Mayfair Affordable, LLC, 11690 San Pablo Avenue

ACTION PROPOSED

Adopt a resolution authorizing the City Manager to 1) amend the *Disposition and Development Agreement* (DDA) and *Affordable Housing Regulatory Agreement* (Agreement) with the non-profit developer, Mayfair Affordable, LLC (Developer), for the property located at 11690 San Pablo Avenue - APN 502-062-031-5 (Affordable Project) associated with the development of 69 affordable housing units and 2) execute any other related documents and to take any other actions necessary to implement the *Development and Disposition Agreement and the Predevelopment Loan*.

BACKGROUND

The Mayfair Block (Site) consists of 1.57-acres adjacent to the El Cerrito del Norte BART Station, bordered by San Pablo and Knott Avenues, Kearney Street, and Cutting Boulevard. The Site consisted of three parcels of land (APNs 502-062-003, 502-062-029, 502-062-028), previously occupied by a service station and a commercial building, which were purchased by the former El Cerrito Redevelopment Agency (RDA) incrementally. The Site was acquired and assembled given its prime location to provide transit-oriented development (TOD) and catalyze future investment in the Del Norte area. In 2016, the Site was transferred to the City ([Resolution 2016-39](#)) for future disposition and development as part of the Successor Agency's Long Range Property Management Plan (Successor Agency Resolution 2015-03).

In 2016, as part of the Request for Qualifications and Request for Proposals, the City selected Holliday Development and BRIDGE Housing to negotiate with for the disposition of the Site. The City entered into an Exclusive Negotiating Rights Agreement (ENRA) ([Resolution 2017-26](#)) with Holliday and BRIDGE and eventually into a *Disposition and Development Agreement* (DDA) with HD Mayfair, LLC (an affiliate of Holliday Development) and Mayfair Affordable, LLC (an affiliate of BRIDGE) for the development of the Site ([Resolution 2018-06](#)). During that time, the TOD Site also received its entitlement for 223 residential units, 30% designated as affordable, in two buildings with shared underground parking.

The mixed-use entitlement included 156 market-rate residential units in a six-story building plus 8,893 square feet of commercial space and 67 affordable family residential units in a five-story building along with shared amenities including public, common, and private open spaces connecting both buildings (Design Review Board Approval on August 2, 2017; PC 17-03 - and Planning Commission Approval July 12, 2017; PC 17-07).

In October 2020, the Developer requested changes and received approvals to modify the original entitlement for the Affordable Project (Design Review Board Approval on November 18, 2020; DRB 2020-06 - and Planning Commission Approval October 21, 2020; PC 20-0025). The primary proposed change was the inclusion of podium level parking for 34 vehicle parking spaces resulting in an additional story to the Affordable Project. In the previously approved entitlement, 150 underground vehicle parking spaces were proposed in a garage underneath the market-rate component that would serve both buildings. The Developer subsequently determined that leasing parking spaces from the market-rate building raised issues with their potential financing opportunities. The mews (shared public open space) connecting the main lobby of both buildings did not change. The Developer also requested two Affordable Project alternatives of either providing 69 or 74 affordable housing units to provide flexibility depending upon requirements of potential financing sources. The traditional housing alternative would provide 69 affordable units to families and the senior housing alternative would provide 74 affordable units for seniors, both with one manager's unit. Both alternatives included levels of affordability ranging from 30% to 60% of [Area Median Income \(AMI\)](#). These changes were introduced to expand the availability of financing resources to the Affordable Project given the extreme competitiveness associated with affordable housing funding which is layered and requires multiple applications.

ANALYSIS

Development and Disposition Agreement

As a reminder, the DDA governs the obligations between the developers and City. On July 17, 2018, the City, HD Mayfair, LLC and Mayfair Affordable, LLC executed the DDA. The DDA specifies the Site terms including the development schedule, financing, sale/purchase, affordable housing, etc. Under Section 6.4 of the DDA, close of escrow was required to occur within 12 months and the Site was transferred on May 1, 2019. Concurrently, HD Mayfair, LLC (market-rate developer) donated the affordable housing parcel to Mayfair Affordable, LLC (non-profit developer).

Regarding schedule, the DDA contemplated construction sequencing within *Section 2.2 Development Components*, with Site construction occurring in two phases: Market-Rate Development (Phase I) and Affordable Housing Development (Phase II). *Section 2.3 Development Schedule*, recognized that the Site would be developed and constructed over five years beginning with Phase I.

As required in the DDA, commencement of construction of the Affordable Project must occur within five years of acquisition, or by May 1, 2024. Phase I began construction in 2020 and was completed in 2023. After collaborating with the Developer to submit multiple funding applications, Phase II is on track to begin construction in July 2024. The DDA allows the City to grant an extension in consideration with good faith efforts made by the Developer to advance the Affordable Project to construction.

Affordable Housing Regulatory Agreement

With the acquisition of the affordable housing parcel in 2019, the City recorded an Affordable Housing Regulatory Agreement with Mayfair Affordable, LLC restricting 66 of the 67 units (one manager's unit) to households earning up-to 60 percent of AML. Since 2019, the Affordable Project was re-entitled in 2020 with options for either 69 or 74 affordable housing units to provide flexibility depending upon requirements of potential financing sources. The Affordable Project is proceeding as 69 units (one manager's unit).

Development and Disposition Agreement: Milestones/Actions

Since the DDA was executed, the Developer has secured financing from nine funding sources at the County, State and Federal levels including the City's predevelopment loan of \$350,000. In December 2023, the Affordable Project received its final funding commitment from the California Debt Limit Allocation Committee (CDLAC). The Affordable Project is on track to receive its building permit in May to close construction financing by June 2024 and break ground in July. The Affordable Project is targeted for completion in Spring 2026.

Below is a list of secured funding commitments from the following sources:

- HD Mayfair, LLC: *Land Donation* (2019)
- City of El Cerrito *Affordable Housing Trust Fund*: Predevelopment Loan (2019)
- U.S. Department of Housing & Urban Development: *Hope VI Main Street Program* (2021)
- Contra Costa Housing Authority: *Project-Based Vouchers* for 17 units (2022)
- Contra Costa County: *Permanent Local Housing Allocation Program* (2022)
- State of California: *Affordable Housing Sustainable Communities Program* (2022)
- Contra Costa County: *Measure X Housing Fund* (2023)
- State of California: *Infill Infrastructure Grant Program* (2023)
- CDLAC: *Low Income Housing Tax Credits* (2023)
- CDLAC: *Tax Exempt bond allocation* (2023)

Further, the City Council also authorized a gap loan in the amount of \$200,000 on June 23, 2023 from the City's Affordable Housing Trust fund ([Resolution 2023-44](#)) to assist the Developer with the Affordable Project's building permit application. The loan will be repaid by the Developer at construction closing.

Proposed Amendments

In recognition of the various financing sources that have been secured for the Affordable Project, and to ensure all enforceable funding commitments are met to complete construction closing, staff recommends the following amendments:

- *Development and Disposition Agreement:* Extend the term from May 1, 2024, to July 31, 2024, and extend the date for completion of construction of the Affordable Housing Development to July 1, 2026;
- Update the Affordable Housing Financing Plan;
- Approve the Tax Credit Investor which is an affiliate of Enterprise Housing; and
- Make other changes to address consistency issued with approved funding sources.
- *Affordable Housing Regulatory Agreement:* Amend the unit count from 67 to 69 units.

Adoption of this resolution will allow the Affordable Project to move into construction. Upon completion in 2026, there will be 69 new housing units available for families/households earning between 30 percent and 60 percent AMI while also contributing to our Regional Housing Needs Allocation for the 2023-2031 cycle. This action is essential for construction to commence in July 2024.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goals](#) of:

- *Livability and Belonging; and*
- *Infrastructure and Amenities; and*
- *Environmental Sustainability.*

ENVIRONMENTAL CONSIDERATIONS

The City, in accordance with CEQA, has determined that the development of the Affordable Project is consistent with the Program Environmental Impact Report prepared for the San Pablo Avenue Specific Plan pursuant to CEQA Guidelines Sections 15168(c) and 15182 and has made the relevant findings.

FINANCIAL CONSIDERATIONS

Repayment of the \$200,000 gap loan at construction closing will be deposited into the City's Affordable Housing Trust fund in FY 2023-2024.

LEGAL CONSIDERATIONS

This has been reviewed by the Successor Agency Legal Counsel and City Attorney.

CONVEYANCE OF DEVELOPER PARCELS

Section 5.1 Conditions Precedent to Disposition of the Developer Parcels.

The requirements set forth in this Article 5 are conditions precedent to the City's obligation to convey the Developer Parcels to the Developers. Section 5.3 Reciprocal Easement Agreement, Open Space Easement.

The Reciprocal Easement shall allow for the Affordable Developer (and its successors and assigns) to access and use vehicle spaces on the Market Rate Development in connection with the operation of the Affordable Development. The Reciprocal Easement Agreement shall also allow the Developers (and their successor and assigns) to access and use open space mews on the Property in connection with the operation or completed operation of the Development Improvements. In addition to the Reciprocal Easement Agreement, the Developer shall record an easement agreement providing public access to those areas designated in the Conceptual Site Plan as public open space ("Open Space Easement"). The Open Space Easement shall include rules limiting access to the easement area consistent with the City's approvals and shall allow the Developer to establish additional rules as needed to address Project operational issues, so long as such rules are consistent with the City's entitlements for the Project. Notwithstanding anything to the contrary herein, and subject to the City's approval of any necessary amendments to the land use entitlements applicable to the Affordable Development

Developer may obtain two six (6) month extensions of the Outside Closing Date by depositing with Escrow seventy-five thousand dollars (\$75,000) as a nonrefundable extension payment ("Extension Payment") for each such extension. Any Extension Payment made by Developer must be deposited in Escrow on or prior to the Outside Closing Date being extended. Any Extension Payment, along with any interest earned on the Extension Payment, shall be applied toward the Purchase Price in the event escrow closes prior to expiration of the Outside Closing Date, as extended. If for any reason (except for a City Event of Default) the Close of Escrow does not occur by the Outside Closing Date, as extended, the Extension Payment(s) and any interest earned thereon shall be released to the City and this Agreement shall be terminated and the City may proceed to market the Property. In addition to the conditions precedent set forth in Article 5, the following conditions must be satisfied, or waived in writing by the City, prior to or concurrently with, and as conditions of, the Close of Escrow:

(e) Developer's Release of the City. The Developer, on behalf of itself and anyone claiming by, through or under the Developer hereby waives its right to recover from and fully and irrevocably releases the City, its officers, directors, agents, employees and consultants ("Released Parties") from any and all claims, responsibility and/or liability that the Developer may have or hereafter acquire against any of the Released Parties for any costs, loss, liability, damage, expenses, demand, action or cause of action arising from or related to: (1) the condition (including any construction defects, errors, omissions or other conditions, latent or otherwise), valuation, salability or utility of the Property, or its suitability for any purpose whatsoever; (2) any presence of Hazardous Materials; and (3) any information furnished by the Released Parties under or in connection with this Agreement.

(f) Scope of Release. The release set forth in this Section includes claims of which the Developer is presently unaware or which the Developer does not presently suspect to exist which, if known by the Developer, would materially affect the Developer's release of the Released Parties. The Developer specifically waives the provision of any statute or principle of law that provides otherwise. In this connection and to the extent permitted by law, the Developer agrees, represents and warrants that the Developer realizes and acknowledges that factual matters now unknown to the Developer may have given or may hereafter give rise to causes of action, claims, demands, debts, controversies, damages, costs, losses and expenses which are presently unknown, unanticipated and unsuspected, and the Developer further agrees, represents and warrants that the waivers and releases herein have been negotiated and agreed upon in light of that realization and that the Developer nevertheless hereby intends to release, discharge and acquit the Released Parties from any such unknown causes of action, claims, demands, debts, controversies, damages, costs, losses and expenses. However, the Developers shall not be required to pay and discharge any such charge so long as: (1) the legality thereof is being contested diligently and in good faith and by appropriate proceedings; and (2) if requested by the City, the applicable Developer deposits with the City any funds or other forms of assurance that the City in good faith from time to time determines appropriate to protect the City from the consequences of the contest being unsuccessful.

Section 9.2 Purpose of Restrictions on Transfer.

- (a) This Agreement is entered into solely for the purpose of the development and operation of the Project and the subsequent use of the Development Improvements in accordance with the terms hereof. The Developer recognizes that the qualifications and identity of the Developers are of particular concern to the City, in view of:
 - (1) The importance of the redevelopment of the Property and each of the Developer Parcels to the general welfare of the community;
 - (2) The reliance by the City upon the unique qualifications and ability of the Developers, to serve as the catalyst for development of the Property and each of the Developer Parcels;
 - (3) The fact that a change in ownership or Control of the Developer, or applicable Developer, or of a substantial part thereof, or any other act or transaction involving or resulting in a significant change in ownership or with respect to the identity of the parties in control of a Developer or the degree thereof is for practical purposes a transfer or disposition of the Development Site or the applicable Developer Parcel;
 - (4) The fact that the Property and each of the Developer Parcels is not to be acquired or used for speculation, but only for development and operation by the Developer in accordance with the Agreement and associated ancillary documents; and

(b) The Developer further recognizes that it is because of such qualifications and identity that the City is entering into this Agreement with the Developer and that Transfers are permitted only as provided in this Agreement.

Section 9.3 Prohibited Transfers. The limitations on Transfers set forth in this Article apply with respect to any of the Developer Parcels until such time as a Certificate of Completion has been issued for such Developer Parcel. Developer's Partnership Agreement provides for capital contributions of the limited partners consistent with Affordable Development Financing Plan and is first approved by the City in its reasonable discretion; (2) all documents associated with the tax credit syndication of the Affordable Development are submitted to the City for approval prior to execution, which approval may not be unreasonably withheld or delayed; and (3) in subsequent transfers the Tax Credit Investor (or an Affiliate of the Tax Credit Investor reasonably acceptable to the City) remains liable for all unpaid capital contributions. The Parties agree and acknowledge that an entity controlled by the Affordable Developer will remain the managing general partner of any assignee of the Affordable Developer throughout the Term. In the event the general partner of the Affordable Developer is removed by the limited partner of the Affordable Developer for cause following default under the Developer's partnership agreement, the general partner interest of the Affordable Developer may be Transferred to a 501(c)(3) tax-exempt nonprofit public benefit corporation that is selected by the limited partner and approved in advance and in writing by the City, which approval may not be unreasonably withheld.

(i) The Transfer of the limited partner interest in the Affordable Developer provided that: (1) such Transfers do not affect the timing and amount of the limited partner capital contributions provided for in the Partnership Agreement approved by the City; (2) in such Transfers, a wholly owned Affiliate of the general partners retains a membership or partnership interest and serves as a managing member or managing general partner of the successor limited partner.

Section 9.5 Transfers of Market Rate Development.

the right to disapprove a proposed Transfer to any person or entity with loan defaults, maintenance problems, housing or building code violations, and/or substantiated fair housing complaints at properties it owns and/or operates;

(5) The proposed transferee's financial status and creditworthiness. The City will not consider any proposed transferee unless the proposed transferee has a net worth equal to or greater than the net worth of the Market Rate Developer as of the proposed date of Transfer and satisfactory credit as reasonably determined by the City; and

Anything to the contrary notwithstanding, the holder of a Security Financing Interest whose interest have been acquired by, through or under a Security Financing Interest or have been derived immediately from any holder thereof will not be required to give to City such written assumption until such holder or other person is in possession of the Developer Parcel or entitled to possession thereof pursuant to enforcement of the Security Financing Interest.

(b) In the absence of specific written agreement by the City, no such Transfer, assignment or approval by the City will be deemed to relieve the Developer or any other party from any obligations under this Agreement.

Section 9.7 Other Transfers with City Consent.

The City may, in its sole discretion, approve in writing other Transfers as requested by a Developer. In connection with such request, there must be submitted to the City for review all instruments and other legal documents proposed to effect any such Transfer. If a requested Transfer is approved by the City such approval must be indicated to the applicable Developer in

writing. Such approval must be granted or denied by the City within thirty (30) days of receipt by the City of Developer's request for approval of a Transfer.

Section 9.8 Assumption of Obligations.

Upon the occurrence of a Permitted Transfer, described in this Article, the transferor of such Transfer or Permitted Transfer shall have no further liability or obligation under this Agreement and all such liabilities and obligations shall be assumed by the transferee of such Transfer or Permitted Transfer.

Section 9.9 Transfer of Market Rate Parcel. In the event the Market Rate Developer transfers the Market Rate Parcel prior to Commencement of Construction of the Market Rate Development Improvements, the Market Rate Developer shall pay to the City, as additional consideration for the conveyance of the Market Rate Parcel to the Market Rate Developer, fifty percent (50%) of the Net Proceeds of such sale, as defined below. For purposes of this Section 9.9, the Net Proceeds shall mean the amount by which the purchase price received by the Market Rate Developer for the Market Rate Parcel exceeds the Purchase Price paid by the Market Rate Developer for the Property minus reasonable closing costs, fees and commissions, the Market Rate Developer's verifiable and documented holdings costs incurred during the time that the Market Rate Developer held the Market Rate Parcel and the cost paid by the Market Rate Developer for any construction plans or specifications, entitlements and other soft costs incurred in connection with the Market Rate Parcel.

ARTICLE 10.
DEFAULT AND REMEDIES

Section 10.1 General Applicability. The provisions of this Article 10 govern the Parties' remedies for breach or failure of this Agreement.

Section 10.2 Events of Default.

(a) Each of the following shall constitute a "Developer Event of Default" under this Agreement as to the Developer party whose act or inaction results in such Developer Event of Default and for purposes of clarity are not intended to result in any cross-default of Affordable Developer's or Market Rate Developer's respective obligations hereunder:

(1) Failure to Commence Construction Work. Subject to Section 10.3 and 13.3, as applicable, failure of a Developer, to commence the construction of the applicable Development Improvements within the time frames set forth in this Agreement;

(2) Failure to Complete Construction Work. Subject to Section 13.3, as applicable, failure of a Developer to complete construction of the Development Improvements within the time frames set forth in this Agreement;

(3) Breach of Covenants. Failure of a Developer to duly perform, comply with, or observe any of the other conditions, terms, or covenants of this Agreement, and such failure having continued uncured for forty-five (45) days after receipt of written notice thereof from the City to a Developer, which notice provides reasonable detail of such failure and

the required cure for such failure, provided that if the breach or failure is of such a nature that it cannot be cured within forty-five (45) days, the Developer shall commence to cure within such forty-five (45) days and thereafter diligently complete such cure within a reasonable time thereafter, and provided, further, that if a different period or notice requirement is specified under any other section of this Article, the specific provisions shall control;

(4) Default Under Other Loans. There shall occur any default declared by any lender under any loan document related to any loans secured by a deed of trust on the applicable Development Parcel, and all cure periods provided by such loan document have expired without a remedy of the default and the default has not been waived by the lender;

(5) Insolvency. A court having jurisdiction shall have made or entered any decree or order: (1) adjudging a Developer or any of the entities which are general partners, limited partners, members, assigns, Affiliates or joint venture partners in the Developer to be bankrupt or insolvent; (2) approving as properly filed a petition seeking reorganization of a Developer or any of the entities which are general partners, limited partners, members, assigns, Affiliates or joint venture partners in a Developer seeking any arrangement for either of the Developers or any of the entities which are general partners, limited partners, members, assigns, Affiliates or joint venture partners in a Developer under the bankruptcy law or any other applicable debtor's relief law or statute of the United States or any state or other jurisdiction; (3) appointing a receiver, trustee, liquidator, or assignee of a Developer or any of the entities which are general partners, limited partners, members, assigns, Affiliates or joint venture partners in the Developer in bankruptcy or insolvency or for any of their properties; or (4) directing the winding up or liquidation of a Developer or any of the entities which are general partners, limited partners, members, assigns, Affiliates or joint venture partners in a Developer, if any such decree or order described in clauses (1) to (4), inclusive; provided however that in the case of the limited partners in the Affordable Developer, no Developer Event of Default shall occur if the Partnership shall have received all capital contributions required under the Partnership Agreement and such contributions are not subject to recapture pursuant to the any such decree or order described in clauses (1) to (4);

(6) Assignment; Attachment. A Developer shall have assigned its assets for the benefit of its creditors (other than pursuant to a mortgage loan) or suffered a sequestration or attachment of or execution on any substantial part of its property, unless the property so assigned, sequestered, attached or executed upon shall have been returned or released within thirty (30) days after such event (unless a lesser time period is permitted for cure under any other mortgage on the Development Parcel, in which event such lesser time period shall apply under this Subsection as well) or prior to a sooner sale pursuant to such sequestration, attachment, or execution;

(7) Suspension; Dissolution. A Developer shall: (1) have the operation of its business voluntarily or involuntarily suspended by the State of California, (2) voluntarily stops or terminates the operation of its business; or (3) if a Developer is a partnership, the partnership shall have the operation of the partnership voluntarily or involuntarily dissolved, suspended or terminated by the State of California; or (4) if a Developer is a limited liability company, the company shall have the operation of the company voluntarily or involuntarily dissolved, suspended or terminated by the State of California;

(8) Unauthorized Transfer. Any Transfer other than as permitted by Article 9; and/or

(9) Representation or Warranty Incorrect. Any representation or warranty of a Developer, respectively, contained in this Agreement, or in any application, financial statement, certificate, or report submitted to the City in connection with this Agreement or any related documents, proves to have been incorrect in any material and adverse respect when made and which default cannot be cured within thirty (30) days after receipt of written notice thereof from the City to the Developers. Following closing this shall be a default only if the representation or warranty has a material adverse effect on the applicable Development, applicable Developer or the City.

(b) Notwithstanding the foregoing, the City shall not declare a default or exercise remedies against the Affordable Developer if such default is caused by the Market Rate Developer. If the Market Rate Developer commits a Developer Event of Default under this Agreement, the City and the Affordable Developer shall meet and confer within thirty (30) days regarding the Affordable Development. If such Developer Event of Default will have a material adverse effect on the Affordable Developer's ability to construct the Affordable Housing Development and the Affordable Developer cannot demonstrate that it can meet its obligations hereunder despite the default of the Market Rate Developer, the City may exercise its option under Section 10.5(b)(3).

Section 10.3 No Fault of Parties.

(a) The following events constitute a basis for a Party to terminate this Agreement without the fault of the other prior to Close of Escrow:

(1) The City, despite good faith and diligent efforts, is unable to convey the Property or a particular Developer Parcel to a Developer and the Developer is otherwise entitled to such conveyance.

(2) A material adverse change in the physical or legal condition of the Property occurs, through no fault of the City or the Developer.

(b) Upon the happening of the above-described event and at the election of any Party, this Agreement may be terminated by written notice to the other Parties. After such termination of this Agreement, no Party will have any rights against or liability to the other under this Agreement, except that the indemnification provisions of this Agreement will survive such termination and remain in full force and effect.

(c) In the event that the Affordable Developer is unable to secure Governmental Approvals or financing for the Affordable Development, despite Affordable Developer's good faith and diligent efforts, by the date that is the later of five (5) years from the Close of Escrow or nine (9) months after the Completion of Construction of the Market Rate Development, then the Affordable Developer shall not be in default hereunder and the provisions of Section 8.2 shall apply.

Section 10.4 Fault of City. Except as to the events constituting a basis for termination under Section 10.3, the following events each constitute a City Event of Default and a basis for the Developer to take action against the City:

(1) The City, without good cause, fails to convey the Developer Parcel to a Developer within the time set forth in the Development Schedule and in the manner set forth in Article 6 and the Developer is otherwise entitled by this Agreement to such conveyance;

(2) The City fails to assign this Agreement to the El Cerrito Municipal Services Corporation in accordance with that certain resolution approved by the City Council dated February 6, 2018, Resolution No. 2018-01 in the event that the City and the El Cerrito Municipal Services Corporation prevail in their appeal of the trial court decision in that certain case titled *El Cerrito Redevelopment Agency Successor Agency et al. v. Michael Cohen, Sacramento County Superior Court Case No. 34-2013-80001671* and as a result of the resolution of such litigation, the Property reverts to the Municipal Services Corporation; or

(3) The City breaches any other material provision of this Agreement (including failure to timely respond to performance time frames set forth in this Agreement).

(b) Upon the happening of any of the above-described events, a Developer must first notify the City in writing of its purported breach or failure, giving the City forty-five (45) days from receipt of such notice to cure or, if cure cannot be accomplished within forty-five (45) days, to commence to cure such breach, failure, or act. In the event the City does not then so cure within said forty-five (45) days, or if the breach or failure is of such a nature that it cannot be cured within forty-five (45) days, the City fails to commence to cure within such forty-five (45) days and thereafter diligently complete such cure within a reasonable time thereafter, then the Developer will be afforded all of its rights at law or in equity, by taking all or any of the following remedies: (1) terminating in writing this Agreement (provided, however, that the indemnification provisions of this Agreement will survive such termination); and (2) prosecuting an action for specific performance.

Section 10.5 Remedies.

(a) Prior to Conveyance. Upon the happening of any of the above-described Developer Events of Default, and prior to the Close of Escrow, the City shall be afforded any of the following remedies including:

(1) Termination. The City shall have the right to terminate this Agreement by written notice to the Developer; provided, however, that the City's remedies pursuant to this Agreement, the indemnification provisions of Section 6.6, Section 7.8, Section 8.5, Section 12.2, Section 13.6 and Section 13.8, and the obligations that are specified to survive termination hereof, shall survive such termination.

(b) Remedies Following Conveyance. Upon the happening of any of the above-described Developer Events of Default following the Close of Escrow, the City shall be afforded all of its rights at law or in equity including:

(1) Termination. The City shall have the right to terminate this Agreement; provided, however, that the City's remedies pursuant to this Agreement, the indemnification provisions in this Agreement and the obligations that are specified to survive termination hereof, shall survive such termination;

(2) Specific Performance. The City shall have the right to mandamus or other suit, action, or proceeding at law or in equity to require the Developer to perform its obligations and covenants under this Agreement or to enjoin acts on things which may be unlawful or in violation of the provisions of this Agreement;

(3) Option to Purchase – Affordable Development Parcel. In addition to other remedies of the City, and in consideration for the City's agreement to enter into this Agreement and convey the Property, including the Affordable Development Parcel, the Developer grants to the City the additional right at the City's option to purchase, enter and take possession of the Affordable Development Parcel with all improvements thereon, after (1) a Developer Event of Default caused by the Affordable Developer or as described in Sections 8.2, 10.2(b) or 10.3(c) prior to the issuance of a Certificate of Completion for the Affordable Development. If the Affordable Developer has commenced construction of the Affordable Development Improvements, the City may exercise this option only in the event of an uncured material Developer Event of Default by the Affordable Developer. Such option to purchase, enter and take possession, to the extent provided in this Agreement, shall be subordinate and subject to and be limited by and shall not defeat, render invalid or limit: any Security Financing Interest encumbering the Affordable Development Parcel permitted by this Agreement; or any rights or interest provided in this Agreement for the protection of the holder of such Security Financing Interest encumbering the Affordable Development Parcel.

To exercise the rights under this Section with respect to the Affordable Development Parcel, the City shall pay to the Affordable Developer, in cash an amount equal to: (i) the fair market value of the improvements existing on the Affordable Development Parcel at the time of the repurchase, reentry and repossession; less (ii) any gains or income (including, but not limited to developer fees) withdrawn or made by the Affordable Developer from the Affordable Development Parcel or the improvements thereon; less; (iii) the value of any unpaid liens or encumbrances on the Affordable Development which the City assumes or takes subject to.

Except in the event the City acquires the Affordable Development Parcel due to a Developer Event of Default caused by the Affordable Developer, if the City acquires the Affordable Development Parcel and within fifteen(15) years of such acquisition transfers the Affordable Development Parcel to a third party, the City shall pay to the Affordable Developer from any revenue received by the City from the transfer of the Affordable Development Parcel an amount equal to the verifiable and documented costs incurred by the Affordable Developer in connection with the Affordable Housing Development, including but not limited to its costs incurred in connection with: obtaining entitlements; preparing plans, specifications and drawings, and any due diligence or other reports and studies; paying property taxes, insurance and other carrying costs; attorney and consultant fees; and escrow and closing costs, provided such costs were not funded by a loan from the City, if any. Such payment to the Developer shall be made concurrently with the transfer of the Affordable Development Parcel by the City to a third party.

The City shall exercise its option to purchase, enter and take possession by giving written notice of such exercise to the Affordable Developer within ninety (90) days from the expiration of any applicable cure period of an uncured Developer Event of Default pursuant to Section 10.2 above or within one hundred twenty (120) days of the occurrence of the events described in Section 8.2 that trigger the City's option rights or the events described in Section 10.2(b). Upon the City's exercise of such option, the Affordable Developer shall execute a grant deed in a form acceptable to the City transferring the Affordable Development to the City. The granting of this option to purchase, enter and take possession to the City shall not impair or limit the City's ability to exercise any other rights or remedies granted to the City in this Agreement.

Section 10.6 Right to Cure at Developers' Expense.

The City shall have the right to cure any monetary defaults by a Developer under a loan in connection with the Developer Parcel after notice to a Developer of the City's intent to cure. Each of the Developers agree to reimburse the City for any funds advanced by the City to cure a monetary default by such Developer upon demand therefore, together with interest thereon at the lesser of the rate of ten percent (10%) per annum or the maximum rate permitted by law from the date of expenditure until the date of reimbursement.

Section 10.7 Rights of Mortgagees.

Any rights of the City under this Article will not defeat, limit or render invalid any Security Financing Interest permitted by this Agreement or any rights provided for in this Agreement for the protection of holders of Security Financing Interests. Any conveyance or reentry of the Developer Parcel to the City pursuant to this Article will be subject to Security Financing Interests permitted by this Agreement.

Section 10.8 Remedies Cumulative.

No right, power, or remedy given by the terms of this Agreement is intended to be exclusive of any other right, power, or remedy; and each and every such right, power, or remedy will be cumulative and in addition to every other right, power, or remedy given by the terms of any such instrument, or by any statute or otherwise. Neither the failure nor any delay to exercise any such rights and remedies will operate as a waiver thereof, nor will any single or partial exercise of any such right or remedy preclude any other or further exercise of such right or remedy, or any other right or remedy.

Section 10.9 Waiver of Terms and Conditions.

The City Manager may, at the City Manager's discretion, waive in writing any of the terms and conditions of this Agreement (as applicable), without the City and a Developer completing an amendment to this Agreement. No waiver of any default or breach by the Developer hereunder will be implied from any omission by the City to take action on account of such default if such default persists or is repeated, and no express waiver will affect any default other than the default specified in the waiver, and such waiver will be operative only for the time and to the extent therein stated. Waivers of any covenant, term, or condition contained herein will not be construed as a waiver of any subsequent breach of the same covenant, term, or condition. The consent or approval by the City to or of any act by the Developer requiring

further consent or approval will not be deemed to waive or render unnecessary the consent or approval to or of any subsequent similar act. The exercise of any right, power, or remedy will in no event constitute a cure or a waiver of any default under this Agreement, nor will it invalidate any act done pursuant to notice of default, or prejudice the City in the exercise of any right, power, or remedy under this Agreement, unless in the exercise of any such right, power, or remedy all obligations of the Developer to City are discharged in full.

Section 10.10 Limited Liability of Tax Credit Investor.

No Tax Credit Investor, nor any constituent partner, member, owner, officer, agent, employee, attorney or consultant of the Tax Credit Investor, including any person executing this instrument required under this Agreement, shall be liable personally under this Agreement (provided that the Tax Credit Investor is not acting as the general partner of the Partnership). No recourse shall be had against any Tax Credit Investor, or any constituent partner, member, owner, officer, employee or agent, as such, of the Tax Credit Investor or any successor whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise (provided that the Tax Credit Investor is not acting as the general partner of the Partnership). The Tax Credit Investor shall be provided with any notice of default from the City to the Affordable Developer, at the address provided by Tax Credit Investor. Tax Credit Investor shall have the same cure rights and cure periods as the Affordable Developer under this Agreement and the Affordable Housing Regulatory Agreement.

ARTICLE 11.

SECURITY FINANCING AND RIGHTS OF HOLDERS

Section 11.1 No Encumbrances Except for Development Purposes.

Notwithstanding any other provision of this Agreement, mortgages and deeds of trust, or any other reasonable method of security are permitted to be placed upon the Developers' fee interest in the Developer Parcels. Mortgages, deeds of trust, or other reasonable security instruments securing loans approved by the City pursuant to the approved Financing Plan are each referred to as a "Security Financing Interest." The words "mortgage" and "deed of trust" as used in this Agreement include all other appropriate modes of financing real estate acquisition, construction, and land development.

Section 11.2 Holder Not Obligated to Construct.

The holder of any Security Financing Interest authorized by this Agreement is not obligated to construct or complete any improvements or to guarantee such construction or completion; nor will any covenant or any other provision in conveyances from the City to a Developer evidencing the realty comprising the Developer Parcel or any part thereof be construed so to obligate such holder. However, nothing in this Agreement is deemed to permit or authorize any such holder to devote the Developer Parcel or any portion thereof to any uses, or to construct any improvements thereon, other than those uses of improvements provided for or authorized by this Agreement and the Affordable Housing Regulatory Agreement, as applicable.

Section 11.3 Notice of Default and Right to Cure.

Whenever the City pursuant to its rights set forth in Article 10 of this Agreement delivers any notice or demand to a Developer with respect to the commencement, completion, or cessation of the construction of the Development Improvements, the City will at the same time deliver to each holder of record of any Security Financing Interest creating a lien upon the Developer's fee interest in the Developer Parcel or any portion thereof, a copy of such notice or demand. Each such holder (insofar as the rights of the City are concerned) has the right, but not the obligation, at its option, within ninety (90) days after the receipt of the notice, to cure or remedy or commence to cure or remedy any such default or breach affecting the Developer Parcel which is subject to the lien of the Security Financing Interest held by such holder and to add the cost thereof to the security interest debt and the lien on its security interest. Nothing contained in this Agreement is deemed to permit or authorize such holder to undertake or continue the construction or completion of the Development Improvements (beyond the extent necessary to conserve or protect such improvements or construction already made) without first having expressly assumed in writing a Developer's obligations to the City relating to such Development Improvements under this Agreement pursuant to an assignment and assumption agreement prepared by the City and recordable among the Official Records (the "Security Financing Interest Assignment"). The holder in that event must agree to complete, in the manner provided in this Agreement (or as may be amended by the Security Financing Interest Assignment; provided, however, the City is under no obligation to extend the dates for performance set forth in this Agreement), the Development Improvements to which the lien or title of such holder relates. Any such holder properly completing such Development Improvements pursuant to this paragraph must assume all rights and obligations of the Developer under this Agreement and will be entitled, upon completion and written request made to the City, to a Certificate of Completion from the City.

Section 11.4 Failure of Holder to Complete Improvements.

In any case after an uncured Developer Event of Default in completion of construction of the Development Improvements under this Agreement, the holder of record of any Security Financing Interest, having first exercised its option to construct pursuant to the Security Financing Interest Assignment, has not proceeded diligently with construction (as reasonably determined by the City) within six (6) months of taking possession of the Development Improvements, the City must be afforded those rights against such holder it would otherwise have against Developer under this Agreement.

Section 11.5 Right of City to Cure.

In the event of a default or breach by a Developer of a Security Financing Interest prior to the completion of the Development Improvements, and the holder has not exercised its option to complete the Development Improvements on the Developer Parcel, the City may cure the default, prior to the completion of any foreclosure. In such event the City will be entitled to reimbursement from the applicable Developer of all costs and expenses incurred by the City in curing the default. The City will also be entitled to a lien upon the Developer Parcel or any portion thereof to the extent of such costs and disbursements. The City agrees that such lien will be subordinate to any Security Financing Interest, and the City will execute from time to time any and all documentation reasonably requested by Developer to effect such subordination.

Section 11.6 Right of City to Satisfy Other Liens.

After the conveyance of title to the Property or any portion thereof and after the Developer has had a reasonable time to challenge, cure or satisfy any liens or encumbrances on the Property or any portion thereof, the City will have the right to satisfy any such lien or encumbrances; provided, however, that nothing in this Agreement will require the Developer to pay or make provision for the payment of any tax, assessment, lien or charge so long as the Developer in good faith may contest the validity or amount therein and so long as such delay in payment will not subject the Property or any portion thereof to forfeiture or sale.

Section 11.7 Holder to be Notified.

The Developer will insert each term contained in this Article into each Security Financing Interest or will procure acknowledgement of such terms by each prospective holder of a Security Financing Interest prior to its coming into any security right or interest in the Property or portion thereof.

ARTICLE 12.
REPRESENTATIONS, WARRANTIES AND COVENANTS

Section 12.1 Developer Representations and Warranties. Each Developer makes the following representations and warranties to the City as follows:

(a) Good Standing. The Developer is a duly organized and validly existing and in good standing under the laws of the State of California and has the power and authority to own its property and carry on its business as now being conducted.

(d) Valid Binding Agreements. This Agreement and all other documents or instruments which have been executed and delivered pursuant to or in connection with this Agreement constitute or, if not yet executed or delivered, will when so executed and delivered constitute, legal, valid and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms.

(e) No Breach of Law or Agreement. Neither the execution nor delivery of this Agreement or of any other documents or instruments executed and delivered, or to be

executed or delivered, pursuant to this Agreement, nor the performance of any provision, condition, covenant or other term hereof or thereof, will conflict with or result in a breach of any statute, rule or regulation, or any judgment, decree or order of any court, board, commission or agency whatsoever binding on the Developer, or any provision of the organizational documents of the Developer, or will conflict with or constitute a breach of or a default under any agreement to which the Developer is a party, or will result in the creation or imposition of any lien upon any assets or property of the Developer, other than liens established pursuant hereto.

(f) Compliance With Laws; Consents and Approvals. The Developer represents and warrants that the construction of the Development Improvements will comply with all applicable laws, ordinances, rules and regulations of federal, state and local governments and agencies and with all applicable directions, rules and regulations of the fire marshal, health officer, building inspector and other officers of any such government or agency.

(g) Pending Proceedings. The Developer is not in default under any law or regulation or under any order of any court, board, commission or agency whatsoever, and there are no claims, actions, suits or proceedings pending or, to the knowledge of the Developer, threatened against or affecting the Developer, respectively, or the Developer Parcel, at law or in equity, before or by any court, board, commission or agency whatsoever which might, if determined adversely to the Developer, materially affect the Developer's ability to perform its obligations under this Agreement or impair the security to be given to the City pursuant hereto.

(h) Financial Statements. The financial statements of the Developer and other financial data and information furnished by the Developer to the City fairly present the information contained therein. There has not been any adverse, material change in the financial condition of the Developer from that shown by such financial statements and other data and information.

Section 12.2 Effect of Representations and Warranties. All of the representations and warranties made by each of the Developers, respectively in this Agreement shall be true and correct throughout the Term of this Agreement as they pertain to their properties and entities. Each Developer shall indemnify and defend the Indemnitees against and hold the Indemnitees harmless from all claims, demands, liabilities, losses, damages, costs and expenses, including reasonable attorneys' fees and disbursements, that are suffered or incurred by the City if any representation or warranty made by such Developer, respectively, in this Agreement was untrue or incorrect in any respect when made or that are caused by any breach of the Developers, respectively, of any such representation or warranty. The foregoing indemnity shall survive the termination or expiration of this Agreement. Each representation and warranty in this Agreement is made by each Developer on behalf of itself only. For the purposes of clarity, any breach by a Developer under this Article 12 is not intended to result in any cross-default of Affordable Developer's or Market Rate Developer's respective obligations hereunder.

ARTICLE 13. GENERAL PROVISIONS

Section 13.1 Notices, Demands and Communications.

Section 13.3 Forced Delay.

In addition to specific provisions of this Agreement, performance by either party hereunder will not be deemed to be in default where delays or defaults are due to war; insurrection; strikes; lock-outs; riots; floods; earthquakes; fires; casualties; acts of God, or other deities; acts of terrorism or the public enemy; epidemics; quarantine restrictions; freight embargoes; governmental restrictions or priority; litigation (including suits filed by third parties concerning or arising out of this Agreement or the Project); acts of the other Parties; acts or failure to act of any public or governmental agency or entity (other than the acts or failure to act of the City); or any other causes (other than Developer's inability to obtain financing for the Development Improvements) beyond the control or without the fault of the party claiming an extension of time to perform. In no event will the cumulative delays exceed one hundred twenty (120) days, unless otherwise agreed to by the Parties in writing.

None of the provisions of this Agreement are intended to or will be merged by any grant deed transferring title to any real property which is the subject of this Agreement from City to a Developer or any successor in interest, and any such grant deed will not be deemed to affect or impair the provisions and covenants of this Agreement.

Section 13.5 Title of Parts and Sections.

Any titles of the articles, sections or subsections of this Agreement are inserted for convenience of reference only and should be disregarded in construing or interpreting any part of its provision.

Section 13.6 General Indemnification.

(a) Except for claims described in (b) below, the Developer, for itself and all assigns hereunder, hereby agrees to indemnify, defend (with counsel reasonably selected by the City) and hold the Indemnitees harmless against any and all claims, suits, actions, losses and liability of every kind, nature and description made against all or any of the Indemnitees, and expenses (including reasonable attorneys' fees) which arise out of or in connection with this Agreement.

The Market Rate Developer, for itself and all assigns hereunder, hereby agrees to indemnify, defend (with counsel reasonably selected by the City) and hold the Indemnitees harmless against any and all claims, suits, actions, losses and liability of every kind, nature and description made against all or any of the Indemnified Parties, and expenses (including reasonable attorneys' fees) which arise out of or in connection with Market Rate Developers' actions or omissions, except to the extent such claim arises from the active negligence or willful misconduct of the Indemnitees. The provisions of this section survive expiration of the Term or other termination of this Agreement, and will remain in full force and effect.

Section 13.9 Severability.

If any term, provision, covenant or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions will continue in full force and effect unless the rights and obligations of the Parties have been materially altered or abridged by such invalidation, voiding or unenforceability.

Section 13.10 Legal Actions.

Any legal action commenced to interpret or to enforce the terms of this Agreement must be filed in the Superior Court of the County of Contra Costa.

Section 13.11 Attorney's Fees.

In the event any legal action is commenced to interpret or to enforce the terms of this Agreement or to collect damages as a result of any breach thereof, the Party prevailing in any such action will be entitled to recover against the Party not prevailing all reasonable attorneys' fees and costs incurred in such action.

Section 13.12 Binding Upon Successors.

This Agreement is binding upon and inures to the benefit of the heirs, administrators, executors, successors in interest and assigns of each of the Parties hereto, except that there may be no Transfer of any interest by any of the Parties hereto except pursuant to the terms of this Agreement. Any reference in this Agreement to a specifically named Party is deemed to apply to any successor, heir, administrator, executor or assign of such Party who has acquired an interest in compliance with the terms of this Agreement, or under law.

The covenants and restrictions set forth in this Agreement run with the land, and will bind all successors in title to the Property. Each and every contract, deed, or other instrument hereafter executed covering or conveying the Property will be held conclusively to have been executed, delivered, and accepted subject to such covenants and restrictions, regardless of whether such covenants or restrictions are set forth in such contract, deed, or other instrument, unless the City expressly releases the Property from the requirements of this Agreement.

In all matters under this Agreement, the Parties agree that time is of the essence.

Section 13.16 Action by the City.

The City, through its officers, agents, consultants or employees, at all reasonable times, and upon forty-eight hours' notice, shall have the right to enter into the Development Improvements: (a) to inspect the work of construction to determine that the same is in conformity with the requirements of this Agreement; and (b), following completion of construction to inspect the ongoing operation and management of the Development Improvements to determine that the same is in conformance with the requirements of this Agreement. The Developer acknowledges that the City is under no obligation to supervise, inspect, or inform the Developer of the progress of construction, or operations and the Developer may not rely upon the City therefor. Any inspection by the City during the construction is entirely for its purposes in determining whether the Developer is in compliance with this Agreement and is not for the purpose of determining or informing the Developer of the quality or suitability of construction. Each Developer must rely entirely upon its own supervision and inspection in determining the quality and suitability of the materials and work, and the performance of architects, subcontractors, and material suppliers.

Section 13.18 Entire Understanding of the Parties. This Agreement constitutes the entire understanding and agreement of the Parties. All prior discussions, understandings and written agreements are superseded by this Agreement. The Developer and the Developers' counsel have read and reviewed this Agreement and agree that any rule of construction (including, but not limited to Civil Code Section 1654, as may be amended from time to time) to the effect that ambiguities are to be resolved against the drafting Party will not apply to the interpretation of this Agreement.

Section 13.19 Operating Memoranda; Implementation Agreements.

If and when, from time to time, the Parties find that refinements or adjustments are desirable, such refinements or adjustments may be accomplished through operating memoranda or implementation agreements approved by the Parties which, after execution will be attached to this Agreement as addenda and become a part hereof, each an "Operating Memorandum". This Agreement describes some, but not all, of the circumstances in which the preparation and execution of operating memoranda or implementation agreements may be appropriate. Such refinements and adjustments may include changes to the dates for performance in this Agreement and the Development Schedule, as well as extensions thereto.

(b) Each Operating Memorandum or implementation agreements may be negotiated and executed on the City's behalf by the City Manager, or his or her designee. In the event a particular subject requires notice or hearing, such notice or hearing must be appropriately given. Any significant modification to the terms of performance under this Agreement must be processed as an amendment of this Agreement in accordance with Section 13.20 and must be approved by the City Council.

Section 13.20 Amendments. The Parties can amend this Agreement only by means of a writing executed by the Developer and the City.

Section 13.21 Counterparts; Multiple Originals. This Agreement may be executed in counterparts, each of which is deemed to be an original.

AFFORDABLE DEVELOPMENT FINANCING PROPOSAL

Proposed Financing Plan for El Cerrito Affordable Housing Development January 26, 2018

The financing for the 67-unit Mayfair Affordable Housing Development includes several capital and operating sources that BRIDGE is expecting to secure over the next few years.

The Affordable Housing & Sustainable Communities Program (AHSC) will be evaluated as a potential capital source for the project. AHSC is awarded on an annual basis and applications are due every year in January. A key threshold requirement to apply for AHSC is that 90% of the project's financing (inclusive of the AHSC award and projected 4% tax credit equity) has been secured. Therefore nearly all of the soft sources must be committed before BRIDGE may apply for AHSC.

Another important source of funding for this project could be SB 3 bond funds. In late 2016, Governor Brown signed this bill which places a \$3B bond measure on the November 2018 statewide ballot to pay for the construction of affordable housing. If the bond measure passes, our financial consultants believe that applications will be available by late 2019 and that the soonest these funds will be committed is in 2020, potentially enabling an AHSC application in January 2021. Assuming a substantial commitment of State affordable housing bond funds and a successful AHSC application, construction on the Affordable Project can commence by December 2021 but is contingent on securing all gap subsidy needed for the project. The start of construction may be delayed to the extent subsidy sources are not available per the below schedule.

Below is a summary of the ideal, approximate timing to secure the project's financing sources:

Source	Timing to Secure funds (Approximate)	Notes
City loan	Spring 2018	Funding for predevelopment
Affordable Housing Program	Summer 2019 or 2020	
Housing Authority Vouchers	Late 2018	Operating subsidies from County HA
County Funds	2018/2019 or 2021 (If affordable housing bond measure is placed on ballot in 2020)	Should the County have funds available for affordable housing, BRIDGE would seek to secure them
SB 3 Bond Funds	Late 2020	Competitive RFP released in 2020
AHSC	Spring 2021	Apply once 90% of funds committed
4% Tax Credits/Bonds	Fall 2021	Non-competitive applications
Close financing & start construction	December 2021	Schedule may be delayed if project all gap subsidy funding needed

This schedule represents an approximation taking into account the timing required to secure funds and start construction in a timely manner based on the information available as of the Effective Date in the DDA. Should any of these financing applications be unsuccessful, or should the tax credit/debt market materially change, the project may need to pursue additional gap financing sources which could delay construction commencement.

The City shall approve or disapprove (with written explanation for disapproval) of the proposed management plan by notifying the Owner in writing within sixty (60) days of the date of submission to the City.

Section 6.2 Management Agent; Periodic Reports. The Affordable Development shall at all times be managed by an experienced management agent reasonably acceptable to the City, with demonstrated ability to operate residential facilities like the Affordable Development in a manner that will provide decent, safe, and sanitary housing (as approved, the "Management Agent"). The City approves BRIDGE Property Management, Inc. as the initial Management Agent. The Owner shall submit for the City's approval the identity of any proposed Management Agent and on-site resident manager. The Owner shall also submit such additional information about the background, experience and financial condition of any proposed Management Agent and on-site resident manager as is reasonably necessary for the City to determine whether the proposed Management Agent or on-site resident manager meets the standard for a qualified Management Agent or on-site resident manager set forth above. If the proposed Management Agent or on-site resident manager meets the standard for a qualified Management Agent or on-site resident manager set forth above, the City shall approve the proposed Management Agent or on-site resident manager by notifying the Owner in writing. Unless the proposed Management Agent or on-site resident manager is disapproved by the City within thirty (30) days, which disapproval shall state with reasonable specificity the basis for disapproval, it shall be deemed approved.

Section 6.3 Performance Review. The City reserves the right to conduct an annual (or more frequently, if deemed reasonably necessary by the City) review of the management practices of the Affordable Development. The purpose of each periodic review will be to enable

the City to determine if the Affordable Development is being operated and managed in accordance with the requirements and standards of this Agreement. The Owner shall cooperate with the City in such reviews.

Section 6.4 Replacement of Management Agent or On-Site Resident Manager. If, as a result of a periodic review, the City determines, in its reasonable judgment, that the Affordable Development is not being operated and managed in accordance with any of the material requirements and standards of this Agreement, the City shall deliver notice to Owner of its intention to cause replacement of the Management Agent or on-site resident manager, including the reasons therefore. Within fifteen (15) days of receipt by Owner of such written notice, City staff and the Owner shall meet in good faith to consider methods for improving the operating status of the Affordable Development. If, after a reasonable period as determined by the City (not to exceed sixty (60) days), the City determines that the Owner is not operating and managing the Affordable Development in accordance with the material requirements and standards of this Agreement, the City may require replacement of the Management Agent or on-site resident manager.

If, after the above procedure, the City requires in writing the replacement of the Management Agent or on-site resident manager, Owner shall promptly dismiss the then Management Agent or on-site resident manager, and shall appoint as the Management Agent or on-site resident manager a person or entity meeting the standards for a Management Agent or on-site resident manager set forth in Section 5.2 above and approved by the City pursuant to Section 5.2 above.

Any contract for the operation or management of the Affordable Development entered into by Owner shall provide that the contract can be terminated as set forth above. Failure to remove the Management Agent or on-site resident manager in accordance with the provisions of this Section shall constitute default under this Agreement, and the City may enforce this provision through legal proceedings as specified in Section 6.4.

Section 6.5 Approval of Management Policies. The Owner shall submit its written management policies with respect to the Affordable Development to the City for its review, and shall amend such policies in any way necessary to ensure that such policies comply with the provisions of this Agreement.

Section 6.6 Property Maintenance. The Owner agrees, for the entire Term of this Agreement, to maintain all interior and exterior improvements, including landscaping, on the Property in good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials.

The City places prime importance on quality maintenance to protect its investment and to ensure that all affordable housing projects within the City are not allowed to deteriorate due to below-average maintenance. Normal wear and tear of the Affordable Development will be acceptable to the City assuming the Owner agrees to provide all necessary improvements to assure the Affordable Development is maintained in good condition. The Owner shall make all repairs and replacements necessary to keep the improvements in good condition and repair.

In the event that the Owner breaches any of the covenants contained in this section and such default continues for a period of ten (10) days after written notice from the City with respect to graffiti, debris, waste material, and general maintenance or thirty (30) days after written notice from the City with respect to landscaping and building improvements, then the City, in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default unless the Owner has commenced to cure such breach within the applicable cure period and is diligently pursuing such cure. Pursuant to such right of entry, the City shall be permitted (but is not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to attach a lien on the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the City and/or costs of such cure, including a fifteen percent (15%) administrative charge, which amount shall be promptly paid by the Owner to the City upon demand.

ARTICLE 7. MISCELLANEOUS

Section 7.1 Term. The provisions of this Agreement shall apply to the Property for the entire Term. This Agreement shall bind any successor, heir or assign of Owner, whether a change in interest occurs voluntarily or involuntarily, by operation of law or otherwise, except as expressly released by the City. The City conveyed the Property to the Owner on the condition, and in consideration of, this provision, and would not do so otherwise.

Section 7.2 Covenants to Run With the Land. The City and Owner hereby declare their express intent that the covenants and restrictions set forth in this Agreement shall run with the land, and shall bind all successors in title to the Property, provided, however, that on the expiration of the Term of this Agreement said covenants and restrictions shall expire. Each and every contract, deed or other instrument hereafter executed covering or conveying the Property or any portion thereof shall be held conclusively to have been executed, delivered and accepted subject to such covenants and restrictions, regardless of whether such covenants or restrictions are set forth in such contract, deed or other instrument, unless the City expressly releases such conveyed portion of the Property from the requirements of this Agreement.

Section 7.3 Enforcement by the City. It shall be an "Event of Default" under this Agreement if Owner fails to perform any obligation under this Agreement, and fails to cure the default within forty-five (45) days after receipt of written notice thereof from the City to Owner, (or if the failure is of such a nature that it cannot be cured within forty-five (45) days, the Developer fails to commence to cure within such forty-five (45) days and thereafter diligently complete such cure within a reasonable time thereafter). Following an Event of Default, the City shall have the right to enforce this Agreement by bringing an action at law or in equity to compel Owner's performance of its obligations under this Agreement, and/or for damages.

Section 7.4 Rights of Third Parties to Enforce Covenants. The covenants and restrictions contained herein which implement Health and Safety Code Sections 33334.3 and/or 33413(b)(4), or successor provisions, shall run with the land and shall be enforceable by the City.

Section 7.5 Listing of Property in Database. Owner hereby acknowledges and agrees that Health and Safety Code Section 33418(c) requires that the Property be listed in a database that shall be made available to the public on the internet and which will include the street address, assessor's parcel number, and other information about the Property. The Owner must disclose this requirement to all Residents and prospective Residents.

Section 7.6 Attorney's Fees and Costs. In any action brought to enforce this Agreement, the prevailing party shall be entitled to all costs and expenses of suit, including attorneys' fees. This section shall be interpreted in accordance with California Civil Code Section 1717 and judicial decisions interpreting that statute.

Section 7.7 Recording and Filing. The City and Owner shall cause this Agreement, and all amendments and supplements to it, to be recorded against the Property in the Official Records of the County of Contra Costa.

Section 7.8 Governing Law. This Agreement shall be governed by the laws of the State of California.

Section 7.9 Amendments. This Agreement may be amended only by a written instrument executed by all the parties hereto or their successors in title, and duly recorded in the real property records of the County of Contra Costa, California.

Section 7.10 Notice. All notices given or certificates delivered under this Agreement shall be in writing and be deemed received on the delivery or refusal date shown on the delivery receipt, if: (i) personally delivered by a commercial service which furnishes signed receipts of delivery or (ii) mailed by certified mail, return receipt requested, postage prepaid, addressed as shown on the signature page. Any of the parties may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

Section 7.11 Severability. If any provision of this Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining portions of this Agreement shall not in any way be affected or impaired thereby.

AGENDA BILL

Agenda Item No. 9.A.

Date: May 7, 2024
To: El Cerrito City Council
From: Roland Lambert, Associate Engineer; Yvetteh Ortiz, Public Works Director/City Engineer, Public Works Department
Subject: Construction Contract Award for ADA Modification - Curb Ramp and Sidewalk Project, City Project No. C3024.7

ACTION PROPOSED

Adopt a resolution to approve plans and specifications for the ADA Modification - Curb Ramp and Sidewalk Project, City Project No. C3024.7 (Project); accept the six bids submitted for the Project; authorize the City Manager to execute a contract in the amount of \$371,923 with FJ&I Engineering, Inc. and to approve potential change orders in an amount not to exceed \$37,200 for the construction of the Project; and amend the Fiscal Year (FY) 2023-24 Adopted Budget and Capital Improvement Program to appropriate \$112,123 from the SB 1 - Road Maintenance & Rehabilitation Account Fund/Local Streets & Road Program for the Project.

BACKGROUND

The Project will improve ADA accessibility and safety by replacing damaged sidewalks including curb, gutter, and drainage piping that have been damaged by the roots of street trees at 22 locations within the City (listed below). Additional ADA improvements will be made at two locations, the Community Center driveway and the corner of Ashbury Avenue and Waldo Avenue. All of these locations were prioritized for permanent repair based on several factors including severity of the sidewalk damage, requests made by persons with disabilities, location on a street identified as a high-volume pedestrian route, proximity to schools and other public facilities, and type of repair.

Location	Type of Improvement
Base Bid	
Community Center Driveway	ADA-compliant Driveway
Waldo Ave/Ashbury Ave	ADA-compliant Curb Ramp & Sidewalk Displacement

10378 San Pablo Ave	Sidewalk Displacement

For bidding purposes, and to allow flexibility of award within the project budget, the work was divided into a Base Bid and three Additive Alternate Bids.

Consistent with California state law, the El Cerrito Municipal Code (13.20.090) requires property owners to maintain property fronting sidewalk in a safe condition. As such, property owners are responsible for repairing and replacing damaged sidewalks as necessary to ensure that they are not hazardous for pedestrians. The City takes responsibility for permanently repairing damaged sidewalks, including displacements that create tripping hazards or barriers to accessibility, if the sidewalk is fronting City-owned property or the damage is being caused by a City-owned tree, or other City asset, such as a storm drain facility.

The sidewalks at these locations have been lifted by the roots of street trees. City Maintenance staff have implemented temporary repairs for some time. However, because some of these displacements are severe, it has become necessary to remove and replace these sidewalk sections.

City staff reviewed options for the street trees with the City Arborist including trimming, root shaving, and removal. It should be noted that the removal of trees is the option of last resort, and City staff, in consultation with the City Arborist, would only do so to promote a healthy urban forest and to maintain infrastructure in good repair over the long term. As part of the Project, it has been determined that two trees will have to be removed and two new trees will be planted in their place at 1401 Elm Street and 11100 San Pablo Avenue under a separate contract.

The Notice Inviting Bids for the Project was advertised in the East Bay Times on March 11 and 18, 2024. Additionally, the notice along with a complete set of Contract Documents was sent to eight Builder and Construction Exchanges in the Bay Area and Northern California and made available for purchase through the BPXpress website, an online plan room used by the City. The notice was also posted on the City's website. A non-mandatory pre-bid conference was held on March 27, 2024. No addenda were issued.

ANALYSIS

Six bids were received by the advertised bid opening date and time of April 2, 2024, at 2 p.m. The bids were publicly opened and read by the Acting City Clerk (Alex Orologas). All bids were checked for completeness and found to be responsive. The results are summarized below:

Name and Location of Bidder	Base Bid	Additive Alternate 1	Additive Alternate 2	Additive Alternate 3	Grand Total
FJ&I Engineering (San Pablo, CA)	\$232,223.00	\$27,655.00	\$43,720.00	\$68,325.00	\$371,923.00
RNR Paving (San Ramon, CA)	\$241,142.81	\$21,031.16	\$52,174.60	\$74,950.50	\$389,299.07
BNM Builders (Rancho Cordova, CA)	\$247,178.00	\$31,320.00	\$32,058.00	\$55,535.00	\$366,091.00
J.J.R. Construction (San Mateo, CA)	\$299,085.87	\$28,935.00	\$38,736.00	\$65,682.00	\$432,438.87
FBD Vanguard Construction (Livermore, CA)	\$319,693.00	\$39,034.00	\$57,156.00	\$87,179.00	\$503,062.00
Kerex Engineering (Pleasant Hill, CA)	\$388,659.00	\$43,555.00	\$63,220.00	\$80,875.00	\$576,309.00
Engineer's Estimate	\$249,512.00	\$20,988.00	\$41,249.00	\$61,454.00	\$373,203.00

The Contract Documents stipulated that the low bidder was to be determined by the total amount of the Base Bid only. The lowest Base Bid was submitted by FJ&I Engineering Inc. in the amount of \$232,223, 7% below the Engineer's Estimate. Additionally, the Base Bid plus the three Additive Alternate Bid items total \$371,923, which is slightly below the Engineer's Estimate.

City staff recommends that the City Council award the construction contract in the amount of \$371,923, including the three Additive Alternate Bid items, to FJ&I Engineering Inc. as the lowest responsive and responsible bidder. City staff also recommends that City Council approve potential change orders in an amount not to exceed \$37,200 for the construction of the Project.

STRATEGIC PLAN CONSIDERATIONS

This action supports the [City's Strategic Plan Goal\(s\)](#) of:

- *Infrastructure and Amenities*

ENVIRONMENTAL CONSIDERATIONS

The Project is categorically exempt from review under the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Existing Facilities) because the Project is a repair to an existing facility involving negligible or no expansion of use beyond that presently existing. More specifically, restoration or rehabilitation of deteriorated or damaged facilities to meet current standards of public health and safety, unless it is determined that the damage was substantial and resulted from an environmental hazard such as an earthquake, landslide, or flood, is exempt from CEQA.

FINANCIAL CONSIDERATIONS

The Project will be funded by the SB 1 - Road Maintenance & Rehabilitation Account Fund/Local Streets & Road Program. Funding for the Project is included in the FY 2023-24 Adopted Budget and Capital Improvement Program under the Access Modifications – Streets & Sidewalks Program, which has funding in the amount of \$395,000. The estimated project expenditures in the current fiscal year total \$507,123 as summarized below:

Estimated FY2023-24 Project Expenditures	
Final Design & Bidding	\$19,000
Construction Contract	\$371,923
Construction Contract Contingency	\$37,200
Construction Management & Inspection	\$52,000
Tree Removal, Planting & Establishment	\$15,000

Materials Testing	\$10,000
Miscellaneous (printing, postage, etc.)	\$2,000
Total	\$507,123

Additional funding of \$112,123 is needed and available in the SB 1 - Road Maintenance & Rehabilitation Account Fund/Local Streets & Road Program Fund Balance. As determined in the Annual Comprehensive Financial Report (ACFR) for Fiscal Year 2022-23, the fund balance was \$1,012,523. Of this amount, \$576,830 was appropriated in the Adopted Fiscal Year 2023-24 Budget, leaving an available balance of \$435,693 for this project and future projects. City staff requests that the City Council amend the FY 2023-24 Adopted Budget and Capital Improvement Program to appropriate the additional funding from the SB 1 - Road Maintenance & Rehabilitation Account Fund/Local Streets & Road Program Fund Balance to complete the Project.

LEGAL CONSIDERATIONS

The City Attorney has reviewed the proposed actions and found that legal considerations have been addressed.

Dear Mayor Rudnick & El Cerrito City Council,

On behalf of the 60 plus SEIU Local 1021 members who work for the City of El Cerrito, we would like to thank you for considering our economic proposals. We have been bargaining with the city in good faith since November 2023. For months, we have bargained non-economic proposals while we patiently waited for the completion of the city's Classification & Compensation Study that was presented to you in March. Unfortunately, the study was delayed beyond our control, which impacted bargaining economics at the negotiation table.

We believe our economic proposals are fair and would bring most of our members to an equitable adjustment after enduring 23 furlough days and staff layoffs just a few years ago during the city's financial crisis (and the pandemic). Prior to furloughs and layoffs, our members received no cost-of-living adjustment (COLA) in 2020. We were glad to help the city move from a budget deficit to a budget surplus within a few budget cycles.

We anticipate contract negotiations will be completed soon and a new contract will be ratified. Again, we thank you for your time and for considering our economic proposals.

Sincerely,

SEIU 1021 - El Cerrito Chapter Leadership

Caution! This message was sent from outside your organization.

Dear Members of the El Cerrito City Council,

I hope all is well. Over 32,000 innocent people have been killed by Israel in Gaza. 24 children have starved to death due to lack of food and water because Israel is refusing to let aid in. I am writing to you today to express my deep concern that this doesn't concern you?

As you may be aware, our neighboring city of Albany recently took a significant step forward this week in addressing this issue by unanimously passing a resolution in support of a ceasefire in Gaza. We commend their willingness to listen to their constituents and engage in open dialogue on such a critical matter.

However, it is disheartening to note that despite overwhelming support from the community, the El Cerrito City Council has refused to uphold the democratic process by declining to put a similar resolution on the agenda. This decision does not reflect the values of peace, solidarity, and proactive leadership that our community deserves.

We urge you to reconsider your stance and prioritize peace and humanitarian efforts by taking immediate action to put a ceasefire resolution on the agenda. It is essential that our City Council demonstrates a commitment to addressing global conflicts through proactive measures and community engagement.

We believe that by working together and listening to the voices of the community, we can contribute to efforts for peace and humanitarian relief in Gaza.

Thank you for your attention to this urgent matter. We look forward to your prompt action and continued commitment to serving the best interests of our community and beyond.

Sincerely,

El Cerrito Resident

Dear Members of the El Cerrito City Council,

I hope all is well. Over 32,000 innocent people have been killed by Israel in Gaza. 24 children have starved to death due to lack of food and water because Israel is refusing to let aid in. I am writing to you today to express my deep concern that this doesn't concern you? As you may be aware, our neighboring city of Albany recently took a significant step forward this week in addressing this issue by unanimously passing a resolution in support of a ceasefire in Gaza. We commend their willingness to listen to their constituents and engage in open dialogue on such a critical matter. However, it is disheartening to note that despite overwhelming support from the community, the El Cerrito City Council has refused to uphold the democratic process by declining to put a similar resolution on the agenda. This decision does not reflect the values of peace, solidarity, and proactive leadership that our community deserves. We urge you to reconsider your stance and prioritize peace and humanitarian efforts by taking immediate action to put a ceasefire resolution on the agenda. It is essential that our City Council demonstrates a commitment to addressing global conflicts through proactive measures and community engagement. We believe that by working together and listening to the voices of the community, we can contribute to efforts for peace and humanitarian relief in Gaza. Thank you for your attention to this urgent matter. We look forward to your prompt action and continued commitment to serving the best interests of our community and beyond.

Dear City Council members,

In light of the recent demonstrations at many universities the play book has changed to the Pro Palestinian pro hamas demands of those who come to you every meeting to pressure you to vote for either ceasefire or Boycott, Divest and Sanction against Israel.

I urge you to stand strong against the divisiveness these actions are already creating in our country. Stick to your jobs and take care of El Cerrito. Since these mobs are getting more agitated and violent in other locations such as the Berkeley City council meetings, UC Berkeley, UCLA, Columbia and others, I advise you to increase the pay for the El Cerrito police force in order to recruit new officers who are badly needed.

Thanks for your hard work.

Hello City Clerk,

Thank you for collecting community input on the Gaza cease-fire resolution that may be taken up by the city council at some point.

I hope that all the activity on college campuses in the last two weeks has made clear the fact that Palestinians and Israel are not enemies. Israel and Hamas, now that's another story. If Hamas fighters didn't hide in tunnels under all of the Palestinian homes and hospitals and schools in Gaza, Israel would not be forced to take them down in order to find those Hamas fighters. Hamas is an international terror organization, and responsible as the aggressor for everything going on in Gaza today. Like every other nation on earth, Israel has the right to defend itself and its citizens against terrorist attack. On countless school campuses in the last couple of weeks signs have been posted and protesters have vocalized that October 7 will come to Israel again and again and again. As long as the Palestinians, like Hamas, continue to refuse any effort at a ceasefire agreement, there will not be one. Israel was brutally, indiscriminately attacked by Hamas. They cannot and will not be asked to be the only ones abiding by a ceasefire.

As well, let's not let what's going on in the Middle East affect every interaction we have in the San Francisco East Bay.

Thank you, Jean Henderson

Dear City Council Members,

I urge you to stick to your focus on the needs of the City rather than cave in to those who want you to take up a resolution in regard to foreign affairs. We voted for you to run the City well, not to engage in a job for which you are not suited and for which you were not elected. Those who want to pressure you to come out with a resolution are sowing the seeds of division in our community and beyond. They are using you as propaganda tools.

We vote for Senators and House Representatives at the Federal level to deal with foreign affairs and US alliances. Those pressuring you to pass resolutions do not call for any condemnation of Hamas that invaded Israel and committed unspeakable atrocities on Israeli citizens. If they want the US government to divest from Israel, they should write to their representatives at the Federal level.

Meanwhile, we need you to focus on the needs of the City, make sure that antisemitism is not further encouraged. The rise in antisemitism is a threat to our pluralistic democracy where all groups can live here safely, have freedom of speech, and the right to peaceful assembly. With the rise in hatred of Jewish people and the talk of destroying Israel, Jewish citizens are further endangered. No minority can live safely when any one minority is targeted with attacks and death threats.

Thank you for your steadfast adherence to the goal of keeping our City safe.

Take care,
Dorothea Dorenz

Dear Mayor and City Council members,

This morning I awoke to images of Israeli tanks entering Rafah, destroying humanitarian supplies and storehouses, and killing innocent Palestinians. As an elected official, you had an opportunity to say something, to do something, but you didn't. Hundreds of residents begged you to at minimal, consider a resolution for a ceasefire, but you refused. For months, residents wrote to you, appeared at city council with the facts about the genocide in Gaza but you had other priorities. The mayor wanted to maintain the "decorum" of the Council. The Mayor thought that the call for peace was dangerous and would fan the flames of "hate speech"; and you all lined up behind her, complicit in a profoundly immoral silence.

As you wrap yourself in civility and enjoy the unfettered calmness of your city council, remember it is at the cost of thousands and thousands of Palestinian lives- so many of them children.

I think about the image of a 6 year old with both legs amputated, or the young boy struck down by an IOF soldier with a U.S. bullet and forced to undergo surgery without any anesthesia. Do you think about this?

I think about Israeli Zionist residents, many of them from New Jersey, New York, Michigan and throughout so many of our states, becoming settlers in Israel, taking on the IOF uniform, taking over homes and killing Palestinian farmers. Do you think about this?

I think about Israeli residents blockading aid to refugees in Gaza. Do you think about this?

I think about your willingness to stand up against hate, wave a rainbow flag, mark black lives matter on the Greenway, issue proclamations and resolutions for Ukraine and then silence the community when we ask that we go on record to end the genocide of the Palestinian people. Do you think

about this?

I think about how this council, by virtue of squashing discourse, aided in conflating the criticism with Israel or Zionism as anti-semitic. Do you think about this?

To the Mayor, clearly you have disregarded your commitment to free speech and full public participation in an effort to follow your own agenda and your misguided notion of your authority as an elected official. And to the City Council members, you are complicit.

When I think about the entire council's conduct I can safely say, you do not represent me nor the community that I know and love. You have forfeited my trust and my vote, and I am resolved to hold you accountable for your complicity in the unfolding genocide being carried out in Gaza. For those of you who continue to run for office, I will remember your complicity to your allegiance with each other over your allegiance to the voters and I will not be silent.

End the genocide of the Palestinian people, Not in Our Name.

Putting a cease-fire resolution on the agenda will most certainly open the Council chambers doors to hate and fuel verbal attacks on Jews, particularly in light of the student protests. Dear Members of the El Cerrito City Council,

I understand the group of people advocating for putting a ceasefire resolution on the city council may return to advocate that you do so at tonight's meeting.

I am writing, once again as I have many times before, to not put such a resolution on the agenda.

1. It is divisive. There is a legitimate difference of opinion in our city about this conflict and how it should be resolved. The city should not take a stand when there is this much disagreement.
2. Every city that has put such a resolution on their agenda has invited hate speech into their chambers; speakers who call for the elimination of the State of Israel and speakers who express hatred of Jews, as Jews. Do not invite this hate into the El Cerrito City Council Chamber.
3. I have always felt that those advocating for a cease fire were sincere in their beliefs and ideals, even if I disagreed with them. However, if they return tonight after being absent from the last City Council meeting, when the Mayor was out sick, I can only conclude that this issue is not about ideals but is personal and about the mayor, because she is Jewish. Such naked bigotry and antisemitism should never be rewarded.

Sincerely, Dean Kertesz

Please use this corrected statement:

Dear El Cerrito City Council

Please DO NOT consider a ceasefire resolution tomorrow.

In the Middle East, Israel has proposed a Ceasefire. Hamas is considering it.

In contrast, local calls for 'ceasefire' have become a forum for divisive, hate filled, rhetoric. They are shorthand way of denying:

- 1) Israel's right to exist
- 2) Hamas's genocidal actions and ambitions
- 3) The more than 100 hostages Hamas is torturing

Please, don't let El Cerrito become a Hamas proxy. Please don't give in to the bullying of the Hamas pawns and their frightening efforts to hijack US democracy.

Re: Planned Reopening of the El Cerrito Recycling Center Exchange Zone,
July 1, 2024

Summary:

Request that no changes to the operation and hours of the Exchange Zone be implemented without noticed public hearings.

History:

The Exchange Zone serves well over a hundred residents every day, with a steady stream of vehicles dropping off residents' donations of books and household items into metal bins and onto shelves, as well as a steady stream of others browsing these items as they come in. Two or three times daily, the book bin reaches capacity and is emptied by the forklift operators. At the beginning and end of each day, a cleanup occurs, resulting in removal of a bin of mostly unusable items.

As part of the El Cerrito Recycling Center, the Exchange Zone receives funding for its continued operation from city residents through the Integrated Waste Management (IWM) fee in the quarterly garbage bill charged by East Bay Sanitary Company.

Inspired by a free bookshelf area on the former site, the Exchange Zone was formally established in 2012, following careful consideration and drafting of rules for its operation. Hearings and community meetings were held to establish the protocols on what would be acceptable. See *Community Meeting on Rules for "Exchange Zone" at Recycling Center* (attached).

On April 1, 2024, the Exchange Zone at the Recycling Center was abruptly closed for renovations. According to posted signage, it is expected to reopen to the public on or about July 1, 2024, apparently with some significant, unannounced changes to its operation.

Current Issue:

While the Exchange Zone has operated relatively smoothly for the dozen years since its establishment, there have been two major issues identified by staff as problematic for the overall experience and operation. These consist of (1) excessive dumping of prohibited items by residents, and (2) unacceptable behavior of some patrons.

We have learned that the current Interim Director of the El Cerrito Recycling Center intends to impose significant changes to the operation and accessibility of the Exchange Zone, without prior comment for these changes from the community. Generally, these changes consist of separating the times the Exchange Zone is open to residents for donation from the times it is open to the public to browse for "exchange" items. It has also been revealed that the Director intends to construct an entrance gate that would be staffed during donation times in order to prevent unacceptable items from being donated. A buzzer system is also contemplated, to alert the staff that a donation has arrived.

Comments:

While it is commendable that the Interim Director is seeking to make improvements, any proposed changes to the operation and accessibility of the Exchange Zone should first be presented to the community for comment and approval. Secondly, there are several significant shortcomings in the proposal.

1. *The time-splitting proposal will cause widespread confusion and limit the ability of El Cerrito residents to use the Exchange Zone.*

While the proposal includes signage to advertise the new times for donation and browsing, residents who donate items to the Exchange Zone expect that it will be open during business hours, and will be caught off-guard by the restriction in hours. For those who are working or have other commitments, this restriction will limit their ability to donate items for reuse to the Exchange Zone, and compel them to donate items to Eco-Salvage or other third-party vendors, which is not what the residents intended when they established the Exchange Zone as a local re-use center. Further, those who wish to donate items and also browse will be forced to make two trips on the same day. It should again be noted that the proposal has the effect of restricting a service for which El Cerrito residents are paying money through the Integrated Waste Management Fee, without following official notice procedures.

2. *The time-splitting proposal will cause bottlenecks.* Given the sheer volume of items that pass through the Exchange Zone on a daily basis, often arriving in long lines of vehicles, it is impractical to have a gate, buzzer and inspection station for resident donations. Moreover, donations often consist of a mixture of various items in bags or boxes. The time necessary for even a cursory inspection of items will cause delays, resulting in frustrated residents waiting in their vehicles for their turn. Similarly, during so-called "browsing times," patrons will likely all come at once, since all the donated items are already there, rather than arriving throughout the day, as currently. This will cause crowding of people in a limited space already full of boxes and bags of donations.

3. *The time-splitting proposal will cause the volume of items at the Exchange Zone to increase beyond its capacity.* One of the most beneficial features of an Exchange Zone open to all at the same time is the fact that most donated items find homes with other patrons almost as quickly as they are brought in. The time-splitting proposal fails to account for the sheer volume of books and household items that are removed throughout the day. The proposal will most likely result in large piles of bags and boxes accumulating in the Exchange Zone during the drop-off period, which will be overwhelming and unsafe.

Conclusion:

The best way to avoid these issues while honoring the original mandate of the Exchange Zone would be to reopen the Zone as before, but with greater attention to the posted rules already in place, including the restrictions on parking. Anyone dropping off prohibited items or whose behavior is causing a nuisance could and should be asked to leave the premises, just as on any other City property. It should be noted that many of these issues were already known and discussed in 2012, when the rules were originally drafted with the input of the community (see attached article).

If the time has come to consider revising these rules or access, then this should be formally discussed and resolved in a forum to which all stakeholders have access before any changes are made.

Community Meeting on Rules for "Exchange Zone" at Recycling Center

Charles Burress,
Patch Staff

Posted Tue, Apr 3, 2012 at 1:13 am PT

Updated Tue, Apr 3, 2012 at 1:20 am PT

A city-sponsored community meeting will be held April 4 on draft rules for maintaining fairness and avoiding conflict at the "Exchange Zone" at El Cerrito's soon-to-open new , 7501 Schmidt Lane.

The city is seeking public feedback on the rules.

The Exchange Zone will incorporate the popular Book Exchange from the old recycling center, which saw numerous resident complaints about aggressive book-grabbers snatching up box-loads of used books for resale. Two men got into a physical altercation over the books, with one having his glasses knocked off, a month ago at the makeshift interim spot for the Book Exchange, according to recycling center employees.

Numerous other re-use items – such as tools, toys and CDs – will be added in the expanded Exchange Zone.

The proposed new protocol has one main rule: "Take no more than one file box of items per day."

Appearing in brackets after the rule is the further statement: "[Bulk users contact staff to access larger quantities.]"

In addition, there are seven "Rules of Conduct":

- Place accepted items in designated areas only

- Supervise your children and leave pets at home
- Parking in the facility is limited to 30 minutes
- Notify staff of issues and call 911 in an emergency
- Do not drop-off items that the City does not accept
- Do not take any items without City permission
- Do not get in or move any bins or equipment

The new rules are the latest and apparent final draft, following an earlier city draft discussed at a on the issue on Nov. 30.

"We will be providing an overview and taking comments at the community meeting next Wednesday, April 4th at 3 p.m.," said an email notice from city Environmental Analyst Garth Schultz, manager of the recycling center.

"I will take comments / answer questions for two weeks after this meeting via phone or email," he said. The final Exchange Zone rules will be posted prior to the ribbon-cutting and open house for the El Cerrito Recycling and Environmental Resource Center on Earth Day, Sunday, April 22, 4-6 p.m.

City officials had hoped to open the new Recycling Center in February, but a delay in obtaining a water hook-up has caused it to be postponed.

A draft poster with the new rules also lists items to be accepted and not accepted. The "Accepted" list says:

Small reusable items, including:

- Art Supplies
- Audio / Video Tapes
- Bicycle Parts
- Books
- CDs and DVDs
- Games
- Greeting Cards

- Hangers
- Hardware
- Magazines
- Records / LPs
- School Supplies
- Office Supplies
- Tools
- Toys

The "Not Accepted" section says:

- No inappropriate or unsafe items
- No hazardous or toxic substances or items
- El Cerrito provides no guarantee for any exchanged item
